HIGHLINE PRODUCTS

Highline's Polymer Concrete products exceed all industry standards. Additionally we utilize our patented NUTN21T® cover fastening system. This is the industry's only truly field replaceable system.

Highline Products is also your one-stop source for all your underground enclosures and pads. We make products such as:

- Fiberglass Single and Three Phase Transformer Box Pads and Flat Pads
- Switchgear Box Pads
- Primary Sectionalizing Cabinets
- HDPE (plastic) Pull/Splice Boxes
- Fiberglass Groundsleeves
- Poletop Extensions
- Polymer Concrete Flat Pads
- Secondary Pedestals

Visit our website, **www.highlineproducts.com** to see a complete product listing or to request a catalog.
