All values are design or typical values when measured under laboratory conditions, and GE makes no warranty or guarantee, expressed or implied that such performance will be obtained under end-use conditions.

*Rated life is given for programmed Rapid Start ballasts. Life ratings are based on engineering data with lamps cycled every 3 or 12 operating hours.

^T8 Starcoat® Ecolux® lamp initial and mean lumen ratings reflect light output at 95°F (35°C).
