

Decorator Devices TradeMaster® Decorator Combination Switches

15A, 120/277VAC

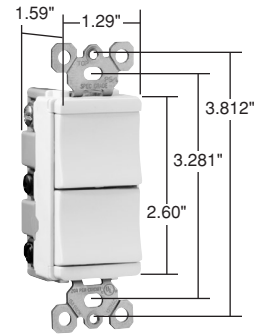

Pass & Seymour
legrand®

Decorator Devices

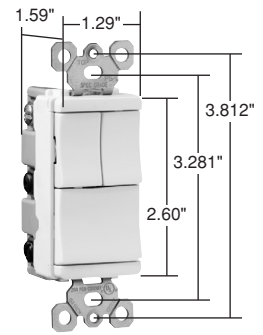

Features

- Impact-resistant face and body.
- Fully rounded back body protects wires from being damaged by sharp edges.
- Clear identification of circuits.
- External screw-pressure-plate back and side wired. Accepts #12 and #14 AWG.
- Ground screw position under the end of the strap minimizes the risk of contact.
- Full wrap around metal strap with lock-in tabs.
- Patented split circuit tab – easily accessible, and can be reinstalled without a tool.
- Unique “Up/Down” switches match the look and feel of standard Decorator switches.
- Largest 15 amp offering.
- All screws are tri-drive.
- Patented Snap-In Light Module (sold separately).
