

**SURE-LITES**

**EXIT**

***Advanced new features for your favorite  
Exit signs deliver great benefits:***

- **Reduced inventory for Distributors**
- **Time savings for Installers**
- **Energy savings for Customers**
- **Enhanced safety and reliability for Everyone**

**Sure-Lites Exit Signs**

LPX, CX and SLX Series

**COOPER** Lighting

Sure-Lites Exit signs, already the most trusted brand in the market, are now even better!

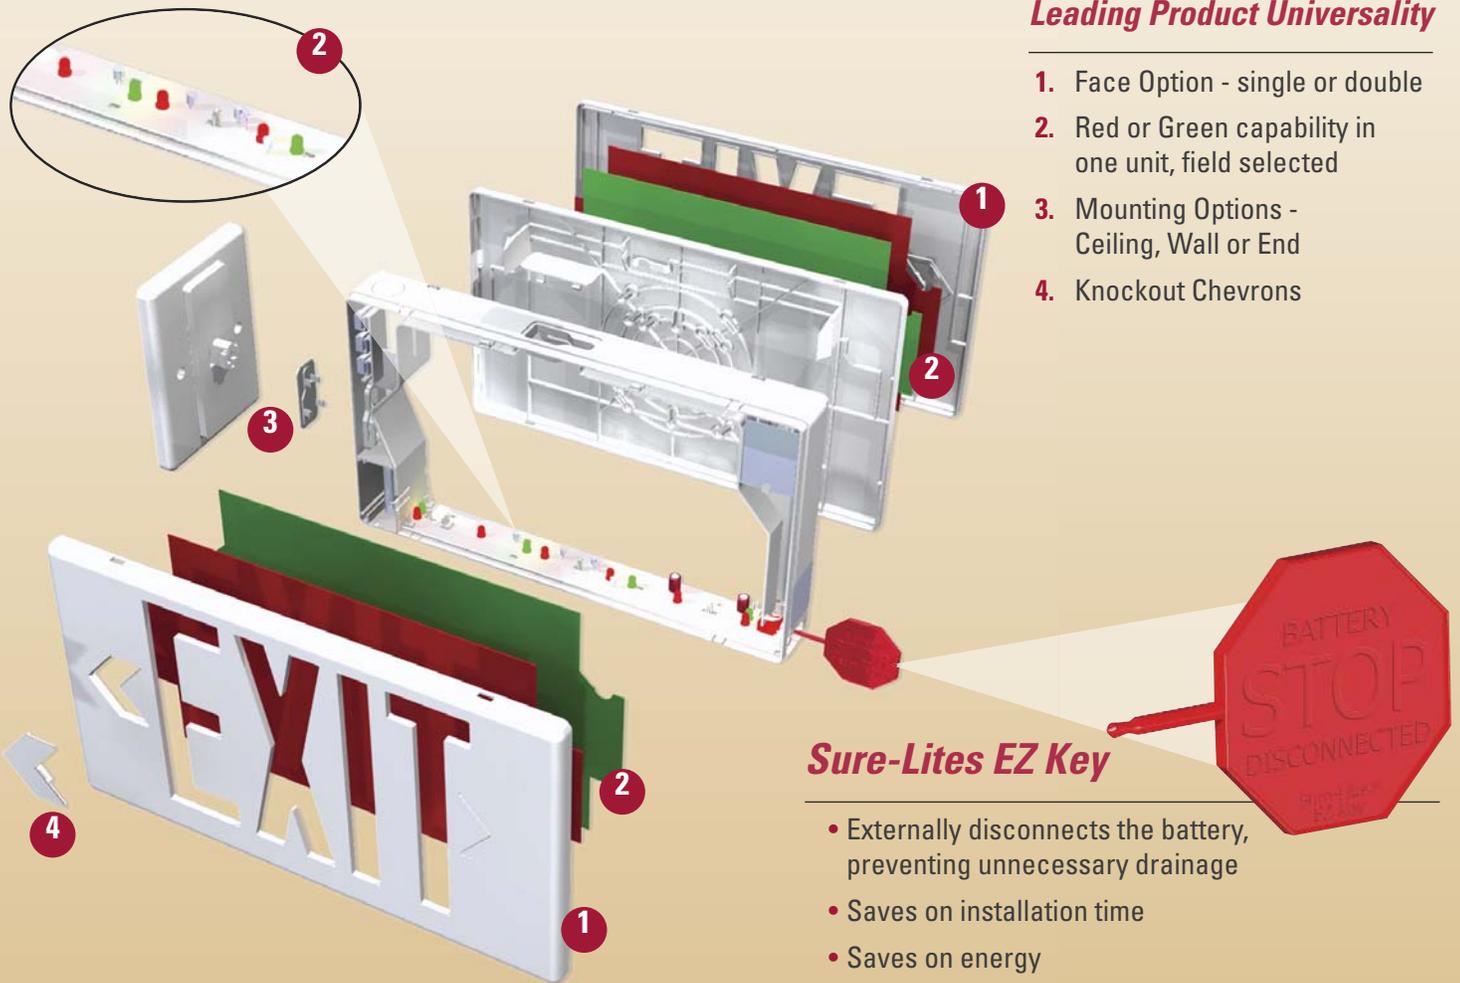

Industry-leading innovations make these the most universal, energy-friendly, easiest to stock and install, and safest Exits on the market.

### Five key improvements are:

- **Universal Letter Colors** - Products now come standard with Red and Green capability in the same unit! At no additional cost, the units will ship out set up for Red letters, but can easily be switched to Green in the field.
- **Sure-Lites EZ Key** - Patent-pending technology that allows Installers to externally control the battery connection. Better than line-latching, allows Installers to choose when the battery is connected so that it stays fresh longer.
- **Lowest Wattage / Fastest Recharge Time** - Our Exits use less than 1 watt on average, but still fully recharge within 24 hours...proving that you can deliver maximum safety and reliability without additional costs in energy.
- **Premier Electrical Features** - Sure-Lites products are designed with your safety in mind and advanced electrical features are standard with Self-Powered units. In addition we have improved the Sure-Lites Self-Diagnostics option and it now has the most robust self-testing and diagnostics capabilities available.
- **Signage Options** - Full range of LED signage options available for the first time on all three families.

### Standard Features Delivering Industry Leading Product Universality

1. Face Option - single or double
2. Red or Green capability in one unit, field selected
3. Mounting Options - Ceiling, Wall or End
4. Knockout Chevrons

### Sure-Lites EZ Key

- Externally disconnects the battery, preventing unnecessary drainage
- Saves on installation time
- Saves on energy
- Highly visible shape so you don't forget to remove
- Patent Pending

**SURE-LITES**

## CX Series

Die Cast Aluminum LED Exit for architectural applications.

### Ordering Information

SAMPLE NUMBER: CX71, CX61, CX6S, CX72WHSD90

#### CX

**Family**
