## Arc Flash Labels

Brady offers a variety of stock label formats. Basic Warning and Danger labels meet all OSHA and NFPA requirements, or for more complete accident prevention use Write-On or Preprinted Labels and fill in the equipment-specific hazard information.

### Basic Arc Flash Labels

- Meets current NEC labeling requirements
- Industrial-grade adhesive sticks permanently to a wide variety of surfaces
- Made of durable B-302 Polyester with overlaminate to withstand harsh environments

# Electrical Safety

## Arc Flash Labeling Requirements Introduced in the 2002 Edition of the National Electric Code

- EMPLOYERS, not manufacturers or installers, are responsible for complying with NEC labeling requirements
- Switchboards, panel boards, industrial control panels, meter socket enclosures and motor control centers must be field marked. Many companies are also marking conduits, disconnect switches and any other equipment where the risk of arc flash exists

- Any equipment installed after 2002 needs to be labeled. For equipment installed before 2002, labeling must be applied if any modifications or upgrades take place. Many employers are taking the safe, efficient approach of labeling all their electrical equipment, regardless of when it was installed

**May We Also Suggest...**

Arc Flash Training Aids  
see next page

### ► Arc Flash Labels with Preprinted Hazard Categories

- Labels come with the hazard category and PPE requirements preprinted
- Write-in areas for specifics such as max arc rating, flash protection boundary, etc.
- B-933 Vinyl can be written on with a pen or marker

7" x 5" Arc flash & shock hazard; table

## "Mr. Ouch" Transformer Markings ©NEMA

- National Electrical Manufacturers Association (NEMA) recommends use of "Mr. Ouch" labels on transformers located in public areas
- Meets both NEMA Standard and Underwriters Laboratory Performance Standard #969
- Made from B-927 tamper-resistant film to prevent defacing and vandalism
- Permanent pressure sensitive acrylic adhesive provides strong bond to steel and other clean, dry surfaces

4½" x 10¾" - 46349

4½" x 10¾" - 46348

8" x 4½" - 46346

8" x 4½" - 46347

"Mr. Ouch" Transformer Markings effectively warn children to stay away from pad mounted transformers.

## Conduit & Voltage Markers

Alert employees to potentially dangerous machinery or energized equipment using bright orange Conduit and Voltage Markers.

- Orange markers meet ASME (ANSI) Standard ZG3.22
- Broad selection of stock legends available
- Choose from three size/style options listed below
- Cards sold individually

Style A Card Styles (Markers Per Card)

- 1 Marker Per Card – (Style A) Marker Size – 2¼" x 9" Character Height – 1⅞"
- 4 Markers Per Card – (Style B) Marker Size – 1⅞" x 4⅞" Character Height – ⅞"
- 18 Markers Per Card – (Style C) Marker Size – ⅞" x 2¼" Character Height – ⅝"

## Electrical Safety

### All The GFCI Products are Manufactured to the Following Specs:

- Class "A" GFCI, 4-6mA trip level
- Open neutral position (as required by UL)
- Rating: 125V AC 60Hz 15A
- Surge suppression: 13 joules
- Insulation voltage: 1500 V RMS 1 minute
- Rainproof and impact resistant, suitable for indoor and outdoor use
- Auto reset after interruption of primary power source (manual reset required after ground fault occurrence)

#### 3-Wire Single Outlet GFCI Adaptor Plug

- UL, CUL approved
- 125V / 15A
- NEMA 5-15 P&R

**Catalog Number**  
51795

#### Triple Tap With GFCI Right Angle Plug

- UL, CUL approved
- 125V / 15A
- NEMA 5-15 P and (3) 5-15 R
- 2 ft., 12/3 AWG SJTW cord

**Catalog Number**  
51797

#### Triple Tap With In-Line GFCI

- UL, CUL approved
- 125V / 15A
- NEMA 5-15 P and (3) 5-15 R
- 3 ft., 12/3 AWG SJTW cord

**Catalog Number**  
51798

#### Right Angle GFCI Pigtail

- UL, CUL approved
- 125V / 15A
- NEMA 5-15 P&R
- 9 in., SJTW, 12/3 AWG cord

**Catalog Number**  
51796

#### Battery Cleaning & Charging Safety Kit

- Help minimize the risk of employee acid burns or shocks while charging batteries
- Fully equipped portable kit includes the following: one pair of large unsupported neoprene over natural rubber gloves; one pair of clear chemical goggles with indirect ventilation; one black rubber apron, 45" x 35"; one 8" synthetic brush for heavy duty scrubbing; two 9 7/8" x 14 1/2" chemical sorbent pads for small spills, wiping and clean up; one quart neutralizing and cleaning agent with trigger sprayer; one laminated instruction card to remind employees of safe practices and procedures

Description	Catalog Number
Battery cleaning & charging kit	BCK

## Electrical Safety

### ► Fuse Puller with Testlite

- Handy pocket-sized tool provides maximum safety when pulling cartridge fuses or checking electrical connections
- One end is a fuse puller, opposite end has test prods that fit both parallel and tandem slot receptacles
- Use on fuses up to 100A/250V. and 60A/600V.

### ► Safe-T-Grip® Fuse Pullers

- Provides maximum convenience when removing or replacing cartridge fuses
- Notched handles for no-slip grip
- Clearly marked amperage ranges
- Exceeds MIL specifications

Fuse Puller with Testlite (A) and Safe-T-Grip® Fuse Pullers (B, C)

Catalog Number	Description
65281	(A) 8" long
65279	(B) For 9/32"-1/2" diameter fuses: 5" long
65280	(C) For 0-100A, 250V & 600V: 7 1/2" long

### ► AC Sensor

- Selected by OSHA Electrical Technical Equipment Committee as the only instrument of its type for use by OSHA compliance officers to identify and cite electrical hazards of 50 volts or more
- Uses AAA battery

Catalog Number
65269

### ► Powr-Glo™ Pocket Tester

- Checks voltage from 70 to 440 AC without contact on electrical lines
- Unique sensor locates breaks along live, insulated wires and power cords; checks for energized AC circuits; distinguishes polarity; and detects leaks in ungrounded devices
- Powered by 1.5v alkaline batteries

Catalog Number
65271

### ► E-Z Check® Plus GFI Circuit Tester

- Checks for the following conditions: correct wiring, open ground, reverse polarity, open hot, open neutral, hot on neutral, hot and ground reversed with open hot, and ground fault interruption

Catalog Number
65273
