

Replacement Parts

Avante Direct - Indirect luminaire

Diffusers, recessed with center baskets Matte white overlay included. Replacement diffusers available by specifying D (for diffuser) then the width and product family, a length designation (if other than 4' long fixture) then the diffuser type.

Add ASY for asymmetric distribution or SMD for side mounted diffusers where applicable. 8' AVSM fixtures require (2) 4' long diffusers. Matte white overlay included with replacement diffuser assembly. Retain white, semi-circular light traps to snap on to the replacement diffuser (Except SBL versions). SBL versions are shipped with louvre specific light trap.
