KICHLER®

Wiscomb Park™ Outdoor Pendant 49505 WZC,
Lantern 49502 WZC, page 28

Welcome

Kichler offers a distinctive array of outdoor lighting solutions that reflect your individual personality, tastes and plans. We believe that lighting should exceed functionality and transform your spaces into stunning, inspiring settings. Lighting that energizes, as well as enhances your life.

Manningham™ Outdoor Ceiling 49389 OZ,
Lantern 49384 OZ, Post Lantern 49388 OZ, page 19

Sorel™ LED
Lantern 49118 AZLED, page 5

Buzzwords abound when it comes to the beauty of your home's exterior. Curb appeal. Architectural interest. And let's not forget "location, location, location." Because, after all, there are so many places you can put the style -- and so many ways it can make your home safer and more functional at night. Our distinctive offering illuminates all those important locations with coordinated ease: entryways, driveways, pathways, decks, dining areas and more. And with more light comes more reasons to head outside -- extending the function of your outdoor spaces well after dark.

Ascari™ Lantern 49366 AZ

LEGEND/SYMBOL GUIDE

- = This symbol indicates the product best suited for Indoor use with self-ballasted, compact fluorescent lamps sold through electrical distributors and lighting showrooms across the U.S.
- = This symbol indicates the product best suited for Outdoor use with self-ballasted, compact fluorescent lamps sold through electrical distributors and lighting showrooms across the U.S.
- (C) = Candelabra base lamp (E-12).
- (C/K) = Candelabra base lamp (E-12) or Krypton candelabra base lamp.
- (K) = Krypton candelabra base lamp.
- (M) = Medium base lamp (E-26).
- (MNCN) = Mini-can base halogen lamp.
- ✓ = Fixture requires supply wire rated for at least 75° C.
- ❖ = Fixture requires supply wire rated for at least 90° C.
- ☆ = When electrical connection is made inside the fixture, supply wire must be rated at least 75° C. When electrical connection is made in an outlet box, supply wire must be rated at least 60° C.
- ⓘ = Installation Instructions: Fixture must be supported independently of the outlet box unless the outlet box is UL listed for the weight to be supported. Consult a qualified electrician/installer. Required installation parts included.
- D = Diameter
- Ext. = Extension
- Fluor. = Fluorescent
- H = Height

- HCWO = Height from Center of Wall Opening
- Incand. = Incandescent
- L = Length
- Ovrl. H = Overall Height
- W = Width
- Extra Wire = Extra wire beyond chain or stems.
- Chain/Stem = Length of chain or stem supplied with fixture.
- = Title 24 is a document that contains the building codes for the state of California. All lighting fixtures in this catalog that comply with the August 1, 2009 revision of the California Title 24 standards are marked with the T24 logo. For more information, visit www.energy.ca.gov/title24.
- = ADA Compliant
- = DAMP
- = Dark Sky
- = Lamp Included
- = CFL Lamp Included
- = LED
- = WET
- = Line Extension
- ★ = Kichler® Lighting Products are not produced or associated with any Native American Indians, nor are they a Native American product or the product of a particular Indian, Indian tribe or Indian arts and crafts organization as defined by 25 U.S.C. §305 et. seq.

- Bulbs not included unless otherwise noted.
- Wattages stated are the maximum recommended, however, you may use lower wattage lamps to suit your lighting needs. Some recommended lamps are not available in the maximum allowable wattage.
- All electrical products are rated as 120-volt, AC unless otherwise noted.
- All electrical products are certified and listed to UL/CSA/ETL Standards for use in U.S.A. and Canada except where noted.
- Many long life tungsten halogen capsule lamps are now available as alternates to conventional incandescent light bulbs. The halogen capsule lamps may be used to replace any lamp of a higher wattage, but not to exceed the existing specified maximum wattage, i.e., 72W may replace a 75W.

- On some products, in order to accommodate higher than normal ceiling height, extra lead wire is supplied and specified. With additional sections of chain (not included), this allows an added measure of design flexibility.
- Finishes for fixtures installed outdoors are subject to change due to prolonged exposure to sunlight, airborne pollutants and other forms of weathering.
- To serve you better, Kichler® Lighting reserves the right to make improvements to the products in this catalog. Therefore, some products may change during the life of the catalog and the product information contained in this catalog may also have changed.
- All products featured in the outdoor section are certified and listed to UL/CSA standards for wet location except where noted.

Kichler Lighting has been a proud sponsor of the Energy Star program since 2002. In conjunction with the newly combined Department of Energy and Environmental Protection Agency's Energy Star revision 1.1 we are making improvements to our assortment of qualified

products. As they are qualified, Energy Star will post them to their website. Please consult the Energy Star website at www.energystar.gov for our current assortment of qualified products, in addition to future Kichler catalogs identifying the Energy Star logo.

We go to great lengths to assure the metal and glass finishes shown in the catalog match the actual products, but printing variations and variations in chemical finishes and the nature of hand applied finishing will cause some differences between the printed images and actual product, and from one product to another.

We use only non-ferrous materials on the exterior parts of our outdoor lantern products, and use the best available weather-resistant finishes. However, due to some extreme environmental conditions such as acid rain, salt air and ultraviolet exposure, we cannot guarantee our exterior finishes, with the exception of our LifeBrite® lanterns. Due to environmental conditions such as soil acidity, concrete alkalinity and other corrosive soil and air conditions, we cannot guarantee our direct burial posts.
