

**66 WIRING BLOCK, 50 PAIR**

- Wall mountable
- Made of high impact flame retardant material UL 94V-0

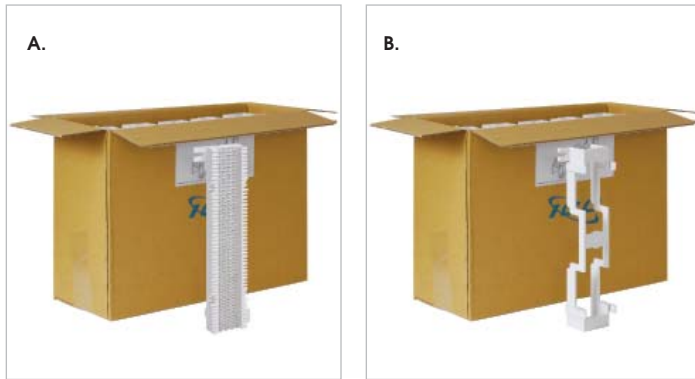

PART NO.	DESCRIPTION
A. IC066NB050	66 wiring block

**MOUNTING BRACKETS**

- Snaps on the rear of 66 wiring blocks

PART NO.	DESCRIPTION
----------	-------------

B. ICMB89B0WH	89B bracket, open rear, 10" H x 3.30" W x 1.90" D
C. ICMB89D0WH	89D bracket, open front, 10" H x 3.30" W x 1.90" D
D. ICMB89U0WH	89U bracket, open front, 10" H x 3.30" W x 2.35" D

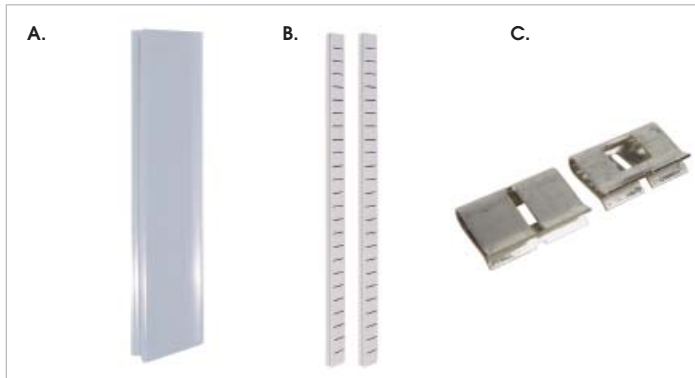

**66 WIRING BLOCK AND MOUNTING BRACKET VALUEPACKS**

- Packaged in a resealable box for easy storage
- Reduces packaging waste
- 25 pieces per box

PART NO.	DESCRIPTION
----------	-------------

A. IC066NBC50	66 wiring block, <b>25 pcs.</b>
B. ICMB89BCWH	89B mounting bracket, <b>25 pcs.</b>

**66 WIRING BLOCK COVER, LABELING STRIPS AND BRIDGING CLIPS**

PART NO.	DESCRIPTION
----------	-------------

A. IC066CV050	Wiring block cover
---------------	--------------------

- Protects terminated wires from dust and debris

B. IC066LS050	Labeling strips, <b>10 pcs.</b>
---------------	---------------------------------

- Use a standard labeler or pen

C. IC066BRCLP	Bridging clips, <b>100 pcs.</b>
---------------	---------------------------------

- Electrically interconnect adjacent terminals within the same row

**66 WIRING BLOCK SYSTEM**

89B mounting bracket

Labeling strips

Terminals are designed for repeated termination

Terminate with solid insulated or stripped cable (22~26 AWG)

Bridging clips electrically interconnect adjacent terminals within the same row
