

## Type CT\_SSB

### UNIRAP™

The Stainless Steel Barb cable ties (Type CT\_SSB) are Nylon 6/6 with self locking stainless steel barbs and have an oval low profile head. There are no sharp edges which prevents damaged cables. CT\_SSB ties have a curved tip for faster initial threading to help speed installation and a no slip tail for easy grip during tensioning. CT\_SSB ties are currently available in Natural and UV Black. Cable ties are cULus listed for Wiring Positioning Devices

### Features & Benefits

- Nylon 6/6 Standard
- Self-locking stainless steel barb
- Available in Black and Natural
- Maximum strength and adjustability for versatility
- Chemically resistant to solvents, oils, grease, and diluted acids
- Rounded edges and bent tail for easy installation
- Safe for air handling spaces
