

# **Decora Plus™ Duplex Receptacles**

Heavy-Duty Industrial Specification Grade Tamper-Resistant 15 A & 20 A, 125 V

Brass self-grounding clip is permanently staked on for secure and reliable performance

Wide receptacle face shelf — provides exceptional support to the wallplate or box cover

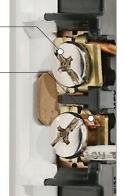

Patented tamper-resistant safety shutter mechanism prevents insertion of foreign objects; provides compliance with National Electrical Code Article 406 for tamper-resistant receptacles

Body and face made of impactresistant advanced engineering polymer for extreme durability

"Universal" strap design provides ample support for electrical box installations, and includes multiple "break-off" tabs to eliminate interference with virtually any cover or wallplate Ground terminal clamp allows for both back and side wiring

Oversized brass terminal screw heads provide superior clamping force and electrical conductivity

External wiring — clamps allow for back or side wiring, and provide visual verification of termination and a faster, easier installation

Molded in ribs prevent terminal screws from making contact with wall box

## **Common Applications:**

- Educational Facilities
- Office Environments
- Commercial/Retail Facilities
- Hospitality
- Day Care Centers
