Solutions for Furniture

FURNITURE

for a connected world.

Everyone wants easy, accessible ways to charge their devices because they're now an extension of us. The modern world demands power sources wherever we can put them. Beautiful ones are even better. Add power and charging directly to your furniture giving people what they want: a stylish, simple way to stay connected.

9 OUT OF 10 people are afraid to lose phone power¹

88% of people with smartphones take action to extend the battery life of their devices¹
