Eaton's Wiring Devices

Metallic finish devices and wallplates

Eaton's wiring devices in metallic finish are the perfect way to add a sophisticated accent to your home. Designed to match the style of contemporary hardware and appliances, these devices and wallplates add a touch of elegance to any room. Choose from Oil Rubbed Bronze or Silver Granite finish.

Design features

- Match your wiring devices' finish to that of other features in your home including door and cabinet hardware, lighting and plumbing fixtures and appliances
- Add a full suite of metallic finished products to your home including dimmers, USB receptacles, GFCIs and more
- Matching screwless wallplates are available to provide a clean, seamless look
- Receptacles have tamper resistant shutters to provide compliance with 2014 NEC® Article 406.12 that states that all 15A and 20A, 125V receptacles installed in dwelling units must be tamper resistant

Metallic finish devices and wallplates
