Commercial Indoor Lighting Portfolio

LITHONIA LIGHTING®

*Acuity*Brands®

Everyday Lighting Done Right™

Contractor Select™ products are simply our most popular products for the most common projects—perfect for those everyday lighting jobs. They are readily available and have the right combination of features, performance and efficiency to get the job done right.

The nLight® platform of products is the go-to digital lighting controls platform for specifiers, contractors, and building owners. With both wired and wireless solutions you can easily connect luminaires, sensors, and other control devices to create a digital network that is easy to specify, install and own.

Coming Summer 2020

Designed with contractors in mind, the Sensor Switch® JOT enabled wireless solution offers a straightforward approach to the installation and pairing of lighting fixtures and controls. Absolutely no 0-10V control wires and no mobile apps are needed with JOT enabled products, allowing for lightning speed installation right out of the box.

From everyday jobs to specification opportunities, Lithonia Lighting® has you covered across multiple applications!
