

## RECESSED ACCESSORIES

# Hole Cutter

Nora Lighting's Hole Cutter is a versatile tool that every installer and contractor should own. Fully adjustable to fit virtually every recessed requirement, the hole cutter can reduce your cutting time in half and save you money.

With the hole cutter, there is no mess to clean up since dust and shavings are caught in the basket. There is also no need to use oversized trim rings to hide mistakes, you get a perfect round hole every time.

- Can cut drywall, plywood, plaster and acrylic sheeting up to 7/8" (2.3cm) thick. 1-3/4" (4.5cm) thick if opposite side can also be drilled.
- It can also be used for cutting aluminum, brass, and metal sheets up to 1/16" (1.00cm) thick.
- The patented product is equipped with a transparent cowl which prevents chips from injuring the user.
- Can work with either variable speed hand drills or drill press.

**ALL REPLACEMENT PARTS ARE AVAILABLE**
