### **HUBBELL SystemOne**

Hubbell's SystemOne Recessed Fire-Rated Poke-Throughs enhance functionality with increased power, data and audio visual capacity. Safety is improved with recessed connectivity, a low profile flange, and egress doors that hinge inwards. Building value is enhanced with plated finishes to match and blend with modern building décor.

Architects, engineers and building owners are challenged by their clients to specify products that enhance building functionality, safety and value. Hubbell's SystemOne recessed product line is designed with those objectives in mind.

Recessed 6 and 8 Inch Fire-Rated Poke-Throughs

With HUBBELL, we have you covered from start to finish and everything in between

### Hubbell Poke-Through Selection Recommendations:

Select 6 Inch product line for recessed applications requiring basic power, data and audio visual connections

Select 8 Inch product line for recessed applications requiring multiple power, data and multiple audio visual connection points

See recommended FRPT size chart below.

### Increase flexibility with Hubbell's Video Extenders

Hubbell's HDMI High-Definition 110 Video Extender transmits 1080p signals over two solid unshielded twisted-pair (UTP) cables, allowing video display devices to be located up to 147 feet away from a digital source. Ideal for projectors, smartboards, HDTVs, flat screens and monitors and other video display devices.

### STEP 1: Select Poke Through

Recessed Poke-Through Ordering, Easy as 1, 2, 3.

#### 8 Inch Recessed Access

Center Sub-Plates with Outer Sub-plates

# STEP 3: Select Cover Finishes

Black Powder Coat

Bronze Plated Finish Brushed Brass Plated Satin Nickel Plated

Brushed Aluminum

#### **Recommended Fire-Rated Poke-Through Size Chart**

To avoid over or under utilizing the capacity of the fire-rated poke-through, first determine how many gangs of power, data and AV are required for the application. The matrix below will guide you to the correct poke-through size.

		Recommended Fire-Rated Poke-Through Size					
S	5	8"	Exceeds capacity				
NG	4	8"	8" of Hubbell recessed				
GA	3	6"	8"	8" poke-throughs			
POWER GANGS	2	6"	6"	8"	8"		
NO NO	1	6"	6"	6"	8"	8"	
	0	_	6"	6"	8"	8"	8"
		0	1	2	3	4	5
		DATA AND AV GANGS					

Example: 2 gangs of power, 1 gang of AV & 1 gang of data is required. Find the intersection for 2 power gangs with 2 data/AV gangs. The highlighted intersection defines the recommended FRPT.

### **Benefits and Enhancements**

#### Safety

- Low profile flange, 0.150", is better than ADA requirements
- · Hide-away egress doors fold under cover while in use
- 180° opening of main door

#### Functionality

- Cables and connections are protected by recessed functionality
- Open architecture sub-plate design
- Dirt ingress reduced by egress door brushes
- Exceeds UL 514A Scrub Requirements with ScrubShield technology
- Easy selection with common flange for all floor types

#### Value

- Enhance building décor with numerous finishes
- Increase durability and longevity with cast aluminum covers

### **6 Inch Sub-Plate Features**

#### 60/40 Device Plate Combination

- Allows for a wide array of data and audio visual connectivity with a 20A duplex receptacle
- The two plates can be independently wired

### 50/50 Device Plate Combination

8 Inch Sub-Plate Features

visual jacks

Crestron<sup>®</sup>, etc.

**Center Plate Configurations** 

**Outer Plate Configurations** 

or independently

**On-line Resources** 

NEMA spacing between devices All plates can be independently wired

- Accommodates up to two 20A duplex receptacles with eight data or audio visual connections
- The two plates can be independently wired

### Increase protection for high end electronics with Hubbell Surge Receptacles

- 15A and 20A versions
- Meets UL 1449 3rd edition and UL 498
- Green power indication light
- Optional audible alarm

Allows for three duplex receptacles or up to 18 data and or audio

- Multiple 20A duplex receptacles can be wired to a common circuit
- BIM models, customer drawings and technical specifications are available on www.hubbell-wiring.com.

Available in pre-wired 20A duplex receptacles or data/AV plates

Open architecture sub-plate design accommodates FSR<sup>®</sup>, Extron<sup>®</sup>

### Increase installation efficiency with Hubbell **Pre-Pour Sleeves**

- Reduce on-site time and labor by removing the need for floor x-raying or core-hole drilling
- Rigid multi-piece plastic construction
- 6" or 8" outside diameter
- Scaled divisions on mounting legs for easy leveling

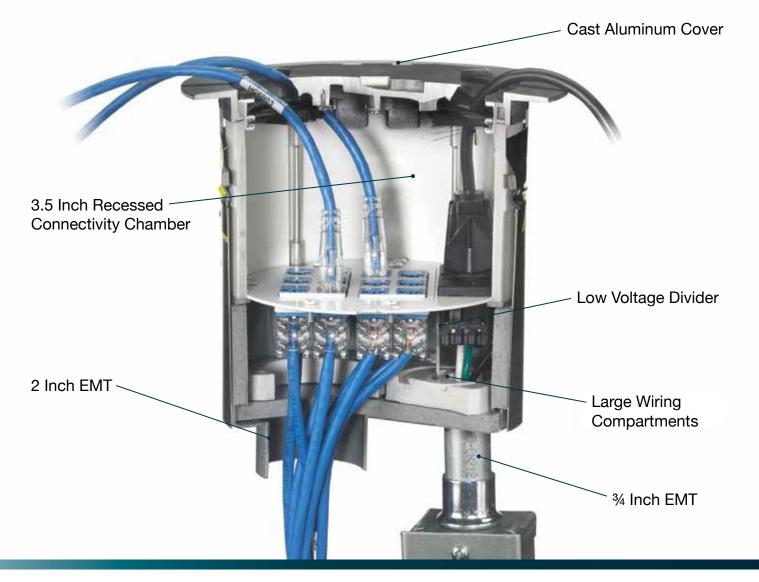

# 6 Inch Fire-Rated Poke-Through Fittings

**HUBBELL SystemOne Recessed Systems** 

- Step down installation
- Maintains concrete floor fire rating up to two hours
- Junction box standard
- Includes (1) 2 inch data/AV EMT and (1) ¾ inch power EMT
- For use in the City of Chicago, junction box NOT included

### HUBBELL SystemOne Recessed 6 and 8 Inch Fire-Rated Poke-Throughs

### Hubbell Installation Efficiency Product Solutions

#### Pre-Wired Raceway

Available in aluminum, steel and nonmetallic versions, Hubbell's pre-wired raceway systems will keep your projects on schedule, reduce on-site labor and waste. Our local sales team is available to support your efforts.

#### **Pre-Fab Solutions**

Pre-fab solutions can reduce projects by as much as 30% while reducing on-site waste. The Rough in Ready Pre-Fab solution offered by Hubbell provides a variety of options from innovative bracket to cable-ready assemblies.

### Modular Wiring

Hubbell CONNEXION Zone Distribution System is a factory assembled modular plug-n-play system that delivers power and data to the workstation in raised floor installations.

### Wire Basket Tray System

Hubbell, a recognized leader in power, data, audio video delivery systems, has expanded its offering to include an innovative, flexible and field-configurable Wire Basket Tray System. Hubbell Wire Basket expands the vast array of Floor Boxes, Fire-Rated Poke-Throughs, Surface Raceway Systems, and Ladder Rack Systems.

### Literature Support

Hubbell offers an extensive literature library for product support. Downloadable PDFs are available online at www.hubbell-wiring.com under the Media tab.
