CEILING

# BATH

Between makeup application and shaving, it's important to have adequate light at the mirror above the sinks. BATH lighting will do just that, and the different styles will allow for easy coordination with your bathroom décor.

# ENERGY SAVING

# RECESSED AND FANS

Planning your lighting needs for a comfortable environment, RECESSED AND FANS provide great functional lighting and allow ample air movement in any space.

# 6" AIR SEAL IC/NON-IC HOUSINGS

## PS1

90 watt/150 watt

Depth 7 1/2"  
 Length 10 1/2"  
 Width 6 1/2"  
 Ceiling Open 6 1/2"

- For new construction
- Air Seal
- Type-IC or non-IC
- Inter-locking bar hangers with pre-positioned nails

## PS1NSP

Same features as **PS1**, except provided without a socket plate. For use in installations where TRB style fully enclosed eyeball or IC shower trims are used exclusively. Eliminates the need for the installer to remove the socket plate.

## PS1NSPQC

Same as **PS1NSP**, except provided with pre-installed quick-connect wire terminals.

## PS1CP

### Contractor Pack

Includes: Four **PS1** housings and four **TRM30W** white baffle trims

## UL/CUL Listed Convertible IC/non-IC

### Type-IC

Suitable for direct contact with thermal insulation.  
 Up to 90 watt maximum lamp when used with **TRB30** trim

### Non-IC

For use in non-insulated areas, or when insulation is kept at least 3" away.  
 Up to 150 watt maximum lamp.

Higher wattages for non-insulated areas are revealed by peeling off one label.

Large junction box provides four Romex and five conduit knockouts. Listed for through-branch circuit conductors. Cover is hinged to prevent accidental loss.

## Compatible with all Thomas 6" trims.

Adjustable socket plate provides consistent lamp placement when used with open or baffle trims.

The socket plate is removable for use with fully enclosed, eyeball, or IC shower trims. (Specify **PS1NSP** for optional version provided without the socket plate.)

Includes die-cut plaster shield to protect inside of housing during construction.

Some luminaires use fluorescent lamps that contain small amounts of mercury. Such lamps are labeled "Contains Mercury" and/or with the symbol "Hg." Lamps that contain mercury must be disposed of in accordance with local requirements. Information regarding lamp recycling and disposal can be found at [www.lamprecycle.org](http://www.lamprecycle.org).
