RICO ESPINET

Rico Espinet is known for creating striking, poetic environments that combine clean lines and simple forms. Reflecting his training as a sculptor and a preoccupation with personal interiors, Rico's design sensibility is grounded in materials and values that endure. He mixes furnishings, lighting, accessories, industrial objects and fine art to create comfortable yet extraordinary spaces. His popular Robert Abbey Lighting collections feature warm, often atmospheric light inspired by the beauty of everyday objects.

MARY MCDONALD

For the past decade McDonald's gorgeous interiors have captivated the design community and have been featured in major national publications including The New York Times, The Wall Street Journal, Town & Country, Veranda, House Beautiful, Elle Decor, and International Vogue 's and shelter magazines.

McDonald's style combines old school elegance with a modern sensibility resulting in a fearless, joyful exuberance. Her ability to combine bold patterns, Chinoiserie, and classic antiques with contemporary lines and impeccable sense of color has established her signature style.

Her first book, MARY MCDONALD: INTERIORS, The Allure of Style was published by Rizzoli in October of 2010 and is currently in its fourth printing. Written with wit and charm, the book showcases the sophisticated and ravishing interiors, thematically divided, with over 250 sumptuous photographs. The book is promoted and sold throughout the world.

Mary is currently working on her second book due in 2013 and is in production on the second season of her hit Bravo television show "Million Dollar Decorator." Her first fabric collection for F. Schumacher is due to launch early next year as well as an extensive rug line for Patterson Flynn and Martin to follow.
