ADESSO®

Turning on the lights is more than the flick of a switch: it's the ability to penetrate the darkness. Harness the candles. Peel away the darkness of the human imagination and scratch the spark of ingenuity and inspiration. Adesso salutes the idea smithies. The designers and the technicians. The dream mechanics who thread light beams into hope and fascination. Here's to the daydreamers, the luminaries who stare at walls until form and function come crawling out.

Adesso salutes those who understand that without darkness, light is timid and shallow. It takes shadow to make light bold, courageous and fascinating. Just as different colors come together to create white light, Adesso understands that Quality, Style and Value are not options but essential elements needed to create the right light.

Never forget that by giving just one person a light, you can change their life... and when you do it right, it feels like you light up the world.

MID-CENTURY MODERN

The perfect combination of industrial and retro, the mid-century modern design takes geometric shapes and antique materials and creates a striking piece of functional home décor. With features including antique brass, abstract shade shapes, marble bases, alabaster glass and wood accents, there is no limit to the contemporary flare that Adesso adds into the classic mid-century style.

LED

Adesso was an LED pioneer in the USA, shipping our 1st LED products in 2003. This long standing experience leads Adesso to a high degree of expertise in the craft. The nature of LED allows us to create sleek, intricate designs that would not be feasible with a CFL or incandescent. Aside from distinguished design, LED provides various benefits to the consumer including energy efficiency, longevity, durability, safety, and light quality. Adesso started off with a focus in task LED lighting but is quickly growing our expertise to other areas of lighting such as LED torchieres, decorative LED lighting and LED pendants.

Today, LEDs are the fastest growing category in lighting and we continue to provide you with the latest designs and developments in this exciting light source.

LED technology is constantly advancing and Adesso is there to source the latest developments. We offer high performance LEDs that deliver more lumens per watt in more natural color temperatures to suit your task or mood.

MERCURY GLASS

Adesso re-defines contemporary style with a unique application of mercury glass. While mercury glass is most often used as a lamp base, we have found that the beauty of this material really reveals itself when used as a lamp shade. Using sleek lines and elegant structures, Adesso creates an intriguing contrast to the warm luster and industrial feel of the mercury glass. This style is also multi-functional, providing the user with a variety of looks to choose from. Unlit, the glass looks like metal, and when lit with the diffuser placed inside, the shade takes on a much warmer, liquid form. Removing the diffuser and using an antique bulb, you can create a rustic, industrial style.

TALL FLOOR LAMPS

With simplicity and style, Adesso's tall floor lamps produce ambient lighting to light up an entire room. With Adesso's patented 300W sockets, consisting of two 150 Watt sockets, provide not two times the lumen output as the typical single socket, but **THREE TIMES** the lumen output. Incorporating adjustability, durability, combo reading lights, and dimming capabilities, the user has everything they need to light up a living room, dining room or bedroom in style.

FOLDING SCREENS

By taking Adesso's knowledge of textures and fabrics, we have been able to create a stylish way to divide up a small space or create an area of privacy in a room. We provide our customer with a high quality, functional and aesthetically pleasing product in this category with beautiful textured fabric panels. While it is typically difficult to find high designs at an affordable price in this category, Adesso delivers just that.
