CAPITAL LIGHTING FIXTURE COMPANY

2012 | Catalog

Thank you for your interest in the 2012 Capital Lighting collection of fine lighting fixtures and mirrors.

In this latest catalog, you will find a new traditional classic: Palazzo, a collection featuring a rich silver and gold leaf finish and adorned with antiqued mirrors. In contrast to our Palazzo Collection, Steele is a clean and simple transitional collection available in both Burnished Bronze and Brushed Nickel finishes. In addition to these two styles, you'll find more new chandelier, vanity and outdoor lantern collections along with fashionable new mirrors.

Also new for 2012, we have reorganized our builder products around the popular Burnished Bronze and Nickel finishes. The result is a simpler approach to product selection for you.

Quality – in design, manufacturing, delivery and customer service – is always a priority at Capital Lighting. We are confident that you will be pleased with your Capital experience.

RESPECT THE NIGHT By casting light downward toward the intended pathway or doorway, these specially designed lighting fixtures help reduce light pollution, sky glow and glare. So stars in the night sky are easier to see.

ENERGY SAVER lighting is illuminated with CFL bulbs which use 75 percent less energy and last about 10 times longer than incandescent bulbs.

Capital Lighting is proud to offer ENERGY STAR® qualified™ lighting fixtures.

ENERGY STAR® lighting saves money and reduces pollution by decreasing the amount of electricity needed to light our homes.

Every light bulb or fixture changed to an ENERGY STAR® model is a step in the direction of preserving energy resources and the environment.
