LEADERS IN RESIDENTIAL & MULTI-FAMILY ALARM TECHNOLOGY

Onelink™

Suite of Connected Products

In 2015, First Alert will roll out the new Onelink™ suite of connected products that cover categories including home environment monitoring, fitness, safety and security. Onelink™ transcends current perceptions of safety products to usher in a new era of accessibility and customization.

From a watch that acts as a personal wellness and protection device to an environment sensor, smoke and carbon monoxide alarm, safe and tracking device that can talk to your smartphone, First Alert is bridging the gap between connected home products and mobile security with a new series of smart devices aimed at simplifying and enhancing people's comfort, safety and peace of mind. Products in the new First Alert Onelink™ collection operate exclusively with iOS® devices, and are designed to seamlessly integrate with one another to create a comprehensive smart home that can be controlled and monitored from virtually anywhere by a user's mobile device.

Fitness/SecurityWatch

Connected | Activity | Sleep | Personal Security | Alarms & Reminders | Free App

This Bluetooth-enabled watch is ready to change your life. Tracks to your custom health/fitness goals, automatically detects activity, continuously monitors heart rate with no chest strap, records workout sessions, automatically measures sleep (REM, light & deep) and sends safety alerts with GPS location. Flaunting a gorilla glass, vibrant OLED display with easy, touch-swipe navigation, this watch wakes simply by raising the wrist. It's IP67 waterproof and features interchangeable bands to suit your active lifestyle.

SKU #'s:
WATCH-500SSBS (Black Band)
WATCH-500SSWS (White Band)

Tracker

Connected | Location | Motion Sensor | Notifications | Free App

Help keep your valuable tools and personal items safe and within reach with Onelink Tracker. Bluetooth/iBeacon technology means that when tagged items are in motion or out of range, your Onelink Tracker will send instant notifications, alarms and offer a 911-call option from your connected smartphone or tablet. The mounting strap accessory conveniently attaches the device to handles, valuables and equipment. Using the free app, set safes zones to track or locate your personal property.

SKU #: TRACKER-500

Wi-Fi Environment Monitor

Connected | Low Level CO Monitor | Room Temperature | Humidity | Free App

Detect carbon monoxide (CO) in your home or office with this low-level CO environment monitor. Built-in temperature and humidity sensors with a multi-color LED ring to indicate immediate temperature shifts add an extra level of security. Receive notifications or check changes in the room temperature, humidity and carbon monoxide levels from your smartphone or tablet
(Note: Low Level CO Monitor. Not a UL 2034 CO Alarm)

SKU #: GLOCO-500

First Alert®

Onelink™
Wi-Fi Smoke & Carbon Monoxide Alarm

SKU #'s:
AC10-500B (120V Hardwired w/ Battery backup)
DC10-500B (Battery Powered)

| Connected | Smoke & Fire | Carbon Monoxide | Voice w/ Location | Free App | AC/DC |

A 2-in-1 combination Smoke and Carbon Monoxide alarm equipped with a 10 Year battery that lasts the life of the alarm. No more annoying low battery chirps in the middle of the night. No wobbling on a ladder to replace batteries. Premium protection that just works.

Features
- Smoke & CO Combo Alarm
- Two versions: Hardwired and battery operated
- Wi-Fi and Bluetooth connectivity
- 10 Year battery or battery backup
- Free App to stay connected with alarms
- Voice with location
- Interconnects with all BRK/First Alert hardwired alarms

Wi-Fi Safe

| Connected | Fireproof | Waterproof | 5-Year Warranty | Free App | Bolt-Down Security |

Easily lock and unlock your Wi-Fi connected and Bluetooth-enabled safe right from your smartphone or tablet without the need for passcodes or keys. Customize settings, add personalized notifications, and grant remote access to friends and family, as well as monitor their activity, by conveniently connecting to the mobile app. Sleek new design with aluminum alloy handle and LED light that signals when safe is unlocked, locked or tampered with. No key pad and no dials = no forgotten passcodes. Your phone is your key. And never get locked out with emergency USB power boost backup when batteries have lost power.

SKU #'s:
2096BD-500 (2.1 cu ft)
2092BD-500 (1.3 cu. ft)

BRK®
THE PROFESSIONAL STANDARD

WIRELESS INTERCONNECT

Cost Effective Retrofit & Remodel Solutions

- Wireless interconnect technology eliminates the need to pull wires through existing walls
- Save an average of between $150 - $200** per alarm when compared to retrofitting hardwired alarms in existing walls or ceilings
- Faster job turnaround - 4X more jobs completed increases your profits
- Photoelectric sensing technology saves maintenance calls with fewer nuisance alarms

Putting the Innovation in Renovation

When it comes to alarm renovation and retrofit projects, choices have been limited. Installing battery operated alarms and sacrificing interconnectability or investing in the time and labor to retrofit hardwired alarms have been the only options available.* Until Now! BRK Wireless Interconnect eliminates the need to pull wires through existing walls saving time, money and labor.

No matter what your renovation project, BRK Wireless Interconnect provides a cost effective solution:

Home Addition Projects:
Using the BRK Wireless Interconnect hardwired "Bridge Unit" (SA520B), simply replace one hardwired alarm in the existing section and add one to the new section. Wireless technology saves time, material and labor to connect to the existing alarm circuit. Now add standard BRK hardwired alarms as required in the new section and other BRK Wireless Interconnect battery alarms in the old section to complete the alarm safety system and bring entire home up to code. All alarms, hardwired and battery, existing and new are now interconnected.

Retrofit Projects:
Property Owners, Facility Managers and Electrical Contractors can all benefit from installing BRK Wireless Interconnect alarms for existing retrofit projects. Saving $150 - $200** per alarm and increasing job turnaround 4X are key reasons to consider BRK Wireless Interconnect alarms for all of your renovation projects.

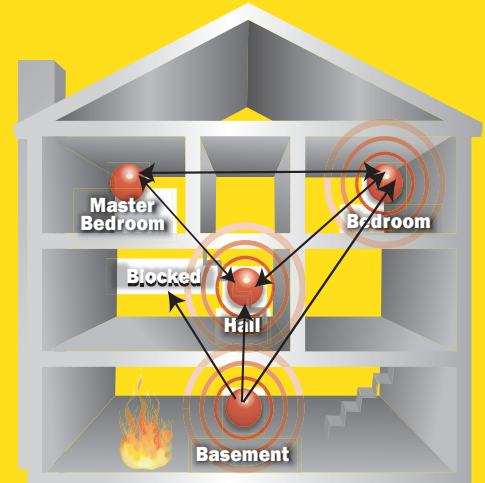

Mesh Network Communication

Mesh Network Communication

BRK Wireless Interconnect alarms operate on a "mesh network"; a 2-way communication format that sends, receives and then re-sends the alarm signals. If the initiating alarm signal is blocked from reaching one of the alarms, the mesh network communication reroutes and re-sends the signal via the other alarms as shown in the illustration. With competitive one-way wireless communication, only the initiating alarm sends a signal which may never be received, leaving the blocked alarm deadly silent.

Competitive Wireless One-Way Communication

*Local codes permitting
**Note: Based on average retrofitting costs of time, material and labor to connect to existing alarm circuit, drywall repairs, painting, etc. Special cases that require conduit, wire mold, concrete drilling, etc. would add additional costs and increase savings.
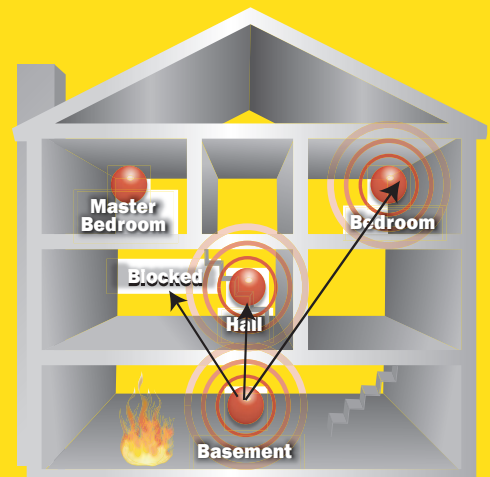

This product is intended for non-professional do it yourself installation. If you would like information about a professionally installed and monitored system, please contact First Alert Professional at 1-800-921-6025. First Alert Professional is not affiliated with BRK Brands, Inc.

4

Innovative Features

WIRELESS INTERCONNECT
Reliable and secure radio frequency communication between alarms. 915 MHz frequency with 65,000 security codes and 3 channel frequency hopping.

MESH NETWORK COMMUNICATION
2-way communication format that sends, receives and re-sends the alarm signals providing a more reliable network.

VOICE WARNING WITH LOCATION
Exclusive! Programmable with up to 11 locations (ex. "basement"). When alarm sounds (if programmed for basement), it will say, "Warning, Evacuate, Smoke in Basement". If other BRK Wireless Interconnect Voice Warning alarms are located throughout the house they will also signal, "Warning, Evacuate, Smoke in Basement".

PHOTOELECTRIC TECHNOLOGY
Helps reduce nuisance alarms, especially around kitchens and baths which are more prone to nuisance alarms from cooking smoke and shower steam.

OPTIPATH 360 TECHNOLOGY™
Patented technology provides 360 degrees of direct access to smoke sensor.

SPREAD SPECTRUM HORN TONE
Lower and varying horn frequency makes it easier for elderly with normal age related hearing loss to hear horn. Sweeps through the 2200 - 3400 Hz range.

LATCHING FEATURES
Alarm Latch: Easily identifies initiating alarm even after alarm condition has subsided. **Low Battery Latch:** Identifies which unit is in low battery condition. Both features activate for up to 15 minutes. (excludes SA520B).

SILENCE FEATURE
Silences unwanted alarms. Two silence features - Temporarily silence low battery chirp for up to 8 hours before replacing battery or silence unwanted alarm for several minutes.

SCO500B - Battery Smoke/CO Combo

WIRELESS PHOTOELECTRIC & ELECTROCHEMICAL CO BATTERY POWERED

• Easily add Smoke/CO Combo alarms outside bedrooms and on every level of the home to create a wireless safety network.

Exclusive! Voice Warning! WITH LOCATION™

7 YEAR LIMITED WARRANTY · FC FEDERAL COMMUNICATIONS COMMISSION · USA · | P PHOTOELECTRIC | Listed to UL 217 & UL 2034 Standards

SA511B - Battery Smoke Alarm

WIRELESS PHOTOELECTRIC BATTERY POWERED

• Easily add smoke alarms to every bedroom to create a wireless safety network.

Exclusive! Voice Warning! WITH LOCATION™

10 YEAR LIMITED WARRANTY · FC FEDERAL COMMUNICATIONS COMMISSION · USA · | P PHOTOELECTRIC | Listed to UL 217 Standard

SA520B - Hardwired Smoke Alarm

BRIDGE UNIT - WIRELESS PHOTOELECTRIC 120V WITH BATTERY BACKUP

• Easily expand an existing interconnected 120V AC system by replacing one alarm in the series with this Bridge Unit alarm.

• Add additional battery-operated BRK Wireless Interconnect Alarms to create a wireless safety network.

10 YEAR LIMITED WARRANTY · FC FEDERAL COMMUNICATIONS COMMISSION · USA · | P PHOTOELECTRIC | Listed to UL 217 Standard

CO511B - Battery CO Alarm

WIRELESS ELECTROCHEMICAL CO BATTERY POWERED

• Easily add CO alarms outside bedrooms and on every level of the home to create a wireless safety network.

Exclusive! Voice Warning! WITH LOCATION™

7 YEAR LIMITED WARRANTY · FC FEDERAL COMMUNICATIONS COMMISSION · USA · | Listed to UL 2034 Standard

9120 SERIES
120V AC WITH BATTERY BACKUP - ION

- Ionization smoke sensing technology
- Silence Feature
- Latching alarm indicator – remembers which unit initiated an alarm
- Smart Technology – helps reduce the number of nuisance alarms
- Perfect Mount – allows for easy alignment of alarm
- 9V battery backup (excludes cat. no. 9120)

Available SKU's:
- 9120: AC only
- 9120B: AC with 9V battery backup
- 9120AB: AC with 9V Alkaline battery backup
- 9120LBL: AC with 10YR 9V Lithium battery backup - Locked Battery Drawer
- 9120B6CP: 9120B in bulk Contractor 6-pack

9120 Series – "The smoke alarm standard of excellence". 9120LBL features a 10YR battery backup with a locked battery drawer.

10 YEAR LIMITED WARRANTY · IONIZATION · Listed to UL 217 Standard

3120B
120V AC WITH BATTERY BACKUP - ION & PHOTO

- Dual photoelectric and ionization smoke sensing technologies
- Two silence features – can silence the low-battery chirp for up to eight hours or temporarily silence an unwanted nuisance alarm
- Two Latching features – Alarm Latch: Remembers which unit initiated an alarm. Low Battery Latch: Identifies which unit is in low battery condition
- Two AA alkaline battery backup

Tip: Combination Photo & Ion smoke alarms meet codes in Massachusetts and Iowa.

10 YEAR LIMITED WARRANTY · PHOTOELECTRIC · IONIZATION · Listed to UL 217 Standard

7010 SERIES
120V AC WITH BATTERY BACKUP - PHOTO

7010/7010B

- Photoelectric smoke sensing technology
- Silence Feature
- Alarm Latch: Remembers which unit initiated an alarm.
- 9V battery backup (excludes cat. no. 7010)
- Escape light illuminates path to safety (cat. no. 7020B)

Available SKU's:
- 7010: AC only
- 7010B: AC with 9V battery backup
- 7020B: AC with 9V battery backup & escape light

Tip: Recommended for installation outside areas that are prone to nuisance alarms such as kitchens, bathrooms and utility rooms. Escape light recommended for hallway applications.

7020B

10 YEAR LIMITED WARRANTY · PHOTOELECTRIC · Listed to UL 217 Standard

7010BSL

120V AC WITH BATTERY BACKUP - PHOTO/STROBE COMBO

- Photoelectric smoke sensing technology
- Silence Feature
- Bright 177 candela strobe light designed for hearing impaired residents
- Smart Strobe has separate flash patterns to distinguish between a smoke/heat or CO danger
- Two AAA battery backup for smoke alarm. (Note: will not power strobe light)
- Meets the requirements of the ADA (Americans with Disabilities Act)
- 1Hz flash rate meets requirements for visual signaling devices

10 YEAR LIMITED WARRANTY | IONIZATION | Listed to UL 217 & UL 1971 Standards

Tip: Integrated smoke alarm and strobe light saves installation time and money compared to other manufacturers' hearing impaired kits that require a separate alarm, relay and strobe light.

SC7010 SERIES

120V AC WITH BATTERY BACKUP - PHOTO/CO COMBO

- *Voice Warning with Location – Exclusive! A voice will tell you the programmed location of unit and the danger detected (cat. no. SC7010BV)*
- *Advanced electrochemical CO and photoelectric smoke sensing technologies*
- *Two Latching features – Alarm Latch: Remembers which unit initiated an alarm. Low Battery Latch: Identifies which unit is in low battery condition*
- *Two silence features – can silence the low-battery chirp for up to eight hours or temporarily silence an unwanted nuisance alarm*
- *10 Year CO Sensor/End of Life signal*
- *Two AA battery backup*

  Available SKU's:
  - SC7010B: Smoke/CO Combo
  - SC7010BV: Smoke/CO Combo with Voice

10 YEAR LIMITED WARRANTY | P PHOTOELECTRIC | Listed to UL 217 & UL 2034 Standards

Exclusive!
Voice Warning!
WITH LOCATION ™

Tip: Combination alarms save time and money on installation.

SC9120B

120V AC WITH BATTERY BACKUP - ION/CO COMBO

- *Advanced electrochemical CO and ionization smoke sensing technologies*
- *Two Latching features – Alarm Latch: Remembers which unit initiated an alarm. Low Battery Latch: Identifies which unit is in low battery condition*
- *Two silence features – can silence the low-battery chirp for up to eight hours or temporarily silence an unwanted nuisance alarm*
- *Intelligent Sensing Technology™ – helps reduce the number of nuisance alarms*
- *10 Year CO Sensor/End of Life signal*
- *9V battery backup*

  Available SKU's:
  - SC9120B: AC with 9V Alkaline battery backup
  - SC9120LBL: AC with 10YR 9V Lithium battery backup - Locked Battery Drawer

10 YEAR LIMITED WARRANTY | IONIZATION | Listed to UL 217 & UL 2034 Standards

SC9120LBL features a 10YR battery backup with a locked battery drawer.

CO5120BN

CO5120PDBN

CO5120 SERIES

120V AC WITH BATTERY BACKUP - ELECTROCHEMICAL

- *Advanced electrochemical CO sensing technology*
- *Two silence features – can silence the low-battery chirp for up to eight hours or temporarily silence an unwanted nuisance alarm*
- *Two Latching features – Alarm Latch: Remembers which unit initiated an alarm. Low Battery Latch: Identifies which unit is in low battery condition*
- *10 Year CO Sensor/End of Life signal*
- *9V battery backup*
- *LCD display - clearly shows the hazard and level (cat. no. CO5120PDBN)*

10 YEAR LIMITED WARRANTY | Listed to UL 2034 Standard
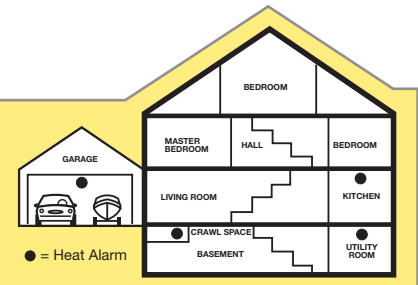

MISCELLANEOUS

HD6135FB

120V AC WITH BATTERY BACKUP - HEAT ALARM

- *135°F Fixed temperature and Rate-of-Rise Thermistor heat sensor*
- *Two silence features – can silence the low-battery chirp for up to eight hours or temporarily silence an unwanted nuisance alarm*
- *Latching alarm indicator – remembers which unit initiated an alarm*
- *10 Year End of Life signal*
- *9V battery backup*
- *For applications not suitable for smoke alarms*

10 YEAR LIMITED WARRANTY | Listed to UL 539 Standard

Understanding Rate of Rise

This allows the unit to sense a heat rise and alarm prior to reaching the fixed temperature. The alarm will sound when the microprocessor senses a temperature rise of a set number of degrees per minute. This enables a more rapid response to a potential fire.

SL177

120V AC - SMART STROBE

- *Smart Strobe has separate flash patterns to distinguish between a smoke/heat or CO danger*
- *Bright 177 candela strobe light*
- *1Hz flash rate meets ADA, ANSI 117.1, NFPA 72 and UL 1971 requirements for visual signaling devices*
- *Can be interconnected with BRK/First Alert smoke, heat and carbon monoxide alarms*

10 YEAR LIMITED WARRANTY | Listed to UL 1971 Standard

Product Knowledge: What's a "Smart Strobe"? Separate flash patterns help a hearing impaired person better distinguish the danger present. Smoke or Heat Alarms: Constant 1 flash per second. CO Alarms: 1 flash per second for 4 flashes, then 5 seconds off. Pattern is repeated.

CO600 SERIES

120V AC PLUG-IN WITH BATTERY BACKUP - ELECTROCHEMICAL

- *Advanced Electrochemical CO sensing technology*
- *Silence feature - temporarily silence an unwanted nuisance alarm*
- *7 Year CO Sensor/End of Life signal*
- *Battery Backup Options:*
  9V battery backup: CO605B
  Two AA battery backup: CO615B
  No battery backup: CO600B
- *Battery Access*
  Rear Panel: CO605B
  Front Panel: CO615B
- *LCD display - clearly shows the hazard and level: CO615B*
- *CO615B features convenient installation options. Alarm plugs directly into the outlet or can be mounted anywhere on the wall using the 6' line cord*

CO615B

CO600B & CO605B

> **Multi-family Manager Tip:**
> First Alert alarms with AA batteries save 33% on annual battery replacement costs vs. 3 for competitive products.

> **Multi-family Manager Tip:**
> 9V batteries are less prone to tenant theft for use in other electronic devices due to their infrequent usage by manufacturers.

LIMITED 7 YEAR WARRANTY   **Listed to UL 2034 Standard**

GCO1B

10YR SEALED BATTERY POWERED - EXPLOSIVE GAS & ELECTROCHEMICAL

- *3-way protection against natural (methane) gas, propane gas and carbon monoxide.*
- *Large display - clearly shows the hazard and level present*
- *Two silence features – can silence the low-battery chirp for up to eight hours or temporarily silence an unwanted nuisance alarm*
- *Convenient Installation Options: unit plugs directly into the wall or can be mounted higher on the wall using the line cord*
- *5 Year Explosive gas & CO Sensors/End of Life signal*
- *9V battery backup*

LIMITED 5 YEAR WARRANTY   **Listed to UL 1484 & UL 2034 Standards**
