C·O·B (Chips on Board)
A new innovation in LED technology. C·O·B features smaller, easier clustered LED chips that are mounted directly to the circuit board. These LED chips work together as one lighting module. Because of the compact design, C·O·B outperforms traditional lighting by up to 50 times the light output per centimeter of light surface.

OPTIMIZED CLARITY
Eliminating inconsistencies in light, the OC™ (Optimized Clarity) Technology provides intense, clear, pristine light that is easy on the eyes. This technology allows the light beam to be as bright on the edge as it is in the center when used in flood mode.

Z BUG BULB™

MOSQUITO-ZAPPING LED BULB

For use indoors or outdoors, Z-Bug Bulb™ provides bright white, ambient lighting to any space with its 600 lumen LED. The 4 NUV LEDs emit a 395nm near ultraviolet glow, which mosquitoes and other flying insects find very attractive. Surrounding the NUV LEDs is a 1,000 - 1,200V high-voltage grid that kills the allured insects on contact. Z-Bug Bulb™ includes Z-Bug Bulb™ Sweeper to remove insect remains from the grid housing.

LIGHT
• High-power 600 lumen LED
• 4 insect-alluring NUV LEDs (395nm)

DESIGN
• ABS LED cover
• 360º insect-zapping rails (1,000-1,200V)
• 360º protective cover for electric rails
• Standard E27 screw base

OPERATION
• For use in lamps, wall and ceiling fixtures; just switch light on

ACCESSORIES
• Z Bug Bulb™ Sweeper for easy cleaning

SPECS
• 0.25 lbs.
• (H) 6" x (W) 3.125" x (D) 3.125"

NEBO® SLYDE

FLASHLIGHT & WORK LIGHT

Combining the best that NEBO® has to offer, the SLYDE™ features a powerful LED flashlight and C·O·B work light all in one. At first glance, the SLYDE™ appears to be a simple, strong flashlight, emitting 250 lumens of intense white light...and it is! However, you will see the SLYDE™ is much more. The body of the SLYDE™ conceals a powerful 190 lumen work light. To reveal the C·O·B work light, just SLYDE to open!

NEBO® TWYST™

WORK LIGHT, LANTERN & FLASHLIGHT

The TWYST™ features a high-power work light, lantern and flashlight all in one! The TWYST™ uses a revolutionary new C·O·B LED technology that allows the shaping of light into full 3D patterns, giving optimal, bright, uniform light exactly where it's needed. Retractable base stabilizers are positioned at the bottom of the TWYST™ to give added stability on uneven surfaces. A powerful magnetic base also provides convenient hands-free lighting.

OPTIMIZED OPTICS (O²)
The natural tendency of light is to disperse into infinite directions. We use optics to help us focus the light's intensity in one direction. The Optimized Optics bend the light closer toward the center of the beam. The result is a hotter, brighter spotlight with the lowest power consumption in its class.

OPTIMIZED CLARITY
Eliminating inconsistencies in light, the OC™ (Optimized Clarity) Technology provides intense, clear, pristine light that is easy on the eyes. This technology allows the light beam to be as bright on the edge as it is in the center when used in flood mode.

Display Dimensions
*(H) 9.29" x (W) 10.82" x (D) 10.27"
Each O² BEAM™ includes a gift box, heavy duty carrying case, owner's guide and instruction manual.*

GAUGING LED PERFORMANCE

Measuring the brightness of light is not a very straight-forward task. Currently, the most common measure of brightness is the lumen rating. Lumens replaced the old wattage-rating system because modern lights consume far less power and are much brighter.

A single lumen is the measure of energy that's released from a light. Imagine putting a transparent bubble around a light bulb and being able to measure all of the energy that flows through the bubble –this is how lumens are measured.
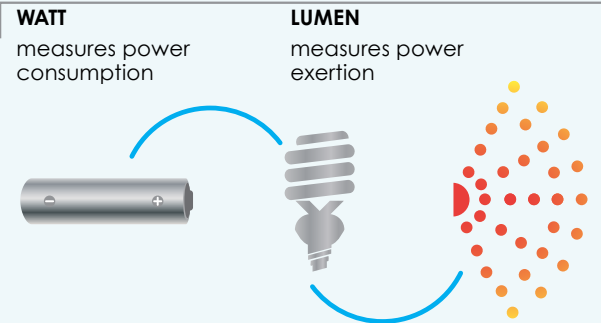

At NEBO®, we don't live in a bubble and we know that as lighting technology advances, so must the tools used to gauge the performance. Thus, many of our flashlights are now gauged by lux instead of lumens. Lux isn't a measurement of the amount of energy released — it's a measure of how much light is actually hitting your target.
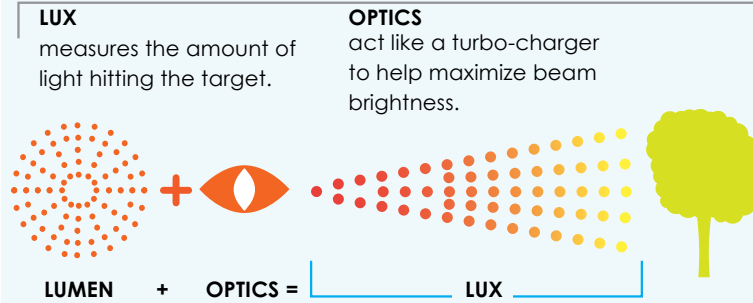

We've recently introduced flashlights that have advanced optics designed to maximize energy efficiency by tightly focusing the beam of light. So you can light up the mystery across the field without wasting energy by lighting the ground at your feet.

At NEBO® we make flashlights that are designed to meet real-life applications and we use advanced engineering to create lighting products that conserve energy yet blast a powerful beam of light.

MEASURING POWER:

WATT
measures power consumption

LUMEN
measures power exertion

MEASURING BRIGHTNESS:

LUX
measures the amount of light hitting the target.

OPTICS
act like a turbo-charger to help maximize beam brightness.

LUMEN + OPTICS = LUX

### RATING PERFORMANCE BY PRODUCT TYPE:

LANTERNS & WORK LIGHTS

These lighting products are designed to illuminate the area around — just like a household light bulb. Since light bulbs are rated in lumens, lantern output is rated using lumens.
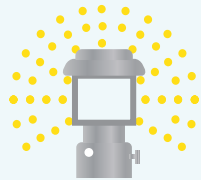

CLASSIC FLASHLIGHTS

Classic flashlights illuminate the area directly in front of us — mimicking a light-post fixture, so it's appropriate to also rate these products using lumens.
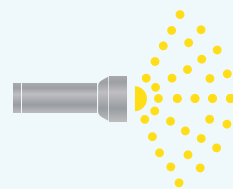

LONG-RANGE FLASHLIGHTS

These flashlights feature specialized optics with zoom capabilities that are designed to project an intense beam of light at a distance. Lumen ratings ignore the use of specialized optics and fail to provide a clear representation of beam distance or brightness. Lux on the other hand, measures the amount of light actually hitting the target.

FOCUSING THE INTENSITY

The natural tendency of light is to disperse. We use patented O² Technology™ to focus the light's intensity by bending it toward the center of the beam.

The result — a hotter, brighter spotlight with the lowest power consumption.

OPTIMIZED O² OPTICS

STANDARD BEAM DISTANCE

O² TECHNOLOGY™ DOUBLES THE BEAM DISTANCE

A BEAM OF LIGHT SO POWERFUL, YOU HAVE TO SEE TO BELIEVE!

CUSTOM PRINTING & ENGRAVING

What's better than a NEBO® product?...
One with your name on it!

NEBO® offers custom screen printing and laser engraving services on most all products. Utilize NEBO® products to advertise your company or event!

YOUR LOGO HERE

QUANTITY REQUIREMENTS
Custom printing orders must be a minimum of 100 pieces.

LEAD TIME
Allow 15-20 business days for production time.

SHIPPING
All orders ship FOB Grand Prairie, TX. Prepaid DOES NOT apply for custom print orders.

PAYMENT
Orders will not be released for printing until payment has been received in full, via credit card or CIA.

ADVERTISE YOUR COMPANY WITH OUR PRODUCTS!

Screen Printing Prices

- 100 - 499 pieces = Dealer price + $2.00 per unit
- 500 - 999 pieces = Dealer price + $1.50 per unit
- 1000+ pieces = Dealer price + $1.00 per unit

Laser Engraving Prices

- 100 - 499 pieces = Dealer price + $2.50 per unit
- 500 - 999 pieces = Dealer price + $2.00 per unit
- 1000+ pieces = Dealer price + $1.50 per unit

*There's a one-time $35 fee (per custom print/engrave order), which includes the setup for either screen printing or laser engraving. This setup fee covers the logo/text printed in a single location on the product, using a single color. There's an additional charge for printing or laser engraving on multiple locations or printing in more than one color.

FAQ

Frequently Asked Questions

Who is Alliance Sports Group?
Alliance Sports Group is the parent company of NEBO® Tools, NEBO® Sports, iPROTEC™ Firearm Accessories, Bollinger® Fitness, Solaire® TrimWear, WeatherRite® Outdoor, Quarrow® Fishing and most recently, True Utility®.

What does NEBO® mean?
NEBO is mentioned in the Bible as the burial site of Moses. There is an excellent view of "The Promised Land" from Mt. NEBO. NEBO is also a mountain in Utah near where NEBO® Tools originated.

Why does NEBO® offer countertop displays?
NEBO® products sell much faster in display packaging when it's placed on counters and end-caps because this allows customers to try the product before buying it.

Are batteries included in your products?
All flashlights, cap-lights, head lamps and multi-tools that require batteries have batteries included.

Are NEBO® products waterproof?
Some NEBO® products are waterproof, however most are water-resistant. Please see product details for further information.

Does NEBO® offer a warranty for its products?
Yes, NEBO® stands behind its products with a 1 year limited manufacturer's warranty. Any item that does not perform properly due to a manufacturer's defect can be returned for a warranty replacement. Warranty does not cover normal wear and tear or batteries. Contact warranty@nebotools.net or 800.255.6061.

How do I get free freight?
First time orders receive free freight. Secondary orders exceeding $600 receive free freight.

Do you accept credit card payments?
Yes. Visa, Mastercard, American Express and Discover

What are my payment terms?
Cash in Advance, NET 30 with approved ASG credit application

Where do I send my payment?
Alliance Sports Group, PO Box 203246,
Dallas, TX 75320-3246

Who do I make the check payable to?
Alliance Sports Group

Do you send out monthly statements?
Yes, we send them out at the end of each month.

Can I get my invoices and statements emailed to me?
Yes. Just email a request to accounting@nebotools.net and your invoice/statement will be emailed back to you.

How will my order be shipped?
We use FedEx.

How Long will it take to receive my order?
After being processed,* all orders, unless otherwise specified, are shipped via standard service which takes approximately 3-5 business days.
*Please allow 48-72 hours for order to be processed.

If an item is out of stock, do you back order the item or wait and ship the order complete?
We back order any items that are out of stock rather than waiting for the remaining items to come in stock.

What is your address for returns?
NEBO® Canada c/o FTN Canada
7075 Ordan Drive,
Mississauga, Ontario L5T1K6 Canada.

Does ASG pay the return freight?
ASG pays return freight when a Return Authorization has been issued by ASG.

How can I get a call tag/return an item?
Contact your sales rep or corporate office warranty@nebotools.net or 800.255.6061

What is NEBO's® MAP (Minimum Advertised Price) Policy?
The advertised price PLUS any shipping charges paid by the consumer must be within 10% of the Suggested Retail Price. We reserve the right to stop providing product to all sellers that do not comply. A full download-able version of the MAP Policy can be found at our website, ww.nebotools.com.

NEBO® GUARANTEED BUYBACK PROGRAM

NEBO® absolutely guarantees your success with our products! Just place an order and use the P.O.P. displays to merchandise the products near your checkout area. You will be invoiced for the goods and payment is due within the agreed-upon terms.

Our promise to you is that, if (after 90 days from the time your product was received) the products from our display have not sold at least 80% of the case quantity, NEBO® will "BUYBACK" the remaining unsold merchandise and pay the freight to ship it back to our warehouse.

This offer stands firm for up to 6 months from the receipt of the merchandise.

NEBO® garantit votre succès absolu avec nos produits! Il suffit de passer une commande et d'utiliser les présentoirs P.O.P. pour étaler les produits à proximité de votre zone de caisse. On vous enverra une facture pour la marchandise et le paiement est dû dans les délais convenus.

Notre promesse est que, si (90 jours après avoir reçu votre produit) au moins 80 % de la quantité du carton des produits de notre présentoir n'ont pas été vendus, NEBO® « RACHÈTERA » la marchandise non vendue et payera les frais de transport pour le retour à notre entrepôt.

Cette offre reste ferme pendant 6 mois à compter de la réception de la marchandise.

At NEBO®, we like for our customers to get the most from their experience with us. These NEBO® special giveaway products are our way of saying, 'Thank you!' Place your order now to get these great giveaway products!
