SOUTHWIRETOOLS.COM

OUR
STORY

For over 60 years, Southwire has provided high quality electrical wire and cable to the commercial and industrial construction industries. Now, the name you trust provides durable, cutting-edge, professional grade tools, designed with safety and productivity in mind. Look to Southwire for solutions to all your electrical needs, from electrician's hand tools, meters, contractor equipment, temporary power and extension cords.

SOUTHWIRE, THE COMPANY

Southwire Company, LLC is North America's leading manufacturer of wire and cable used in the distribution and transmission of electricity. Throughout its history, our company has sought to help provide power through our products, our service and by helping empower our customers, employees and communities.

SOUTHWIRE, THE PEOPLE

With more than 6,800 people at customer service centers, manufacturing facilities and sales offices throughout North America, we are dedicated to developing the highest-quality products and legendary service.

THE DRIVE FOR EXCELLENCE

Driving for excellence starts with being responsive to our customers and the markets we serve. By creating business units, Southwire Company enables each to foster an entrepreneurial spirit, innovative solutions and responsiveness required in today's business. At the same time each division can leverage the resources and rich history of Southwire Company as a whole.

THE PRODUCTS

To be successful requires products that give you solutions no matter what stage of the project cycle you are in. Our product teams and dedicated resources work together to listen to and work with our customers, creating solutions that deliver unparalleled value through product innovation, safety and efficiency.

THE SERVICE

Service is more than a word or a phone number, it's a tangible support system that assists you through the entire project cycle. Starting with our own knowledgeable customer service team, to our National Field Sales team, and our District Merchandising Specialists. In the office or in the field, we're there to lend a hand, just when you need it most. Feel free to reach us at 1-855-SWTOOLS (855-798-6657)

TABLE OF
CONTENTS

HAND TOOLS

Your hands are your most important tools, the ones you need for every job. Equip them with high-quality, durable hand tools from Southwire™. With a strong yet comfortable design and limited lifetime warranty*, you can rely on these tools to make your life easier and last through years of hard work.

HIGH LEVERAGE DIAGONAL CUTTING PLIERS

DCP8

DCPA8

DCP8D

DCPA8D

DCP6D

The high leverage design of these diagonal cutting pliers provides greater cutting power while the hot riveted joint ensures smooth action with no handle wobble.

- Induction hardened cutting blades ensure efficient and lasting cutting surfaces
- Drop forged CRV steel for durability
- High leverage design provides maximum cutting power
- Hot riveted pivot joint provides smooth action and no wobble
- Effectively cuts most hardened wire, ACSR, bolts, screws, and nails
- Available in dual molded comfort grips and plastic dipped handles

Stripping & Cutting | HAND TOOLS

TRIFOLD DRYWALL SAW

Ideal for flush cutting applications or when a hacksaw is not available.

- Ergonomic handle for greater comfort
- Blade locks in three positions for safer operation
- Includes three blades 5"x18 TPI, 5"x6 TPI, 5"x9 TPI; accepts standard reciprocating

CONDUIT SCORER AND CUTTER

Cut copper, aluminum and brass tubing and galvanized thin wall conduit in a few revolutions.

- Scores and cuts EMT conduit
- Cutting wheel can be changed quickly and easily

PLASTIC PIPE CUTTER

Our plastic pipe and tubing cutter has non-slip grips and a strong stainless steel blade that makes cutting plastic tubing easy.

- Easily performs flush cuts on ridged plastic tubing
- Durable design for rugged use
- Locking latch allows easy one-handed operation
- Cuts up to 3/4" PVC and 1-5/8" flexible tubing

ROTARY CABLE CUTTER

Easily handles all common MC, BX, and flex cables. Securely holds cable in place and releases quickly.

- Quickly splits the armored jacket on 14-2 to 10-4 armored cables and 3/8" flexible conduit with a few turns of the handle
- Adjustable cutting depth for standard and reduced diameter BX/MC cables
- Stores up to 6 extra blades in handle knob
- Durable die cast epoxy enameled construction

HAND TOOLS | Drivers

5-IN-1 MULTI-BIT LIGHTED SCREWDRIVER

Convenient multi-bit screwdriver, 5 tools in one.

- Comfortable cushion grip handle offers slip resistance and greater torque
- Three LEDs illuminate work surface for better visibility
- Requires 3 AAA batteries (not included)
- Two double-sided quick change bits: #1 phillips, #2 phillips, 3/16" slotted and 1/4" slotted

9-IN-1 MULTI TOOL SCREWDRIVER

Convenient multi-tool screwdriver, 9 tools in one.

- Three double sided quick change bits and three hex head nut drivers:
   Includes 3/16", and 1/4" slotted, #1 & #2 phillips, #1 & #2 square tips, 1/4", 5/16", 3/8" hex drivers
- Comfortable cushion grip handle offers slip resistance and greater torque

SCREWDRIVER WITH INTEGRATED WIRE STRIPPER

Driver with integrated wire stripper provides 2 applications in 1 tool.

- Integrated 10-20 AWG wire stripper in handle
- Two double sided bits: #1 & #2 phillips, 3/16" & 1/4" slotted
- Comfortable cushion grip handle offers slip resistance and greater torque
- Constructed of durable, heavy duty materials

12-N-1 MULTI-BIT SCREWDRIVER

SD12N1

12-N-1 Multi-Bit Screwdriver with precision machined quick change bits.

- Precision-machined quick change bits for driving hex, phillips, slotted, and square head screws
- Handles 3/16", ¼", 5/16" Slotted; #1, #2, #3 Phillips; #1, #2, Square Recessed; and ¼", 5/16", 3/8", ½" Hex Drive
- Cushion grip handle provides extra comfort and maximum torque
- Premium chrome-plated shaft is durable and rust- and corrosion-resistant
- Meets ANSI/ASME specifications

4-PIECE MINI SCREWDRIVER SET

Versatile mini drivers for precise applications.

- Comfortable cushion grip handle offers slip resistance and greater torque
- Precision tips for an exact fit
- Includes 1/16", 3/32", and 1/8" slotted and #0 phillips tipped screwdrivers
- Handles marked for easy identification

8-PIECE CUSHION GRIP SCREWDRIVER SET

All-purpose assortment of frequently used screwdrivers.

- Comfortable cushion grip handle offers slip resistance and greater torque
- Precision tips for an exact fit
- Handles marked for easy identification
- Includes 8 pieces: 3/16"x4", 3/16"x6" and 1/4"x4" slotted tip, 1/4"x4" and 5/16"x6" keystone tip, and #1x3", #2x4", phillips tip & #2x4" square tipped screwdrivers

2-PIECE STUBBY SCREWDRIVER SET

Drivers for accurate fits in tight spaces.

- Comfortable cushion grip handle offers slip resistance and greater torque
- Precision tips for an exact fit
- Handles marked for easy identification
- #2 phillips and 1/4" keystone
- 1-1/2" shank

# 25' TAPE MEASURE WITH CONDUIT HOOK

Great for measuring pipe, conduit, sheet metal, siding, drywall and much more.

- Tough, impact resistant case
- Printed scale on the front and back sides of the blade for easier measurements
- Double-sided end hook allows for easier measuring
- Extra-wide, high-visibility blade with oversized scale printed on the front and back
- Nylon coating on blade provides improved durability and corrosion resistance
- Exclusive V-notched bottom allows tape measure to balance on curved surfaces
- Heat-treated spring provides for long life and smooth blade recoil
- Impact-resistant, rubberized case protects end hook and button

SIM*pull*™
FISH TAPES
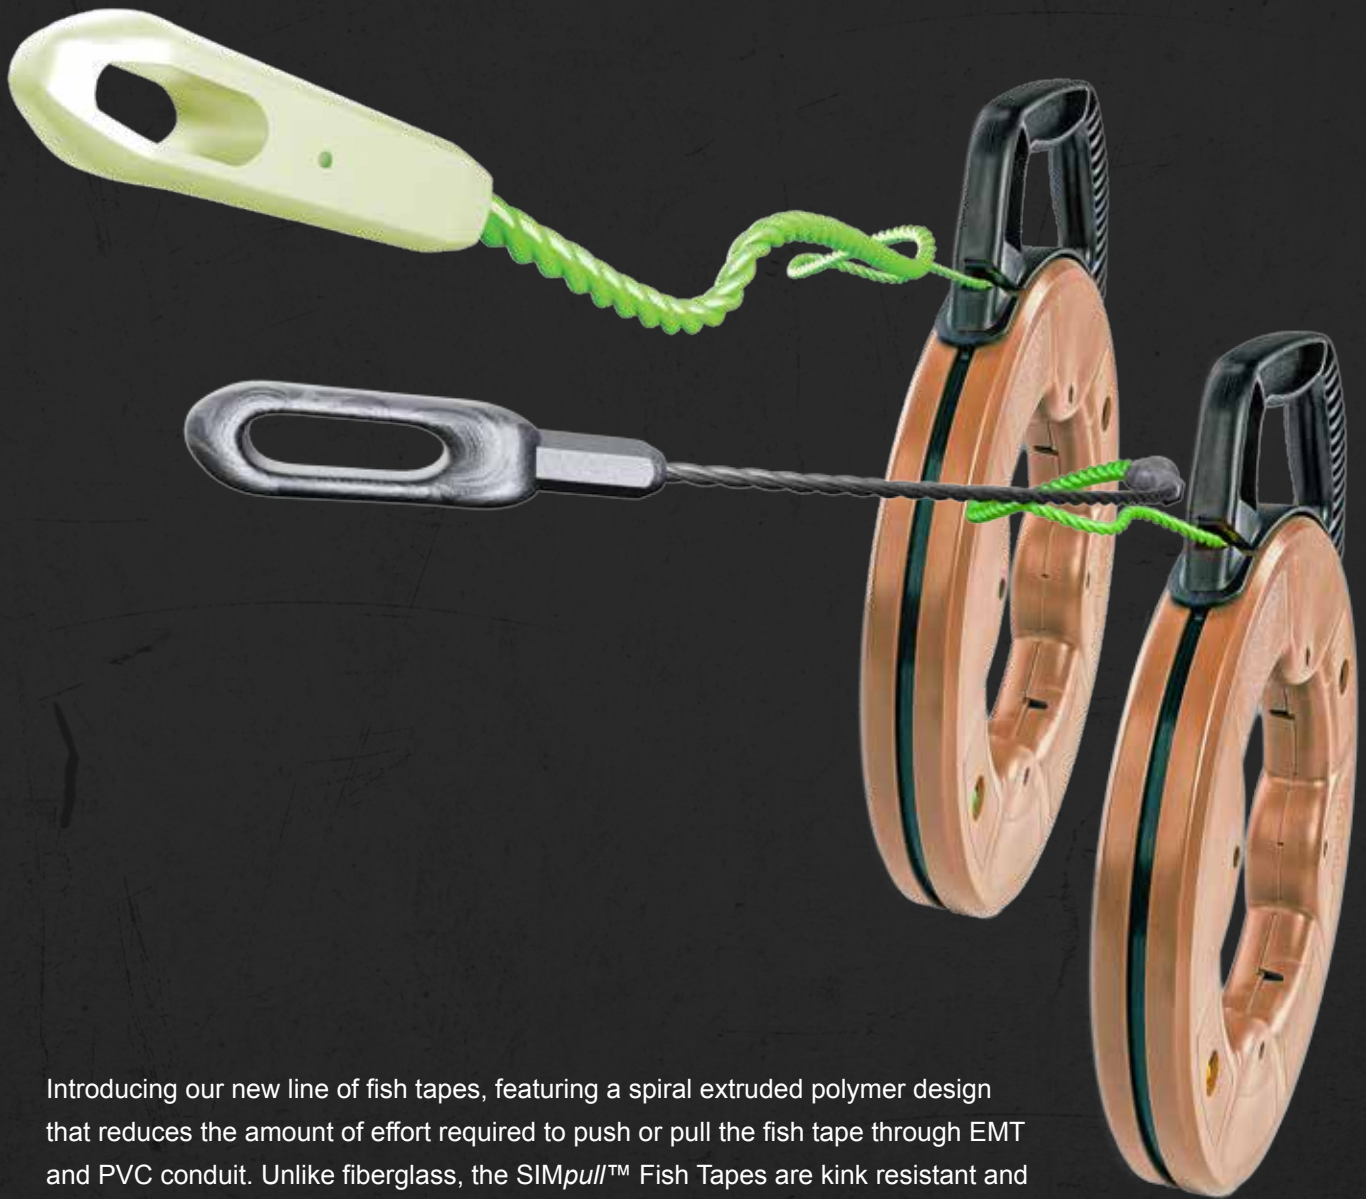

Introducing our new line of fish tapes, featuring a spiral extruded polymer design that reduces the amount of effort required to push or pull the fish tape through EMT and PVC conduit. Unlike fiberglass, the SIM*pull*™ Fish Tapes are kink resistant and virtually unbreakable, ensuring maximum efficiency*. SIM*pull*™ fish tapes are available in 9 different variations of length, diameter, & leader type.

*As compared to Southwire™ steel and fiberglass fish tapes.

SIMPULL™ NON CONDUCTIVE FISH TAPE

Spiral extruded polymer design reduces the amount of effort required to push or pull the fish tape through EMT or PVC conduit

- 75', 100', 125', 240' non-conductive tip fish tape
- High impact, durable case for lasting durability and use
- Non-Conductive leader
- Glows in the dark
- Spiral extruded polymer allows for faster install time
- Spiral extruded polymer does not rust and will not break when folded
- Weighs less than steel

Does not break when folded **Weighs less than steel** **Does not rust**

Faster install time **Glows in the dark** **Non-conductive leader**

CONDUIT BENDERS

Reliably and repeatedly perform common bends, such as stub-ups, offsets, back-to-back and saddle bends. Available in   1", 3/4" and 1/2" sizes.

- Durable cast metal heads
- Swaged steel handle permits insertion of conduit to correct overbends
- Raised and highly visible bender markings are cast on both sides of the bender head
- Large serrated step provides greater control and helps prevent slippage when applying force

4-PIECE ELECTRICIAN'S TOOL KIT

Complete with 10-18 AWG wire stripper, 9-in-1 multi-bit screwdriver, high leverage side cutting pliers and nylon carrying pouch.

10-18 AWG Wire Stripper - Model # S1018STR

- Strips and cuts 10-18 AWG solid and 12-20 AWG stranded wire
- Stainless steel construction is durable and corrosion resistant
- Double dipped grip provides comfortable fit
- Specially designed stainless steel cutting blades provide fast and clean wire stripping
- Serrated nose grasps the cable for easy twisting and pulling
- Spring loaded for self-opening action
- Not intended for cutting bolts or steel cable

High Leverage Side Cutting Pliers - Model # SCP9

- Induction hardened cutting blades ensure efficient and lasting cutting surfaces for hard and soft wire
- File teeth on jaws help remove burrs in conduit
- Cuts ACSR, screws, nails, and most hardened wire
- Curved handle and ergonomic molded grip for comfortable use
- Drop forged CRV steel for durability

9-in-1 Multi-Bit Screwdriver - Model # SD9N1

- Includes 6 bits and 3 nut drivers for multi-purpose use
- Cushion grip handle for comfortable use and application of maximum torque

BI-METAL HOLESAWS

ABS1/2

BMHS6-3/8

Bi-metal holesaws for heavy-duty, fast cutting of steel, aluminum, brass, wood, plastic and drywall.

- Unique teeth configuration for fast removal of cutting materials
- Split tip double helix grooves for faster starts
- Hardened mandrel for long thread life

SPECIFICATIONS

MODEL #	STOCK #	DESCRIPTION

WARRANTIES

WARRANTY ON SOUTHWIRE ELECTRICIAN'S NON-ELECTRONIC HAND TOOLS

Southwire Company, LLC warrants this product to be free from defects in materials and workmanship for the life of the product. This warranty does not cover normal wear and tear resulting from product use, nor does it cover damage arising out of misuse, abuse, modification, and/or improper maintenance of the product. If the product breaches this warranty, Southwire will replace the product free of charge. If Southwire no longer manufactures the product, then it will, at its option, replace the nonconforming product with a substantially similar Southwire product or refund the purchase price. SOUTHWIRE MAKES NO WARRANTY THAT THE PRODUCT WILL BE MERCHANTABLE OR FIT FOR ANY PARTICULAR PURPOSE. SOUTHWIRE MAKES NO OTHER WARRANTY, EXPRESSED OR IMPLIED, OTHER THAN THE WARRANTY SPECIFICALLY SET FORTH HEREIN. SOUTHWIRE WILL NOT BE LIABLE FOR ANY INCIDENTAL, CONSEQUENTIAL, INDIRECT, SPECIAL, OR PUNITIVE DAMAGES FOR ANY BREACH OF THIS WARRANTY.

This warranty is void if this product is used for rental purposes. No product reseller is authorized to extend any other warranty on Southwire's behalf relating to this product, and no such reseller warranty will be binding on Southwire. If the product needs to be serviced, please contact the Customer Service Department at 855-SWTOOLS (855-798-6657) to obtain a return authorization from Southwire. The sender is responsible for all shipp ing, freight, insurance, and packaging costs associated with sending a product to Southwire. Southwire will not be responsible for lost or damaged products returned for service or returned under this warranty. All products returned to Southwire under this warranty should be mailed to:

15190T MAINTENANCEPRO™ DATA LOGGING CAT IV MULTIMETER

Southwire's new Bluetooth® enabled 15190T MaintenancePRO™ multimeter and MApp™ mobile app are taking test and measurement to a whole new level. When used together, this system provides one of the safest and most convenient ways for electrical professionals to get the job done.

- Bluetooth® interface for downloading, viewing, recording and sharing using Southwire's Mapp™ mobile app
- Onboard memory allows datalogging even when Bluetooth™ wireless is not connected
- Hi-Res color display with graphing feature
- On board memory for saving and viewing measurements and recordings
- Intuitive Menu navigated by function keys
- Use as stand-alone unit or pair to cell phone via Bluetooth™ and MApp™ mobile app
- Rugged meter with CAT IV 600V/CAT III 1000V safety rating, UL listed
- Includes
  - Test leads
  - Type K temperature probe with banana plug adapter
  - Magnetic hanging strap
  - Canvas bag
  - Rechargeable Li-ion battery and battery charger

TEST & MEASUREMENT | Multimeters

14090T TECHNICIANPRO™ BLUETOOTH® CAT IV MULTIMETER

This Bluetooth® enabled multimeter in combination with Southwire's Mapp™ mobile app allows you to view, record, and share readings on your smartphone. Designed for demanding environments. Features include a CAT IV safety rating, a rugged IP67 waterproof and dust tight housing, True RMS and Low Z readings, backlit controls, and powerful built-in work light.

- Bluetooth® interface for viewing, recording and sharing using Southwire's Mapp™ mobile app
- Lighted controls and backlit display allow use in dimly lit areas
- TrueRMS readings provide higher accuracy on AC circuits
- Low Z function eliminates false readings from "Ghost" voltage
- Includes magnetic hanging strap for hands free operation
- Powerful LED work light for added convenience
- CAT IV 600V/CAT III 1000V safety rating and IP67 waterproof and dust tight housing
- Includes
    - Test leads
    - Type K temperature probe with banana plug adapter
    - Magnetic hanging strap
    - Carrying case
    - Four AAA batteries

MULTIMETERS

14070T TECHNICIANPRO™ TRUERMS CAT IV MULTIMETER

This built-tough multimeter offers a CAT IV safety rating and an IP67 waterproof and dust tight housing. With TrueRMS readings, a Low Z measurement function, backlit controls, and a powerful built-in work light, it has the features needed for the professional electrician.

- Lighted controls and backlit display allow use in dimly lit areas
- Low Z function eliminates false readings from "Ghost" voltage
- TrueRMS readings provide higher accuracy on AC circuits
- Includes magnetic hanging strap for hands free operation
- Powerful LED work light for added convenience
- CAT IV 600V/CAT III 1000V safety rating and IP67 waterproof and dust tight housing
- Includes
    - Test leads
    - Type K temperature probe with banana plug adapter
    - Magnetic hanging strap
    - Carrying case
    - Four AAA batteries

23090T MAINTENANCEPRO™ SMART 1000A CLAMP METER

Southwire's new MaintenancePRO™ 23090T adds Bluetooth® connectivity to a rugged high end clamp meter. Used with our MApp™ mobile app, the 23090T lets electricians safely get the measurements they need even in hostile environments. The app can be used to view readings, set up recording sessions, and assemble complete reports right from your mobile phone. This and other features like the 50,000 count display and the inrush feature make the 23090T the optimal choice for the serious electrician.

- Bluetooth® interface for viewing, saving and sharing using Southwire's MApp™ mobile app
- Inrush function captures motor start-up current
- 11 measuring functions, plus MAX/MIN
- Precision TrueRMS meter
- Hi-Res 50,000 count backlit display with bargraph
- Built in non-contact AC voltage detector and powerful LED work light
- Rugged meter with CAT IV 600V / CAT III 1000V safety rating, UL listed
- Includes:
    - Test leads
    - Type K temperature probe with banana plug adapter
    - Carrying case
    - 9 volt battery

23070T MAINTENANCEPRO™ 1000A AC/DC CLAMP METER

The MaintenancePRO™ 23070T clamp meter is a rugged high end AC/DC clamp meter for the serious electrician who needs both AC and DC current measurements. With a UL listed safety rating of CAT IV 600V / CAT III 1000V, this clamp meter is built to get the tough jobs done.

- 11 measuring functions plus MAX/MIN
- TrueRMS readings provide higher accuracy on AC circuits
- Measures both AC and DC current
- Built in non-contact AC voltage detector and powerful LED work light
- 6,000 count backlit display with bar graph
- Rugged meter with CAT IV 600V / CAT III 1000V safety rating, UL listed
- Includes:
    - Test leads

Clamp Meters | TEST & MEASUREMENT

CLAMP METERS

21050T 400A AC/DC TrueRMS CLAMP METER

The 21050T is a feature-packed TrueRMS AC/DC compact clamp meter. TrueRMS is especially valuable for current measurements on circuits with harmonic distortion. The addition of DC current testing makes this even more versatile than the 21030T.

- 11 measuring functions including Capacitance, Frequency, Duty Cycle, and Temperature
- TrueRMS for accurate AC voltage and current readings
- Measures both AC and DC current
- Built-in non-contact AC voltage detector
- Easy to read backlit, 4,000-count digital display
- Impact resistant double molded housing provides comfortable grip
- CAT III 600V safety rating, UL listed
- Includes:
    - Test leads
    - Type K temperature probe with banana plug adapter
    - Carrying case
    - Two AAA batteries

Dimensions	7.9 x 2.6 x 1.5 in.		
Weight	0.45 lb.		

21030T 400A AC TrueRMS CLAMP METER

The 21030T has all the features of the 21010N, plus TrueRMS for accuracy and a backlit LCD screen for better visibility in dark work environments.

- 10 measuring functions including Capacitance, Frequency, Duty Cycle, and Temperature
- TrueRMS for accurate AC voltage and current readings
- Built-in non-contact AC NCV detector
- Easy to read backlit, 4,000-count digital display
- Impact resistant double molded housing also provides comfortable grip
- CAT III 600V safety rating, UL listed
- Includes:
  - Test leads
  - Type K temperature probe with banana plug adapter
  - Carrying case
  - Two AAA batteries

Clamp Meters | TEST & MEASUREMENT

21010N 400A AC CLAMP METER

Our entry-level clamp meter, the 21010N is a 400A AC clamp with a very useful mix of functions including a built-in non-contact AC voltage detector, temperature and multimeter functions including capacitance.

- 10 measuring functions including Capacitance, Frequency, Duty Cycle, and Temperature
- Built-in non-contact AC NCV detector
- Easy to read backlit, 4,000-count digital display
- Impact resistant double molded housing also provides comfortable grip
- CAT III 600V safety rating, UL listed
- Includes:
    - Test leads
    - Type K temperature probe with banana plug adapter
    - Carrying case

10036K ELECTRICAL TEST KIT

Combines the 3 most commonly used electrical testers in one convenient kit. Ideal for household repairs and electrical troubleshooting.

• Manual ranging multimeter features a CAT III 300V / CAT II 600V safety rating, easy to read backlit display, and battery test function
• Non-contact AC voltage detector checks for live voltage from 100 to 600V AC and features a built-in flashlight
• Receptacle tester quickly checks for miswired outlets

Kit Includes:
  • 10030S Manual Ranging Multimeter with test leads
  • 40116N Non-Contact AC Voltage Detector
  • 40010S-A Receptacle Tester
  • One 9 volt and two AAA batteries

41170S VOLTAGE/CONTINUITY/PHASE ROTATION TESTER

CAT III 600V SAFETY RATED

c(UL)us LISTED

This versatile tester features a built-in flashlight, single probe AC voltage check, phase rotation on three phase circuits, and automatic indication of continuity and AC and DC voltage up to 600 volts in 8 steps.

- LED indication of AC voltage from 24 to 600V and DC voltage from 6 to 400V in 8 steps
- One-probe live voltage check
- Indicates phase rotation on three phase circuits
- Audible and visual continuity test
- Built-in LED flashlight
- Includes 41170S Tester with integrated test leads & two AAA batteries
- CAT III 600V safety rating, UL listed

SPECIFICATIONS

MODEL #	STOCK #	DESCRIPTION
41170S	582935	Voltage/Continuity/Phase Rotation Tester

AC Voltage Indication:	24, 48, 120, 208, 240, 277, 480, 600V AC
DC Voltage Indication:	6, 12, 24, 36, 48, 110, 220, 400V DC
Tolerances:	-30% to 0% of reading
Single Pole Voltage Test:	100 to 480V AC
Rotary Field Indication:	100 to 400V AC
AC Operating Frequency:	50/60Hz
Continuity Test:	Beeper will sound if the resistance is under 300kΩ
Overload Protection:	600V AC/DC
Dimensions:	9.46 x 2.07 x 1.45 in.
Weight:	0.50 lb.

41160S VOLTAGE/CONTINUITY TESTER

Simple to use tester automatically indicates polarity and live AC and DC voltage up to 600 volts in 7 steps.

- Checks continuity of wires, light bulbs and fuses
- Automatic selection: AC, DC, or continuity
- Indicates polarity and seven levels of AC/DC voltage
- Automatically turns on and off
- UL listed, CAT III 600V
- Includes 41160S Tester with integrated test leads and two AA batteries

SPECIFICATIONS

MODEL #	STOCK #	DESCRIPTION
41160S	582916	Voltage/Continuity Tester

AC Voltage Indication:	24, 120, 208, 240, 277, 480, 600V
DC Voltage Indication:	6, 12, 24, 36, 48, 110, 220V
Tolerances:	-30% to 0% of reading
AC Operating Frequency:	50/60Hz
Continuity Test:	Beeper will sound if the resistance is under 85kΩ
Maximum Input:	600V AC/DC
Dimensions:	7.25 x 3.00 x 1.55 in.
Weight:	0.65 lb.

41150S AC/DC VOLTAGE TESTER

Simple to use tester automatically indicates live AC and DC voltage up to 240 volts in 7 steps.

- Indicates polarity and voltage up to 240 V in 7 steps
- No batteries required, simple automatic operation
- GFCI - verifies operation of GFCI protected outlets
- CAT II 300V and UL listed
- Includes 41150S Tester with integrated test leads
- No batteries required

SPECIFICATIONS

MODEL #	STOCK #	DESCRIPTION
41150S	582917	AC/DC Voltage Tester

AC/DC Voltage Indication:	6, 12, 24, 48, 120, 208, 240V
Tolerances:	-30% to 0% of reading
AC Operating Frequency:	50/60Hz
Overload Protection:	250V AC/DC <5s
Dimensions:	9.46 x 1.25 x 0.95 in.
Weight:	0.20 lb.

40150N ADVANCED DUAL RANGE NCV 12-1000V AC

Advanced Dual Range NCV 12-1000V & 100-1000V AC

- High power rear flashlight and forward facing flashlight
- Thinner probe tip for working with wall outlets
- Power switch (standard)
- Green LED means Power on, flashing red LED with beeper means voltage detected
- Low Battery self test
- Two modes- Green- means high voltage mode, Yellow-means low voltage mode
- Silent Mode
- IP67 Waterproof

SPECIFICATIONS

40040S PRO CONTINUITY TESTER WITH REMOTE

The Southwire 40040S provides a simple way of checking continuity on wire and cables. The bright LEDs and loud pulsating beeper provide a positive indication of continuity and polariy. A detachable remote indicator is included for tracing multiple cable runs.

- Bi-color LEDs determine polarity
- Color coded alligator clips for easy connection
- Wiring legend on tester provides simple operation
- Rugged double molded housing

Voltage Detectors & Testers | TEST & MEASUREMENT

40140S 4-WAY VOLTAGE TESTER

Handy pocket size tester checks live AC voltage from 120 to 480 volts in four steps.

- Indicates live voltage from 120 to 480V AC and 160 to 600V DC
- Works on AC or DC voltage
- Compact design
- Probes spaced to fit standard AC outlets
- CAT III 600V and UL listed
- Compact size with pocket clip and durable double molded enclosure
- Includes:
  - 40140S Voltage tester
  - Built-in test leads

SPECIFICATIONS

MODEL #	STOCK #	DESCRIPTION
40140S	582927	4-Way Voltage Tester

AC Voltage Indication:	120V, 240V, 277V, 480V
AC Operating Frequency:	60Hz
DC Voltage Indication:	160V, 330V, 380V, 600V
Dimensions:	5.79 x 1.30 x 1.02 in.
Weight:	0.23 lb.

Test leads in storage position

31040S 1500 DEGREE FAHRENHEIT
20:1 THERMOMETER WITH COLOR ALERT

APO

20:1

-58°F TO 1500°F

The 31040S features 20:1 distance-to-spot ratio and a broad temperature range; this device truly stands out because of its fast response, high/low alarms and dual laser pointer. It is used by maintenance professionals to quickly locate worn machinery, hot spots in electrical panels and defective HVAC equipment.

- Dual lasers pinpoint target area
- 20:1 distance to spot size ratio allows measurements at greater distance
- High/Low temperature alarms and color alert
- Fast 150 milli-second response time
- Backlit display
- Adjustable emissivity for use on reflective surfaces
- Max hold captures highest reading
- Lock-on feature for continuous measurement

SPECIFICATIONS

MODEL #	STOCK #	DESCRIPTION
31040S	582915	1500°F 20:1 Infrared Thermometer with Dual Lasers and Color Alert

5101OS BORESCOPE INSPECTION CAMERA

APO

Borescope inspection camera with 1 meter-long flexible gooseneck allows the user to probe behind walls, inside ventilation ducts and difficult to reach areas that are not otherwise accessible.

- Great tool for maintenance and repair
- High resolution color display
- Four powerful and adjustable LED lights illuminate dark spaces
- Flexible gooseneck can be configured for best viewing
- Up to 2X digital zoom
- Auto Power-Off
- Image Rotation
- Includes (3) accessories that clip on to camera head
  - mirror
  - hook
  - magnet

SPECIFICATIONS

41210S CIRCUIT BREAKER FINDER WITH GFCI

c (UL) us LISTED

The circuit breaker finder pinpoints the specific breaker powering the circuit being worked on. Eliminates guessing and unwanted power outages caused by tripping the wrong breaker.

- Advanced design quickly and reliably pinpoints single breaker without service interruption
- Tests GFCI outlets
- For use on energized circuits
- Includes:
    - 41210S Transmitter and Receiver
    - 3-prong to 2-prong adapter
    - 9 volt battery
- Available accessory: 60030S Adapter Kit

SPECIFICATIONS

MODEL #	STOCK #	DESCRIPTION
41210S	582921	Circuit Breaker Finder

Height:	7.56 in.
Width:	2.52 in.
Depth:	1.65 in.

60020S PIPE CLAMP TEMPERATURE PROBE

The 60020S pipe clamp temperature probe allows quick maintenance checks on heating and air-conditioning systems. It's the perfect accessory for clamp meters and multimeters with a temperature function.

- For multimeters, clamp meters and thermometers that accept a type K temperature probe
- Spring-loaded jaw clamps around heating/cooling pipes up to 1.5" in diameter
- Temperature range: -4° to 200°F (-20° to 93°C)

MODEL #	STOCK #	DESCRIPTION
60020S	582931	Type K Temperature Clamp

60010S REPLACEMENT TEST LEADS

Southwire's 60010S Replacement Test Leads are universal replacement leads for all Southwire meters except the 10010S Analog Multimeter. UL-listed CAT IV 600V, CAT III 1000V. Also includes alligator clip attachments (CAT III 600V).

MODEL #	STOCK #	DESCRIPTION
60010S	582929	Test Lead Kit

60030S ADAPTER KIT FOR CIRCUIT BREAKER FINDER

This adapter kit includes a light socket adapter allowing for rapid location of circuit breakers connected to lighting fixtures. Also includes alligator clips allowing transmitter to be connected to unterminated branch circuit wiring.

- For use with 41210S Circuit Breaker Finder

MODEL #	STOCK #	DESCRIPTION
60010S	582922	Adapter Kit for Circuit Breaker Finder

ESS-1 ELECTRICIAN'S SCISSORS

Unlike regular scissors or shears, the serrated blades of this powerful scissor keeps wire from slipping out of the jaws. Cutting through hardware cloth, cable, wire netting, and other difficult-to-cut materials becomes as easy task.

- Strips 19 AWG & 23 AWG
- Strong, tempered steel
- Nickel-plated finish resists corrosion
- Scraper and file on outside of both blades

CCSX-C1 COAX CCS CUTTER

Many coax cables today have a copper clad steel (CCS) center conductor. This specially designed cutter is made to reliably cut CCS coax that might damage standard cable cutters.

- Reliably cuts copper-clad steel coax without blade damage
- V-notch blade doesn't deform cable
- Forged steel
- Double dipped textured grip

RG59 / RG6 / RG6Q / COAX
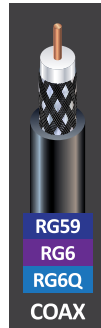

MODEL #	STOCK #	DESCRIPTION
CCSX-C1	587433	CCSX-C1 Coax CCS Cutter

X-C1 ROUND CABLE CUTTER

The stainless steel X-C1 has two cable cutting profiles; a long nose for cutting in confined spaces and a cable tie cutting tip. This is perfect for coax and twisted pair cabling.

- Curved blade profile for clean cuts
- Elongated nose to reach and cut in tight places
- Stainless steel for corrosion resistance
- Double dipped textured grip
- Cutting areas for small and large round cable

PREP AND STRIP

XSR-T1 RADIAL CUTTER/STRIPPER FOR TWISTED PAIR

Cut and strip twisted pair cabling quickly and easily with one tool.

- Rotate knob to adjust depth of the cut
- Strips outer jacket without nicking wires

MODEL #	STOCK #	DESCRIPTION
XSR-T1	587470	Radial Cutter/Stripper for Twisted Pair

SK-T1 KEY STRIP TOOL FOR TWISTED PAIR

The Key Strip Tool for Twisted Pair quickly strips outer cable jackets from CAT 3, 5, 5e and 6 data cable.

- Quickly removes outer cable jacket
- Three positions for different size cables
- Cost effective

MODEL #	STOCK #	DESCRIPTION
SK-T1	587461	SK-T1 Key Strip Tool for Twisted Pair

ST-C1 COAX TRIGGER STRIP TOOL
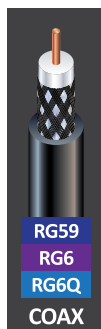

The rotary-style coax stripper performs a fast and precise two-level strip in one easy step.

- Standard two-level strip exposes ¼" of center conductor and ¼" of shield braid
- Innovative "trigger" design improves control and fits comfortably in hand
- Use with RG59, RG6 and RG6 quad shield coax

M300P PROFESSIONAL VDV CABLE MAPPER
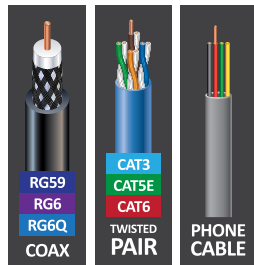

Quickly tests voice, data and video cabling for common wiring faults including split pairs. Rugged, double-molded body includes silicone port covers to protect the ports and an easy-to-read backlit LCD screen.

- Quickly checks for faults on voice, data and video cables
- Identifies correct wiring, opens, shorts, reversals, miswires, split pairs, and shielded cables
- Test patch cables or installed cables
- Built for durability: Double injection-molded housing provides a soft, impact absorbing rubber over a strong ABS frame
- Maps multiple cable runs with included RJ45 & Coax "F" ID remotes (5 of each are included)
- Remote ID kits available separately:
  - M310 Replacement Kit of ID Remotes (5 RJ45 and 5 Coax "F", Remote Numbers 1 - 5)
  - M310-F Expansion Kit of 11 "F" Coax ID Remotes (Remote Numbers 6–16)
  - M310-RJ Expansion Kit of 11 RJ45 ID Remotes (Remote Numbers 6–16)
- Built in tone generator for cable tracing (separate amplifier probe required)

CABLE PULLING

Southwire cable pulling equipment sets the industry standard. We've revolutionized these tools to make them faster, safer, and smarter than ever before. With Southwire cable pulling equipment on your jobsite, you can see an increase in safety, efficiency, and profitability.

• Pullers
• Feeders
• Pulling Grips
• Rope
• Accessories

MAXIS® XD10 EXTREME DUTY CABLE PULLER

The **MAXIS® XD10 EXTREME Duty Cable Puller** is designed to get the job done, thriving in the most extreme pulling conditions. The XD10 allows you to pull faster and safer up to 10,000 lb.

- Smooth Elevation Control: Operates with handle or 18V cordless drill helping to eliminate any lifting
- Pulls out 10 ft. of extra wire without extending the boom
- Gear reducer design allows for increased efficiency, durability and power while maintaining low operating temperature
- 10,000 lb. peak pulling force with a continuous pulling rate of 7,000 lb.
- Conduit adapter sizes 2" - 4" included, 5" & 6" adapters sold separately
- Self Contained: ready to pull with no need for additional parts or equipment to use for set up
- Single person set up and operation: Quickly adapts from underground to overhead pulls
- Collapsible down to 40"H x 26"W x 70"L to fit through standard doorways and ease of transport

MAXIS® 6K CABLE PULLER

A 6,000 pound cable puller that sets up in less than 2 minutes.

- One person, 2 minute setup
- 2 pulling speeds: 12 fpm on low (at no load) and 44 fpm on high (at no load)
- Quickly adapts from underground to overhead pulls
- No need to bolt to the ground on most pulls
- 6,000 lb. peak pulling force with continuous rating of 3,500 lb. on low
- Can adapt to virtually any wire pull
- Can be anchored to most trucks' standard 2" receiver hitch
- Able to pull up to 9 ft. of wire out of the conduit
- Includes 5 conduit adapters 2" through 4", 5" and 6" sold separately
- Includes puller cart with tool bag

MAXIS® FEEDER

A revolutionary new way to feed wire quickly and efficiently.

- Designed and built specifically to accommodate Southwire® SIMPULL™ wire
- Quick 1 person, 2 minute set-up and operate
- Forward and reverse, variable speed, and feeds up to 30 fpm
- May be used with Triggers® Safety system for simultaneous feeder/puller control
- Easily adjust wire tension, even during operation
- Feeds wire sizes from 3/0-3 ½" cable
- Solid rubber tires ans swivel casters that will never go flat for easy job site maneuverability
- Digital footage meter allows easy monitoring of approximate conductor length being fed
- Uses grooved roller design with increased surface area for greater traction force (no pneumatic tires)
- Dual anchoring mechanism
- Maximum traction force: single conductor 800 lb., 4 SIMPULL™ THHN® 500 MCM conductors 1,600 lb. capacity
- Cable capacity: 8 x 250 MCM, 6 x 500 MCM, 5 x 750 MCM

TRIGGERS® WIRELESS SAFETY SWITCH SYSTEM

Safety system designed to control the input power of any piece of jobsite equipment.

- Works with all brands of electrically driven equipment
- Saves time by avoiding unnecessary stops and restarts
- High visibility LED status lights
- Monitors amperage draw indicating when to switch puller to low speed
- Triggers® Wireless Safety Switch System is UL and FCC Certified and carries an IP55 rating
- Foot controls contain dual redudant activation switches
- Military grade 3.4 amps per hour lithium ion battery packs
- Handheld remotes can control pull from any location
- High range: communicates up to 1500' between walls and 1.5 miles line of sight

SLIDE-IT

Slide-It is made for pulling applications to protect cable and rope as it enters the conduit.

- Embedded magnets for quick set up on panels
- Made from durable material
- Tapered end for fast set up in conduit
- Protects rope and cable from sharp panel edges and openings

Pulling Accessories | EQUIPMENT

MAXIS® GRIPS PULLING HEADS

The MAXIS® GRIPS PULLING HEADS are a dual lock pulling system that uses both a cam lock head and a double braided wire to quickly secure cable to rope without the fear of losing a conductor. These pulling heads provide increased efficiency with 2 minute head preparation.

- Rated at 4,000 lb.
- Holds securely to NO-LUBE® wire
- Disconnect wire from pulling heads in 2 minutes without cutting the wire
- No cutting, stripping or weaving of wire to make pulling head
- Easily moves through conduit and around 90° bends
- Staggered lengths for easier movement
- Keeps pulling head tight for easier movement through conduit

QWIKROPE®

An innovative, new high performance pulling rope that is UV resistant, lightweight, and ultra low stretch for all of your feeder and circuit wire needs.

- High performance pulling rope made from ultra high molecular weight polyethylene fibers
- 12 Strand single braided 9/16" pulling rope with a breaking strength of 32,000 lb., pound for pound stronger than steel
- 2 Sizes for all your circuit wire pulls: 1/8" pulling rope with 1,100 lb. of breaking strength, and 1/4" pulling rope with 7,500 lb. of breaking strength
- 24% reduction in the coefficient of friction, as compared to traditional pulling ropes
- Dual factory installed pulling eyes
- Does not absorb water, no rope rot
- Need only one size rope (9/16") for feeder conductor that pulls up to 10,000 pounds
- 1/8" QWIK*rope*® can easily be vacuumed into any conduit run up to 290 ft.
- 9/16" QWIK*rope*® recommended for use with all MAXIS® cable pullers

PULLING ACCESSORIES

SWIVEL AND CLEVIS

Connects pulling head and pulling rope to eliminate winding and tangling of rope and wire during cable pulls.

6,000 lb. Swivel
- Swivel diameter: 1 1/4"
- Maximum rope size: 5/8"
- Designed to pass over sheaves, pulleys and rollers
- Pin roller design added for larger diameter rope and for increased strength by evenly spreading load pressure

10,000 lb. Swivel
- Swivel diameter: 1 5/8"
- Maximum rope size: 1"
- Designed to pass over sheaves, pulleys and rollers
- Pin roller design added for larger diameter rope and for increased strength by evenly spreading load pressure

6,000 lb. Clevis
- Clevis diameter: 1 1/4"
- Maximum rope size: 5/8"
- Connects to cable grip and pulling rope
- Designed to pass over sheaves, pulleys and rollers

SIMPULL™ CABLE GUIDE SYSTEM

Integrated guidance system allowing wire and cable to be routed from a reel into a conduit or cable tray without human intervention.

- Designed to eliminate the manual handling of service and feeder conductors during wire pulls
- Completely customizable for any wire and cable installation
- Minimizes labor effort during installation
- Reduces the risk of jobsite injuries
- Specialized storage cart for ease of transportation
- Roller guides direct and protect wire and cable along any desired path
- Universal clamps attach the system to the reel jacks, switchgear or panel box

XT CABLE STRIPPER

The XTS-01 Cable Stripper is made for end and mid-span terminations of 600 volt 1/0 to 1000 KCMIL or outside diameters from .33"-1.284". Works on THHN, XHHW, RHH, RHW, and USE jackets.

- Cutting depth is adjustable to precisely match insulation thickness for fast stripping while eliminating cable scoring
- Adjustable 4" depth gauge provides consistent repeatable cuts
- Replaceable, precision razor sharp blade that is safely enclosed within the tool, eliminates stripping cables with a knife
- Capacity : wire 1/0 (.33" in diameter) in size to 1000kcMil (approx. 1.284" diameter)

CONDUIT BENDING

We don't just help you bend conduit—we change the way you do it. In addition to offering traditional conduit bending tools, Southwire has designed bending platforms that allow you to bend 1/2" to 2" EMT, IMC, and GRC conduit more efficiently, helping you do more work faster and stay fresh longer.

BENDMAX™ POWER BENDER

PB2000

Power Bender 3/4" - 2" EMT, IMC, Rigid Conduit

- Easily adjustable to ergonomic working height
- 3/4" - 2" EMT,IMC, and Rigid conduit bender
- 2 degree leveling adjustment
- Industrial grade DC drive, and electrical components
- Push cart mounted platform
- Includes free standing conduit roller support
- Total lock casters
- Programmable springback incoorperated into digital readout
- Large analog protractor for accurate bends
- Backlit digital display
- Manual operation in the event of electronics failure
- Billet aluminum hand pendant
- Easily replacable control cable

We've got it

BENDSTATION™ RIGID WORK STATION

RB1000

RIGID RB1000 3/4"-1"

- More accurate measurements, bends, and cuts
- Built-in protractor for quick and accurate bends
- Measure, bend, clamp and cut at a comfortable 36" work table height for reduced labor fatigue
- Store up to 700 feet of conduit or strut
- Extra shelf for storage of tools and materials
- Heavy duty casters for easy transportation and mobility
- Dual bending shoe designed for both 3/4" and 1" Rigid and IMC
- Requires up to 40% less effort than other mechanical benders
- Multi-position chain vise for quick and safe cutting and threading
- Built-in 60" ruler for quick and accurate measuring
- Built-in protractor for quick and accurate bends

BENDSTATION™ PRO WORKSTATION

MB1000

A comprehensive conduit bending workstation for ¾" & 1" EMT.

- Speeds up the entire bending process up to 30%
- More accurate measurements, bends, and cuts
- Built-in protractor for quick and accurate bends
- Comfortable work table height at 36"
- The ability to store up to 900 feet of conduit
- Extra shelf for storage of tools and materials
- Heavy duty casters for easy transportation and mobility
- Eliminates the need to bend over to get a closer look at hand bends
- Less labor fatigue: work standing up and not constantly bending over
- Unique dual bending shoe, designed for both 3/4" & 1" EMT
- Ratchet system designed to make bending 1" EMT safer, easier, and more accurate
- A 60" ruler is incorporated on the working surface for quick and accurate marking
- Unique speed vice designed specifically to hold conduit and unistrut, helps make cutting quicker and safer

HOLE MAKING

Southwire™ has developed industry leading tools for electrical contractors, including a comprehensive line of hole making solutions. With tools ranging from cutting dies to the original drill-powered knockout punch, you can make quick, accurate holes every time without the muscle or mess.

• Knockouts
• Stud punches
• Accessories

MAX PUNCH® XD

Heavy duty knockout punch driver for stainless and mild steel.

- No hydraulics, no ratcheting, no mess
- Thread-in/thread-out removable drawstuds (universal to fit most common KO dies)
- Rated to cut 10 gauge mild and stainless steel up to 4"
- Minimum drill recommendations: 18v cordless, equivalent of 550 in. lbs. torque rated

MPXD-SD

Includes:
- MAX PUNCH® XD drive unit
- 1/2" – 2" MAX PUNCH® Pro cutting dies (rated for stainless steel)
- 2 drawstuds sizes 3/4" & 7/16"
- MAXIS® Marksman™ conduit layout tool
- Step drill bit (3/16" – 7/8", 2 nut drivers) (3/8")
- Heavy duty carrying case

MP-03PRO

Includes:
- 2 1/2" - 4" MAX PUNCH® Pro cutting dies
- 1 1/8" drawstud
- Heavy duty carrying case

MATERIAL HANDLING

As one of the most innovative tool lines in the industry, Southwire Tools and Equipment has provided material handling solutions that move material quickly, easily, and safely. With a product line that includes reel jacks, SIM*pull*™ *Coil*PAK™ carts, and Wire Wagon® carts, you can complete the job better than ever before while saving time and energy.

• Reel Jacks
• SIM*pull*™ *Coil*PAK™ Carts
• Wire Wagon® Carts
• Storage Boxes

REEL JACKS

PRO-JAX™ REEL STANDS

A 6,000 lb. capacity portable reel stand.

- One person can easily transport through most jobsite environments
- Minimum drill recommendations: 18V cordless, equivalent of 550 in. lb. torque rated, for reels 3,000 - 6,000 lb.
- Easy adjustment for uneven surfaces on jobsite
- Axle rests on steel rollers for easy wire pay off
- Axle safety guard ensures that reel will not fall off of jack stands
- Uses an 18V cordless drill to lift wire reels
- PRO-JAX™ stands can lift up to 6,000 lb.
- Can be used with 1 1/4" - 3" axle

MAXISJAX® REEL STANDS

A unique reel stand that will quickly set up and lift wire reels safely and efficiently without the hassle of conventional stands.

- Easy to store and transport
- Breaks down into a compact storable tool
- Jaw clamps onto axle so that wire reels won't come off or fall over
- Multiple steel rollers make it easy for one person to roll off heavy wire
- Max lever allows one person to lift wire reels off the ground with minimal effort
- Uses either a 1-1/2" to 2" rigid pipe for an axle
- Works on reels up to 48" tall

WARRANTIES

What Does This Warranty Cover?

Five-Year Limited Warranty on Contractor Equipment

Under Southwire's Contractor Equipment 5-Year Limited Warranty, Southwire Company, LLC warrants that all Southwire Contractor Equipment will be free from manufacturer defects for a period of five (5) years from the date of the original end user's purchase. However, electrical components and consumable parts such as ropes, blades, dies, draw studs, grips, are excluded from this 5-Year Limited Warranty and are subject to the One -Year warranty terms. Under this 5-Year Limited Warranty, the following are also excluded and Southwire Company, LLC will have no liability for any of the following: normal wear and tear resulting from product use and damage arising out of misuse, abuse, modification, and improper product maintenance. This warranty also does not cover Southwire Contractor Equipment products that have been modified by any party other than Southwire Company, LLC or its authorized third party designee. This 5-Year Limited Warranty is not transferrable to or enforceable by any person other than the product's original end user.

Three-Year Limited Warranty on Material Boxes

Under Southwire's Material Boxes 3 -Year Limited Warranty, Southwire Company, LLC warrants that all Southwire Material Boxes will be free from manufacturer defects for a period of three (3) years from the date of the original end user's purchase. Under this Three-Year Limited Warranty for Material Boxes, the following are excluded and Southwire Company, LLC will have no liability for any of the following: normal wear and tear resulting from product use and damage arising out of misuse, abuse, modification, and improper product maintenance. This warranty also does not cover Material Boxes that have been modified by any party other than Southwire Company, LLC or its authorized third party designee. This 3-Year Limited Warranty is not transferrable to or enforceable by any person other than the product's original end user.

One-Year Limited Warranty on Electrical Components and Consumable Parts (with 5-Year warranty)

Under Southwire's 1-Year Limited Warranty, Southwire Company, LLC warrants that all electrical components and consumable parts such as ropes, blades, dies, draw studs, grips will be free from manufacturer defects for a period of one-year from the date of the original end user's purchase. Under this 1-Year Limited Warranty, Southwire Company, LLC will have no liability for any of the following: normal wear and tear resulting from product use and damage arising out of misuse, abuse, modification, and improper product maintenance. This warranty also does not cover Southwire electrical components and consumable parts that have been modified by any party other than Southwire Company, LLC or its authorized third party designee. This 1-Year Limited Warranty is not transferrable to or enforceable by any person other than the product's original end user.

One-Year Limited Warranty (stand alone)

Under Southwire's 1-Year Limited Warranty, Southwire Company, LLC warrants that this product will be free from manufacturer defects for a period of one-year from the date of the original end user's purchase. Under this 1-Year Limited Warranty, Southwire Company, LLC will have no liability for any of the following: normal wear and tear resulting from product use and damage arising out of misuse, abuse, modification, and improper product mainte-nance. This warranty also does not cover Southwire products that have been modified by any party other than Southwire Company, LLC or its authorized third party designee. This 1-Year Limited Warranty is not transferrable to or enforceable by any person other than the product's original end user.

Exclusion of Incidental, Consequential, Indirect, Special and Punitive Damages

SOUTHWIRE MAKES NO WARRANTY THAT SOUTHWIRE CONTRACTOR EQUIPMENT PRODUCTS WILL BE MERCHANTABLE OR FIT FOR ANY PARTICULAR PURPOSE. SOUTHWIRE MAKES NO OTHER WARRANTY, EXPRESSED OR IMPLIED, OTHER THAN THE RELEVANT WARRANTY SPECIFICALLY SET FORTH IN THIS WARRANTY SECTION. SOUTHWIRE WILL NOT BE LIABLE FOR ANY INCIDENTAL, CONSEQUENTIAL, INDIRECT, SPECIAL, OR PUNITIVE DAMAGES FOR ANY BREACH OF THIS LIMITED LIFETIME WARRANTY.

Some states do not allow the exclusion or limitation of incidental or consequential damages, so the above limitation or exclusion may not apply to you.

Warranty Claim Information/How Do You Get Service?

For all warranty, customer service, and product return authorizations and inquiries, please contact Southwire's Tools & Assembled Products at:

Southwire Tools & Assembled Products

840 Old Bremen Road

Carrollton, GA, 30117

Phone Number: 1.855.SW.Tools

1. All warranty claims must be approved by Southwire's Tools & Assembled Products Warranty Department prior to return of product. If Southwire de-termines that a product is defective, Southwire will, at its option, repair or replace defective products or defective product components, free of charge.

2. Upon approval, Southwire will issue a Product Return Authorization Form which will include instructions on how and where to return the product. The product serial number and the original date of delivery must be set forth on the Product Return Authorization Form.

3. Southwire will cover standard freight charges (Courier Ground rate) incurred in connection with products that Southwire ultimately determines to be defective.

4. All defective components and defective products that Southwire replaces under these Warranties will become Southwire's property and will be retained by Southwire.

Fixing Your Product When it is Out of Warranty

Southwire is happy to provide information about where a purchaser can send a product for repair at consumers' own expense, please contact 1.855.SW.tools or visit www.southwiretools.com/tools/home.do for more information about servicing for Southwire Products.

SUMNER*
A Southwire Company

Sumner, A Southwire Company, is a recognized leading manufacturer of material lifts, jack stands, welding tools, material carts and other tools and equipment for the construction market. We are a key supplier to the welding and mechanical contracting industries and have a market presence in more than 50 countries around the world. Sumner maintains manufacturing and sales operations in Houston, Canada, China, the UK and the Netherlands.

For a full range of material lifts see the Sumner Material Lift Catalog or visit sumner.com.

PFAST™

PIPE FITTING ALIGNMENT SYSTEM TECHNIQUE

A Professional Fit-Up System For The Fabricator

785450

Assembled
IN AMERICA

✓ Fit-up 1" to 8" flanges, fittings, reducers, caps and pup joints

✓ Capable of 300 lb pressure-rated flanges

✓ Handles 600 lbs / 270 kg loads

✓ Exceptionally accurate

✓ Fit and tack 75 to 90 joints during an 8 hour shift

✓ Now in stainless steel

With the purchase of each PFAST system, Sumner provides optional in-house set up and training to ensure that your team is comfortable in operating and maintaining your PFAST system. Each unit comes complete with all accessories to perform most fit up applications and a mounted electronic tablet that provides a step-by-step pictorial instruction on how each assembly is set up.

Built for years of use, the Sumner PFAST system will quickly help fabricators be a production leader in their industry.

STRIPES & COOL COLORS® EXTENSION CORDS

2548USA1

Display America's colors on the jobsite with the rugged, striped, contractor grade extension cords dedicated to hard working contractors. They are highly visible red, with patriotic stripe colors. Contractor grade extension cords all have molded water resistant connectors with reinforced blades that make them suitable for all weather use. Increase safety awareness and help to prevent jobsite loss or theft with STRIPES and Cool Colors outdoor extension cords. Each extension cord features a dominate high-visibility color. Other cords feature a stripe that runs the length of the jacket. All Stripes and Cool Color cords feature a power indicator light in the receptacle to show power is on.

- Variety of colors for added safety and theft deterrence on the jobsite
- Power indicator light in the female receptacle to show that power is on

RETRACTABLE ELECTRICAL POWER CORD REELS

R112318845

48208802SW

Southwire's heavy-duty, industrial-grade, spring retractable electrical and power cord reels are ideal for putting light and power where needed with quick retraction and convenient storage. They are suitable for many industrial and commercial applications where portable electrical power and handheld lighting is required. These versatile cord reels help make cord handling safer and more efficient while extending the life of the cord and improving the work place.

- All steel construction is rugged and durable, providing structural strength
- Long-life drive spring is enclosed for protection against the environment
- A baked-on powder coated finish on steel components provides maximum corrosion resistance
- Adjustable guide arm allows reel to mount on ceiling, wall, bench or floor
- Latching system allows cord length to be maintained outside of reel
- Supplied with premium electrical cord and pre-installed accessories
- Frame is stamped with stiffening ribs and forms then robotically welded
- Stamped steel cable spool has angled edges to protect cord
- Highest quality spring steel drive spring has several free coils in the center; forming a smooth radius that engages the spring arbor for maximum performance and life
- Premium quality, highly flexible, long-life electrical cord is ideally suited for use on a reel

BATTERY BOOSTER CABLES

08860

Southwire has manufactured booster cables for several decades leading the marketplace with product innovations that include: No-Tangle™ cable twin extrusion, TPE insulation, no-shock clamp, UL listings, and copper-clad aluminum cable.

Some models feature Southwire's patented Polar-Glo™ clamp with triple-polarity identification: color-coding, indent stamping, and glow-in-the-dark labels. This clamp attaches firmly to both top post and side terminal batteries. All energized clamp surfaces are shielded to avoid short circuits and conductive clamp surfaces are recessed to prevent accidental contact.

• Jacket material exhibits rubber-like flexibility, high abrasion resistance, a -40º to 60º C temperature range, lighter in weight than other PVC, high resistance to almost all environmental exposures
