

FEISS®

EST. 1955

Trust is at the cornerstone of everything we do. Whether you are selecting a product for your own space or on behalf of a client, we want to ensure it will delight for years to come. Our designers travel the world over seeking inspiration. We speak to customers regularly. We listen. The common theme we hear is value. As such, we are devoted to delivering uncompromising style and quality over a broad price continuum. Some designs make a bold statement and will no doubt become the focal point of your space. Others are more understated and elevate the space as a whole. We also have hundreds of products integrating energy efficient, longer-lasting LED lamp sources.

Throughout this catalog you will experience an extensive offering across a wide aesthetic spectrum - from timeless traditional to incredibly innovative. We also welcome the opportunity to fulfill your custom needs. It could be something as simple as a complementary finish or converting one of our products to an energy efficient lamp. We can also help you design and develop a completely unique solution that best completes your vision for a particular project. Please consider reaching out to our Specification team.

At Feiss, we know your surroundings reflect your very personal taste. We are thrilled to be a part of it.

REFERENCE GUIDE

Throughout this catalog we use different icons to represent important features of a particular product along with an extensive finish code system. The next two pages describe each of those important details to help make your selection process easier.

ICONS

NEW

REPLACEMENT BULB
Indicates which fixture offers the option of using an LED or CFL replacement bulb

INTEGRATED LED
Fixture comes with integrated LED solution

WARM-ON-DIM LED
Fixture comes with 90 CRI integrated LED with warm-on-dim technology

MOUNT UP-DOWN
Designed to mount either facing up or down

WET LOCATION
Listed for wet location

DAMP LOCATION
Listed for damp location

DIFFUSER
Comes with a diffuser to soften and disperse the light

DUO-MOUNT FIXTURE
Can be mounted either as a hanging or a semi-flush fixture

ADA COMPLIANT
Meets the Americans with Disabilities Act parameter of maximum 4" extension

MONTE CARLO FAN
Has a coordinating Monte Carlo fan

MOUNTING HARDWARE

All Feiss fixtures come with mounting hardware included. Below is a list of installation hardware that comes standard with all Feiss Fixtures.

CHAIN LENGTH

- 5 FT.** 1 tier fixtures/ or 30" or less in diameter uplight fixtures/ and less than 50 lbs.
- 7 FT.** 2 or more tier fixtures/ or bigger than 32" diameter uplight fixtures/ or 50 lbs. or more weight.
- 6 FT.** Up to 8 light fixtures/ or 32" or less in diameter uplight fixtures/ and less than 50 lbs. weight
- 8 FT.** 9 or more light fixtures/ or bigger than 32" diameter uplight fixtures/ or 50 lbs. or more weight

WIRE LENGTH

- 15 FT.** 5' ft. chain fixtures/ or 7' ft. chain fixtures with less than 35 lbs.
- 20 FT.** 7' ft. chain fixtures (with 35 lbs. or more weight)
- 8 FT.** fixtures with 6' ft. chain
- 10 FT.** fixtures with 8' ft. chain

STEM HUNG FIXTURE

- (4) 12" stems + (1) 6" stem/ and 15' ft. wire
- (4) 12" stems + (1) 6" stem/ and 8' ft. wire
- (3) 12" stems + (1) 6" stem/ and 15' ft. wire (Mini Pendants Only)
- (3) 12" stems + (1) 6" stem/and 8' ft. wire (Mini Pendants Only)

VAULTED CEILINGS

All Feiss pendants featuring stem kits come with canopies equipped with a 90° swivel to allow for mounting on vaulted ceilings.

QUICK LINKS

All Feiss chain hung fixtures include two quick links for easy installation.

LED CHOICES SELECTED JUST FOR YOU

The benefits of LED technology are becoming more widely known, and consumers and design professionals alike are seeking solutions that meet their aesthetic and functional needs. They also want to feel great in their space while contributing to a better tomorrow. Fortunately, LED performance is finally able to live up to its promise, and price points and technology have gotten to the point where LED is often times the preferred option in countless applications.

As such, we believe the time is right to transition from having a modest LED offering to one of the broadest LED portfolios in the decorative lighting industry. At Feiss, we have leveraged the technology partnerships and scale of our parent company, Generation Brands, to introduce game-changing decorative LED fixtures. We are introducing numerous new dedicated LED products, integrating LED into a significant portion of our existing product line, and offering LED replacement bulbs for easy conversion.

THESE ICONS WILL HELP YOU DETERMINE THE RIGHT LED SOLUTION FOR YOU

REPLACEMENT LED
AND/OR CFL

INTEGRATED LED

WARM-ON-DIM LED

LED REPLACEMENT BULBS

LED replacement bulbs have improved dramatically over the past several years. What was once presented as a sub-par solution to address a market opportunity is now an excellent option utilizing the existing industry infrastructure.

One challenge is that the number of options available can be overwhelming and make it difficult to discern a poor solution from an exceptional one. At Feiss, we have taken the guess work out.

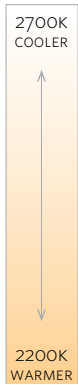

As the industry changes almost weekly, be sure to visit feiss.com for our latest recommendations.

AN INTEGRATED APPROACH

Replacement lamps are not always the ideal option. They may not meet local energy codes, be sized appropriately, perform as required or encompass the right feature set. And they may not afford the flexibility to introduce truly breakthrough technology and design innovation.

Throughout this catalog, you will see designs that take advantage of LED's form factor to create unique fixtures that never would have been possible with traditional lamping technology. They represent the marriage of form, function and uncompromising performance.

INNOVATION THAT WARMS WHEN YOU DIM

As part of Feiss's integrated approach, you will also see us utilize our new warm-on-dim LED modules in over 170 fixtures across 16 collections. Many people enjoy the way their incandescent lightbulbs 'warm' as they dim. In the industry, we call this going from a higher color temperature (think crisper white) to a warmer color temperature (think candle light). Traditionally, LED lights retained the same color temperature as they dimmed. There is not anything inherently wrong with this, but some people prefer the way they feel under warmer color temperatures in applications where the lights are turned down.

Our warm-on-dim module not only offers warm dimming (from 2700K to 2200K), it also has an outstanding 90+ color rendering index (CRI), which is a measure on a scale of 100 of the light source's capability of presenting colors as closely to how they appear in natural light. Also, because we are utilizing driverless AC technology, we are able to keep the cost extremely competitive without compromising quality. In fact, no other similarly priced LED solution in the industry offers this level and type of light performance.

VINTNER

Wine glass-shaped, Opal Etched glass shades inspired the Vintner collection's name and are finished with a beautiful ripple accent at the base. The sweeping body design is achieved by using smaller arms at the top and slightly larger arms below. At the transition point, a decorative sphere detail acts as a perch for each glass shade.

PENTAGRAM

A pentagon design motif is featured throughout the Pentagram collection, including the hub of each multi-armed fixture and each bobèche, which are die cast for crisp detailing and light reflection. The body, backplates and finials are unified with the same geometric theme. Shades are White Shantung Silk or Opal Etched glass. Alternating Satin Nickel and Polished Nickel finishes create an upscale appearance.

PREAKNESS

The Preakness collection echoes the styling of dressage bridle. Satin Nickel and Polished Nickel finishes alternate to elegantly highlight the structure. Each detail has been keenly considered from the tassel-shaped finials to the perch created by the "stirrups" upon which each lamp rests. The tapered, matte White Opal glass shades have closed bottoms so lamping is hidden.

CORINNE

The modern orb of the Corinne collection is interpreted in two distinct ways. In Polished Nickel, it features crystal inlay along the inner surfaces for dramatic sparkle. In Oil Rubbed Bronze, hammered details embellish the inner surfaces to catch light for a more rustic aesthetic. The center candles are attached by a hub giving the illusion they're floating.

LISMORE

Modernizing the traditional wagon-wheel profile, the Lismore collection puts a contemporary twist on a classic. An unexpected pressed crystal detail on each stem adds a bit of updated glamour to the clean lines of the tapered fabric shades.

FORDING

The Fording collection elevates the traditional lantern with modern, clean and tailored lines. Each arm is encased with one solid, extruded piece of polished crystal - a highly unique feature because drilling crystal of such length is extremely challenging. Each arm is die cast to eliminate any corner seams and has a beveled edge to catch the light. The bright, white diffuser gives crisp, white light.

HOBSON

The Hobson collection brings the industrial-inspired pendant to a whole new level of modern detail and technology. The top pivot adds authenticity, and the large selection of shades, including three metal finishes, Opaque Case or Seeded Clear glass, meets any design objective. An LED replacement lamp can be used for those who want this look with the most energy-efficient option available.

DIAMOND

Inspired by stained glass, the Diamond collection features modern, large-scale, pendants with dramatic facets made of individual panes of glass in a metal frame. The Opal White glass creates a warm glow and hides the internal lighting. Soft light shines out the bottom of the open pendants. The custom canopy features a raised, faceted design detail to continue the motif.

AMATO

Inspired by antique globes perched in wooden stands, the Amato collection features with classic orb, while also offering a unique oval silhouette. The Opal White glass diffuses the light, and the straps give a tailored refinement. With a nice variety of large-scale sizes, these ubiquitous pendants easily complement both traditional and modern décor as well as residential or commercial applications.

SUMMERDALE

Like ribbons blowing in a summer breeze, the soft, organic body line of the Summerdale collection is created by using a uniquely flat arm stock, with each arm flowing outward to meet the others, beneath each bell-shaped, Etched White glass shade. This light and airy design is a perfect complement to a wide range of décor.

BARRINGTON

The Barrington collection conveys simple refinement with flair. The Opal Etched glass shades create a warm, soft glow, and the subtle details found in the body construction add visual interest without upstaging the surrounding décor.

STANDISH

The Colonial inspiration is clear in the design and the name of the Standish collection—after Myles Standish who arrived in Plymouth on the Mayflower. The simple and delicate curves reinforce the Colonial styling and complement the tulip-shaped, glass shades.

NOLAN

Influenced by Prairie style architecture, the Nolan collection has vertical lines and ribbon-like arms. The housing is constructed of steel finished in Heritage Bronze which is offset with beautiful Cream Etched glass shades.

COLORADO SPRINGS

Modern, rustic crystal elements work beautifully in the Colorado Springs collection. Clear crystals floating in metal rings are threaded onto chain and strung into drum shades. This unusual marriage of dark and light fashioned into a familiar, transitional silhouette brings a bit of glamour to the ultimate mountain luxe cabin or urban loft.

HUNTLEY

Inspired by the rich, rustic design of ranch ironwork, the Huntley collection is characterized as a mountain luxe style. The arms are die cast to achieve superior quality and detail. The mouth-blown, Ivory Powder Frit glass creates a delicate feathered detail like a glowing candle. Ships with two finial options—a simple disk or a drip cup detail which complements the bobèche.

PRAIRIELANDS

Inspired by Prairie School architecture, the geometric motifs, linear silhouettes and dark finishes of the Prairiелands collection have all been updated to create a transitional design perfect for sleek sophisticated or more rustic decor. Dense bubbles in the Clear Seeded glass create a soft contrast to the dark frame, subtly obscuring the light source.

YARMOUTH

The Yarmouth collection is an elegant and clean interpretation of traditional lanterns. The square arm stock is turned 45 degrees so the narrow edge is facing out to catch the light, and an arch crowns the top of each graceful silhouette. Completely open with no panes of glass.

ALLIER

Named for a French forest from which wood is used for wine barrels, the Allier collection features orbs made of aged oak which is kiln-dried to prevent cracking. This modern take on a traditional material and silhouette makes an elegantly rustic statement.

LUMIÈRE

Based on French countryside influences and a hand-crafted, artisan aesthetic, the Lumière collection is rich in texture. Cross-hatched, natural oak wood (kiln-dried to avoid cracking and weather well over time) is coupled with Seeded glass and rope details to complete the look. Lumière is also offered in a clean-lined option without the cross-hatched wood.

BLUFFTON

Inspired by mountain luxe trends, the transitional Bluffton collection has a perforated screen shade much like that of a cozy fireplace—with decorative hooks and rods adding to the unique, rustic details. Using Edison-style bulbs furthers the warm and inviting look.

ETHAN

The Ethan collection is a contemporary take on the strong verticals and horizontals of the elegantly simple, Asian influences of the Prairie style. The dark Antique Forged Iron finish contrasts dramatically with the Brushed Steel candle tubes and sleek Clear glass surrounds, which ingeniously can all be removed and run through the dishwasher to keep them sparkling clear.

BOULEVARD

A stylish interpretation of the simplicity characterized by both Asian and Shaker style is evident in the expansive Boulevard collection. Every element is both functional and stylish. At home in both a sophisticated metropolitan apartment as well as in a more rustic country home, the pieces will endure with timeless style.

MORNINGSIDE

The Morningside collection has gracefully curved arms in rugged wrought iron, finished in Grecian Bronze. The silhouette is softened with its coordinating Cream Opal etched glass shades with a scalloped, floral influenced edging.

ALSTON

The Alston collection is inspired by a medieval Country French cottage. In step with the weathered texture trend, the Alston collection is finished in a two-tone, rustic Charcoal Brick finish and features sweeping arms in an Antique Forged Iron finish with a spearhead detail at each bold rivet.

ADAN

Inspired by the mountain luxe design trend, the Adan collection is made of solid Burnished Wood, accented with rustic metal fittings. Cascades of carved wood beads complete the transitional look. A beautiful linen shade is added to a 4-light and 6-light island chandelier.

F2751/6 RI/BWD
Island Chandelier

EL NIDO

Spanish for "the nest," the El Nido collection's name and inspiration is clearly interpreted in this contemporary design. Flat arms extend and overlap into a geometric bowl shape, forming a nest upon which the Striated Ivory glass shades rest. The overall silhouette has clean lines while still delivering the desired drama.

ARIS

The movement and warm glow of the thick Amber Swirl Art glass is the central design element of the transitional Aris collection. Inner cylinders of White Opal Etched glass give the illusion of a candle glowing behind the dramatically slumped surface of the outer art glass panels.

CASCADE

The unusual coupling of glass crystal beads and natural shells is the central design inspiration for the Cascade collection. The light and delicate crystal/shell strands are in dramatic contrast with the rich Heritage Bronze finish, creating a statement piece sure to become the focal point of the room.

PAVÉ

Inspired by the craftsmanship of fine jewelry, a Silver Crystal inlay is coupled with White Shantung Silk shades in each fixture of the Pavé collection to add sparkle in an unexpected and cleanly tailored way. This transitional design delivers vibrant elegance to any room's design without overpowering the rest of the beautiful décor.

TORI

The subtle silhouettes of the modern Tori collection become infinitely more elegant with the ombré effect. Through a hand-dyeing process, ombré is achieved when rich colors softly fade to white, which is difficult to accomplish as evenly as we do, knowing light will be shining through the fabric. Choose from two included finials — the metal tassel or sleek metal cap.

MARQUISE

Designed to follow the cut of a diamond, the Marquise collection has a delicate, exposed metal frame adorned with a silver leaf application and then finished with a string of hand-applied crystal beading to grab the warm light and make a dynamic sparkle as the focal point of its surroundings.

AVELINE

Inspired by a bride's wedding jewelry and veil, the romantic, delicate details of the Aveline collection bring a special element to a traditional silhouette. There are three sweeping chains draped from arm to arm with alternating crystals and ghost pearls. The shades are made of luxurious organza with a touch of gray trim for a tailored finish.

AUDRIE

With a sleek, sculptural shape, the Audrie collection marries a glamorous Hollywood Regency silhouette with a modern integrated LED design. The LEDs are nested in the vertical body frames, emitting a warm glow from the arms of the sconces or the kinetic, mobile-like pendants.

KHLOE

This Khloe collection features LEDs nested within modern, sculptural frames. The orb pendant's LEDs shine inward from half the arms while crystals are inlaid on the opposite arms for sparkle interplay. The sconce's embedded LEDs throw light back toward the wall to create a warm glow on the backplate's metal insert which is stamped with a subtle linen pattern and finished in a contrasting tone to the fixture's overall finish. Fixtures of vast scale are ideal for commercial applications.

CODDINGTON

Influenced by a mid-century modern aesthetic, the Coddington collection takes a minimalistic approach to its clean design. This all-in-one solution mimics the look of staggered pendants, each with an White Opal Etched glass shade. The cone shaped canopy is a fun finishing touch to this design.

KINCAID

The Kincaid collection is modern and warm, featuring a strong metal frame, in a soft Brushed Steel finish, which forgoes the traditional round construction with unique, flat arm supports instead. The frame's clean lines complement the drum-shaped Opal Etched glass shades.

CELEBRATION

With its varying heights, the Celebration collection captures the look of sparkling champagne-filled flutes being toasted in the air. The Crystal Flute shades are made of heavyweight crystal which sparkle when illuminated. A Brushed Nickel finish with Natural Brass accents add to the contemporary look.

ZARA

The Zara collection is comprised of metal squares and rectangles hand-welded to create a unique, contemporary shade coupled with an inner shade or diffuser to soften the light. The distinctive design details are grounded with solid, squared-off arms to add to the substantial silhouette.

STONESEND

The Stonesend collection is a modern update to the graduated, circular chandelier. Polished, natural stones strung in an alternating pattern with small crystals create soft cascades which follow the free-flowing curves of the spiral frame. A central halo hides LEDs aimed downward to create a soft glow in the center of these beautiful, contemporary statement pieces.

ARABESQUE

Inspired by the intricate scroll work of a garden gate, the Arabesque collection delivers amazing design detail while still achieving an overall sleek silhouette.

Most fixtures feature an Ivory Linen shade behind the scroll work to softly diffuse the light.

MATRIMONIO

Inspired by antique, Italian wedding chandeliers which hang above the bride and groom's table, the traditional Matrimonio collection is named after the Italian word for "wedding." Warm tones bring out the rich depth of the turned details, decorative drops and rustic chain. This collection would be at home in surroundings from traditional or shabby chic to country farmhouse or urban rustic.

HARTSVILLE

The sweeping silhouette of the Hartsville collection was inspired by the farmhouses and country life of the Colonial American heartland. With soft, distressed finishes of Dark Weathered Zinc coupled with Weathered Oak detailing or Chalk Wash paired with Beachwood detailing, these designs are perfect in any number of settings from traditional to coastal casual décor.

CAPRICE

The Caprice collection reflects the look of casual, coastal design starting with its Chalk Wash finish. This nature inspired soft look continues with Belgium linen shades and Selenite rough-cut crystals (which are removable). Reminiscent of the shoreline, the delicate arms represent waves washing ashore, and the crown on the chandeliers emulates a setting sun.

ANGELETTE

The layering of delicate wires in the Angelette collection is inspired by antique corsets. The faceted, teardrop crystals catch the light and add a fantastic sparkle. The elegantly simple candles allow the dramatic curves to be the focus of the design. This traditional collection conveys vintage, French country elegance while maintaining an airy aesthetic.

MADEMOISELLE

Draped in faceted Prismatic glass crystal beads and multifaceted hand polished teardrops, the fixtures of the Mademoiselle collection look as if hung in the countryside home of a European aristocrat. Gracefully curved wrought iron tapered arms flourish into elegant curls. The rich Peruvian Bronze finish completes the Victorian look.

DRAWING ROOM

The Drawing Room collection is inspired by the Edwardian era, with the overlapping arch motif and fluted detailing found both in the pressed Amber Scavo glass bowls and the die-cast aluminum fitters. The fretwork elements draw on traditional British architectural themes.

JUSTINE

With a traditional early 1900s British design highlighted by sinewy curve details, the Justine collection casts a soft ambient light under its creamy, graduated Aged Oak glass shades. A unique central flourish attracts the eye and gives each piece an appealing distinction.

TUSCAN VILLA

This casual yet elegant collection evokes the look of undulating, overlapping vines through the creative use of curved rectangular tubing. The gently scalloped Champagne Scavo glass on some pieces appears to be budding flowers on the vine, while the soft lined Beige Silk shades top others.

CERVANTES

This rustic European country-inspired collection features 18th century details and a unique double arm design with a dramatic swirl upsweeping into the flat arms extending to the crown. The hand spun candle cup and bobèche coupled with the Frosted Amber glass add to the appeal and create the ambient atmosphere of a warm, European pub.

URBAN RENEWAL

The Urban Renewal collection is a diverse selection of pendants, chandeliers and sconces all inspired by the 20th century industrial revolution. Featuring reproduction pieces from the nation's vintage factories and warehouses, Urban Renewal brings an industrial-inspired aesthetic to any home--adding flair and fun to classic, traditional decor or to the most sleek, contemporary urban spaces. No doubt, what's old is new again!

FEISS

BOTANIC

With both masculine and feminine influences, the transitional Botanic collection is a study in contrast. The spun metal drum captures the richness of an antique patina with natural variations. Then, elevating the piece is a dynamic Clear Pressed glass diffuser with a subtle floral gesture, which is then highly polished to generate breathtaking sparkle.

HOLLOWAY

A modern take on period-inspired, warehouse fixtures, the Holloway collection of pendants is rich with design detail. The matte, textured shade contrasts beautifully with the spun metal profile and matching metal trim. The White Opal Etched glass has a contemporary silhouette to soften the light while allowing direct down light through the center. The canopy is painted to match the shade.

FUSION

Elements from both Asian and Arts & Crafts styles combine to create the design inspiration for the Fusion collection. The intersection of vertical and horizontal linear banding creates a beautiful contrast against the Amber Ribbed glass shades and diffuser.

JOPLIN

The ubiquitous drum shade has been updated with a wholly contemporary look with the laser cut metal shade surrounding the silk inner shade of the Joplin collection to send soft light through the random geometric patterns.

BASKIN

The Baskin collection is an ultra-clean, modern take on the classic Antique Socket pendant light. In three, iconic silhouettes (cone, chimney and dome), the Clear Thick glass pendant brings warmth and sparkle to any setting, while nicely blending into its beautiful surroundings. Within the sleek and elegant shade, the Edison-style lamp becomes a dramatic focal point.

FRONTAGE

The modern Frontage pendant collection is an updated interpretation of a vintage warehouse fixture. In conical silhouettes, the Etched glass or Pressed Clear glass shades create a dramatic contrast to the industrial frame detail which crowns each pendant. The antique inspired Edison-style lamps reinforce the vintage reference while giving the fixtures a dramatic and contemporary flair.

CADENCE

Harking back to period-inspired, warehouse lighting, the Cadence collection is a contemporary update to historic industrial fixtures. The vented top, square-linked chain, and riveted center band are all design details which add rich, visual interest yet don't distract from the clean lines of the overall silhouette.

CORDDELLO

With the Corddello collection, you can create a completely custom design. Two styles of vintage-inspired turned sockets, available in four weathered finishes, bring the look of a bare lamp to a whole new level. Install a single pendant for accent lighting or cluster several together in a dramatic lighting installation. Perfect for contemporary or traditional settings.

FREEMONT

The uniquely designed Freemont collection marries the warehouse industrial trend with a fully modern High Gloss color palette and a touch of unexpected glamour with the use of crystals framed by the open detail in the fixtures crown.

DUTCH

The Dutch collection of pendants features the clean lines of a modern interpretation of factory-inspired lighting. The elegantly simple silhouettes are created using a classic metal spinning technique. The contemporary, fresh palette of soft colors adds an unexpected design pop finished-off by the on-trend fabric cords.

PARKMAN

The Parkman collection is a period-inspired group of pendants and flushmounts featuring classic detailing taken to a modern scale. The largest option is an over-sized silhouette sure to make a dramatic statement. Group several pendants together of consistent or varying sizes to create an impactful installation where a chandelier might traditionally be placed.

TABBY

Marrying an elegant spherical silhouette with the look of exposed lamping, the Tabby collection is an all-together modern update to a classic pendant. Two different silver leaf techniques are used to produce either a Dark Brown or True Silver Mercury glass effect. The spun socket cup adds an extra special detail in the transition from the glass shade to the bulb.

HOUNSLOW

A unique, elongated dome shade is featured in both the pendants and flush mounts of the Hounslow collection. There are three glass options: Clear glass to showcase a unique bulb, as well as two variations of Mercury glass, created by two different techniques used to produce either a Dark Brown or Silver Mercury glass.

URBAN RENEWAL

The Urban Renewal collection is a diverse selection of pendants all inspired by the 20th century Industrial Revolution. Featuring reproduction pieces from the nation's vintage factories and warehouses, Urban Renewal brings an industrial-inspired aesthetic to any home—adding flair and fun to classic, traditional decor or to the most sleek, contemporary urban spaces. No doubt, what's old is new again!

PARKER PLACE

The Parker Place pendant light collection is inspired by industrial lighting reminiscent of the early 20th century. To further the vintage look, some of the pendants are finished in either Brushed Steel or Dark Bronze. Others get a contemporary update with domes made of White Opal Etched glass.

BESO

The Beso collection of pendants is inspired by 1960's Scandinavian designs featuring sleek, simple lines - offered in three sizes. The metal shades are offered in Black, Brushed Steel and Polished Nickel finishes to create three distinctive looks. Fun and dramatic as a single fixture and absolutely spectacular when grouped together in a multi-pendant installation.

WOODSTOCK

The Woodstock collection features laser cut strapping arranged in a circular "cage." The soft silhouette and Brushed Steel candle covers dramatically contrast the dark Textured Black finish of the body, rigid stem and canopy. As a single pendant or grouped in a multi-level installation, it will be the focal point of any space. A unique bulb will create an even more artistic look.

ARGENTO

Soft light shining through an orb of Silver Leaf Fleck glass is the central focal point for both the fixtures in the Argento collection. Coupled with the Oxidized Silver Leaf finish, the fixtures have rich depth, adding beauty to any room.

FEISS

AMANI

New technology, traditional design elements and a modern silhouette converge in the Amani LED flush mount. LED light guide technology illuminates the entire bottom surface with a soft glow. Framed by any of three screen motifs (Woven, Link or Arabesque), the design is stamped out of the steel fixture to complement all styles from traditional to ultra-modern décor.

EDGEBROOK

With integrated LED, the Edgebrook collection of modern bath bars delivers both energy efficiency and clean, classic beauty. The cylindrical linear glass shade is complemented by a rectangular backplate. LEDs warmly glow through Etched Opal glass to provide soft task light. Hidden hardware ensures clean lines. Ideal for residential and commercial settings because it's energy efficient, ADA compliant and can be installed vertically or horizontally.

LEDDINGTON

In the Leddington LED bath collection, modern technology combines with a traditional aesthetic, so those with a classic décor can benefit from the energy efficiency of LED. Our proprietary LED module illuminates the tapered Opal Etched Cast glass shade for an even, downward glow, eliminating any wasted light out the top. An arched, window pane detail on the backplate reinforces the traditional styling, and hidden hardware adds to the refinement.

LED

PERFORMANCE

+ Refer to Page
630 for LED
Specifications

Our LED module is concealed near the top of the glass providing an evenly washed lighting effect. The beauty of this feature is the fact that it doesn't require a bulky socket assembly - we've integrated the overall design so the transition appearance from the fixture arm to the glass replicates a typical candelabra stem detail.

KHLOE

This Khloe collection features LEDs nested within modern, sculptural frames. The sconce's embedded LEDs throw light back toward the wall to create a warm glow on the backplate's metal insert which is stamped with a subtle linen pattern and finished in a contrasting tone to the fixture's overall anodized metal finish.

AUDRIE

With a sleek, sculptural shape, the Audrie Collection marries a glamorous Hollywood Regency silhouette with a modern LED-centric design. The LEDs are nested in the vertical body frames, emitting a warm glow from arms of the sconces.

ELLISTON

The Elliston bath collection brings LED technology and traditional design together to create a modern classic. A graceful, elliptical backplate supports the contemporary linear, cylindrical shade housing the LEDs which create a warm glow through the Etched Opal glass. The die-cast cap and ball details give the modern fixture a tailored look, whether installed horizontally or vertically. Cleverly hidden hardware ensures clean lines.

MADDISON

With understated crystal, the Maddison collection has clean, elegant lines. A cast metal detail is the transition between the Opal Etched glass shades and the thick, clear crystal detail at the base of each light. Inspired by modern perfume bottles, the crystal is chunky and robust in this transitional design. Cleverly hidden hardware maintains the clean lines.

CUPERTINO

Inspired by upscale bathroom accessories, the Cupertino bath collection's transitional design complements any décor. Each cup-shaped shade is made of White Opal glass and permanently sits in a decorative base featuring a cut-out pattern. The die-cast backplates add crisp detail to the design with cut corners and a raised pyramid profile. Cleverly hidden hardware adds to the refinement.

EASTWOOD

The sophistication of the transitional Eastwood bath collection complements a wide array of décor. A soft, scalloped motif die cast into the shade caps and backplate create subtle detail. A sleek, metal trim around the shades' open edges and cleverly hidden hardware create a tailored finish. For design flexibility, the fixtures may be installed facing up or down.

XAVIERRE

"X" marks the spot of the Xavierre bath collection. A subtle "X" design detail on the base of each light brings a more tailored, masculine style to these fixtures in an understated and refined way. The nicely tapered, glass shades and the cleverly hidden hardware also contribute to the clean, classic aesthetic.

ROUEN

Inspired by the French city, the Rouen bath collection is as beautiful and refined as its namesake. Subtle Art Deco - Inspired crystal accents anchor the base of each light, while tapered closed-bottom shades hide the lamping. An elegantly raised step-out detail is seen in the crystals, backplates and arms. Cleverly hidden hardware ensures the clean lines aren't interrupted.

ILLUMINANT

Named for the vintage, hand-held viewers with candles shining behind images, the Illuminant bath collection is a modern interpretation of a historic silhouette. Within a contemporary square frame, an oval pane of Pressed Water glass diffuses light with its dense texture. Anchored by a sleek backplate, these fixtures deliver a modern design element with a nod to the past.

SUMMERDALE

Like ribbons blowing in a summer breeze, the soft, organic body line of the Summerdale collection is created by using a uniquely flat arm stock, with each arm flowing outward to meet the others, beneath each bell-shaped, Opal Etched White glass shade. This light and airy design is a perfect complement to a wide range of décor.

PREAKNESS

The Preakness collection echoes the styling of dressage bridle. Satin Nickel and Polished Nickel finishes alternate to elegantly highlight the structure. The tapered, matte glass shades have closed bottoms so lamping is hidden.

CONCORD

The Concord bath lighting collection of wall sconces and bath bars has its roots in the Colonial era. The classic styling features a goose-neck arm, leading to four-sided, Opal Etched glass shades with beveled corners and a cleanly chamfered back plate with a cut corner detail.

SULLIVAN

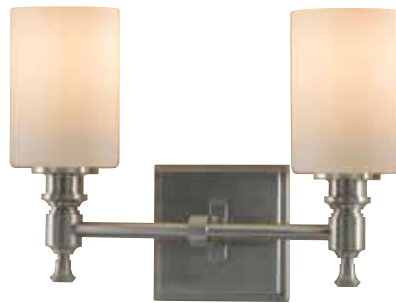

Installed facing up or down, the Sullivan bath collection makes a strong statement. The clean lines of the cylindrical Opal Etched glass shades are a nice foil to the turned fitters.

AMERICAN FOURSQUARE

Taking its design cue from Prairie Box homes built circa the early 20th Century, the American Foursquare collection is a contemporary interpretation of a classic American look.

The square shape of the cast glass is carried through the arms all the way to the backplate.

DELANEY

The Delaney bath lighting collection of wall sconces and bath bars brings contemporary styling to a classic profile. The four-sided Opal Etched glass shades are finished with a robust decorative finial, while the smooth, square back plate bows out with the slightest hint of an arc.

BENTLEY

- Chrome (CH)

BENTLEY

Clean and crisp characterize the Bentley collection. The Chrome finished arms project from the bottom of the backplate, allowing the concentric motif on the face of the backplate to be a design feature. The light cups have the look of a turned spindle and when coupled with the clean lines of the glass shades become a modern classic.

BLEEKER STREET

The Bleeker Street collection takes a contemporary twist on the traditional vanity light. The elliptical glass shades with squared-off edges sit atop a sleek bar which is underscored by a softly curved expance below as a decorative detail. Offered in three finishes and two glass choices, the collection is as versatile as it is attractive.

BOULEVARD

A stylish interpretation of the simplicity characterized by both Asian and Shaker style is evident in the expansive Boulevard collection. Every element is both functional and stylish. At home in both a sophisticated metropolitan apartment as well as in a more rustic country home, the pieces will endure with timeless style.

HUNTLEY

Inspired by the rich, rustic design of ranch ironwork, the Huntley Collection is characterized as mountain luxe. The arms are cast to achieve superior quality and detail. The mouth-blown, Ivory Powder Frit glass creates a delicate feathered detail, like a glowing candle. Ships with two finial options – a simple disk or a drip cup detail which complements the bobèche.

ARIS

The movement and warm glow of the Amber Swirl art glass is the central design theme of the transitional Aris collection. Inner cylinders of White Opal Etched glass give the illusion of a candle glowing behind the dramatically slumped surface of the outer art glass panels.

VINTNER

Wine glass-shaped, Opal Etched glass shades inspired the Vintner collection's name and are finished with a beautiful ripple accent at the base. At the transition point, a decorative sphere detail acts as a perch for each glass shade.

BRISTOL

The White Alabaster glass shades of the Bristol collection bring exceptional warmth and beauty to this subtle design. The delicately flared shades extend from gently curved arms reaching from the round backplate and are finished with small, orb finials at both ends to reinforce the curvaceous motif.

STANDISH

The Colonial inspiration is clear in the design and the name of the Standish collection—after Myles Standish who arrived in Plymouth on the Mayflower. The simple and delicate curves reinforce the Colonial styling and complement the tulip-shaped, glass shades

CLARIDGE

Versatile and streamlined, the Claridge collection has a transitional design to enhance a wide array of bathroom décor. The subtly flared glass shades are the perfect complement to the softly curved arms which dip down from the backplate and then rise up again at each end.

PERRY

The contemporary Perry collection is fitting for all styles of bathrooms. The vanity fixtures have graceful gooseneck arms arcing out from the backplate, and the chandeliers, which come in either uplight or downlight versions, provide a crisp, clean look while making a declarative statement.

CAPRICE

The Caprice Collection reflects the look of casual, coastal design starting with its Chalk Wash finish. This soft look is complemented by the relaxed, Belgium linen shades and the Selenite rough-cut crystals (which are removable) which add to the nature-inspired design. Reminiscent of the shoreline, the delicate arms represent waves washing ashore.

AVELINE

Inspired by a bride's wedding jewelry and veil, the romantic, delicate details of the Aveline Collection bring a special element to a traditional silhouette. There are three sweeping chains draped from arm to arm with alternating crystals and ghost pearls. The shades are made of luxurious organza with a touch of gray trim for a tailored finish.

EL NIDO

Spanish for "the nest," the El Nido collection's name and inspiration is clearly interpreted in this contemporary design. Flat arms extend and overlap into a geometric bowl shape, forming a nest upon which the Striated Ivory glass shades rest. The overall silhouette has clean lines while still delivering the desired drama.

ETHAN

The Ethan lighting collection is a contemporary take on the strong verticals and horizontals of the elegantly simple Asian influences of the Mission style. The dark Antique Forged Iron finish contrasts dramatically with the Brushed Steel candle tubes and sleek Clear glass surrounds, which ingeniously can all be removed and run through the dishwasher to keep them sparkling clear.

TUSCAN VILLA

This casual yet elegant collection evokes the look of undulating, overlapping vines through the creative use of curved rectangular tubing. The gently scalloped Champagne Scavo glass on some pieces appears to be budding flowers on the vine, while the soft lined beige silk shades top others.

EMMA

European detailing is the hallmark of the Emma collection. The Cream Etched glass shades have pleated details reminiscent of a woman's skirt flowing side to side while partaking in a charming countryside dance.

CERVANTES

This rustic European country-inspired collection features 18th century details and a unique double arm design with a dramatic swirl upsweeping into the flat arms extending to the crown. The hand spun candle cup and bobèche coupled with the Frosted Amber glass add to the appeal and create the ambient atmosphere of a warm, neighborhood pub.

LEDGEN D

The Legend outdoor wall sconces are modern and dramatic, making a significant design statement as visitors reach the front door. Energy efficient and long-lasting LEDs direct light forward through off-set openings inspired by stacked flagstone, as well as shining up and down.

PEDIMENT

The crowning detail of the traditional Pediment outdoor collection is its classically, curving roof line. The hinged and latched front panel adds a historical reference and also makes relamping easy. The Clear Seeded glass subtly obscures the lamping. This series is made out of stainless steel. Great for demanding environs.

LONDONTOWNE

The wall lanterns of the Londontowne outdoor collection boast 16 panes of glass framed with architectural details to complement the chamfered edges of the roof line. Dense bubbles in the Clear Seeded glass subtly obscure lamping. Made of a proprietary composition (with a 5-year warranty), the exterior has outstanding strength and durability to withstand harsh elements. Offered with incandescent or integrated LED lamping.

FEDERAL

The traditional Federal outdoor collection like the ubiquitous architectural style is simple, symmetrical and stately, which is seen in details such as the beautiful molding detail and the classic profile. The Clear Seeded glass subtly obscures the lamping, softly diffuses light and helps hide dirt. Made of a unique synthetic composition (with a 5-year warranty), the fixtures have exceptional durability to withstand the harshest elements.

LUMIÈRE

Based on French countryside influences and a hand-crafted, artisan aesthetic, the Lumière collection is rich in texture. Natural oak wood (kiln-dried to avoid cracking and weather well over time) is coupled with Seeded glass to complete the look. Lumière is also offered in all metal option without the cross-hatched wood.

VINTNER

The Vintner outdoor collection has Opal Etched glass shades surrounded by handsome transitional styling featuring a bell-shaped cap, four arms securing the shade in place and a C-shaped bracket transitioning to the backplate. Each fixture is made of sturdy aluminum construction to withstand the seasonal elements.

SALINGER

With a clean and sleek design not usually seen in outdoor fixtures, the Salinger outdoor wall lantern is elegantly simple, perfect to adorn more modern homes. The design is enhanced with an inner, Opal Etched glass diffuser—to create a softer light—within its clear glass exterior cylinder.

WELLFLEET

The Wellfleet outdoor collection features a ribbon detail known as an infinity motif. The Antique Linen glass shade obscures the lamping, nicely diffuses the light and hides any dirt. Made of a proprietary composition (with a 5-year warranty), the fixture has exceptional durability to withstand the harshest elements.

ENGLISH BRIDLE

This classic European pattern of undulating vines can be seen in wrought iron gates with countryside charm. The stately pattern is used as open work in the cage of the lantern and repeated in relief on the fitter, roof top, finials, font and back plate. Clear Seeded glass combines a clean look with the old-world charm.

FREEMONT

The uniquely designed Freemont collection marries the warehouse industrial trend with a fully modern High Gloss color palette and a touch of unexpected glamour with the use of crystals framed by the open detail in the fixture's crown.

DARBY & DEREK

Classic styling, rich Oil Rubbed Bronze finish and watertight construction allow the Darby and Derek outdoor wall sconces to work well in just about any outdoor location. Either a dome-shaped metal shade or chimney shade with a bottom cage feature are both mounted at the end of a gracefully curving arm from a round backplate.

AUGUST MOON

Born from Asian influences, the August Moon collection features an elegantly simple, linear motif seen in a Japanese garden. The collection is beautifully detailed in its stamped rectilinear fretwork, curved bottom frame and rectangular die-cast loop. The warm golden hue of the antique Excavation glass panels complements the Corinthian Bronze frame.

COLLECTION INDEX

For your convenience, we have listed all of our product in alphabetical order.

Adams	94-95	Colin	438
Adan	172-173	Colorado Springs	132-135
Alcott	346-353	Concord	462-463
Aliya	250-251	Corddello	354-355
Allier	146-149	Corinne	66-67
Alston	170-171	Cotswold Lane	564-569
Amalia	486	Cupertino	446-447
Amani	396-397	Dakota	552-555
Amari	392, 432	Darby	600
Amato	92-93	Declaration	96-97
American Foursquare	474-475	Delaney	476
Angelette	252-253	Derek	600
Arabesque	230-231, 506	Devonshire	398-399
Argento	391	Diamond	88-91
Aris	178-179, 489	Drawing Room	276-279, 512-513
Audrie	198-201, 429	Dutch	364-367
August Moon	614-615	Dutchess	270-271
Aveline	196-197, 505	Eastwood	448-449
Azalia	212-213, 506	Edgebrook	424-425
Barrington	106-113, 402, 409, 488	El Nido	176-177, 507
Baskin	338-339	Elliot	400
Baton Rouge	592-593	Elliston	430-431
Beckett	403, 410, 481	Emma	516
Bellini	265	English Bridle	594-595
Bentley	477	Ethan	158-161, 510
Beso	388-389	Federal	542-543
Blake	438	Fording	72-73
Bleeker Street	482-483	Freemont	356-359, 598-599
