U.S. Made Temp Light Stringer's

Indoor / Outdoor Use

DELUXE SERIES

Bergen's Deluxe (GL Series) is an indoor / outdoor Hard Usage, temp light system. Available in 14/2 (black), & 12/2 (yellow) construction each unit is constructed of heavy duty SJTW round cord. The GL series is OSHA & NEC compliant. Lampholders are spaced on 10ft centers & rated for 150 watts. Each unit is supplied with yellow plastic bulb protectors

Custom Units Available

Because we still manufacture in the U.S., Bergen is capable of making custom lengths & spacing for unique stringer applications. All Black 14/2 or Yellow 12/2 STW units available with minimum of 12" spacing between sockets. Commonly used for restaurant patios, outdoor festivals to small work areas, think of Bergen for all your custom stringer needs.

Available with Metal Guards

COLORS

A quick low cost way to change the color of any room or area to create atmosphere

MATRIX
Glare Reducer
- Dims lamp output
- Creates a smoother, softer light
- Eliminates hot spots in fixture

ACCESSORY
Lamp Lock
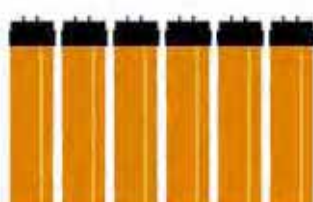

UV Filtering

MADE IN AMERICA

UV filtering tubes eliminate virtually all UV radiation (over 99%) and thereby retard photochemical degradation in textiles, water colors, historical documents, works of art & other sensitive display items. These UV Tube Guards are used in museums, art galleries. libraries, classrooms & other areas where the prevention of UV degradation is critical.

CLEAR - 390nm

AMBER - 540nm

RED - 600nm
