GOLDEN LIGHTING

Founded in 1982, Golden Lighting was established as an importer of manufactured products. During the 1990s, the company uncovered significant distribution opportunities in the decorative residential lighting market. Today, Golden Lighting has a full design department, and sells decorative lighting throughout the United States and Canada.

Golden Lighting has an outstanding reputation for understanding customer needs and incorporating those needs into its product designs. Strong industry awareness, a high level of customer service and a dedicated team of highly trained sales professionals are hallmarks that have solidified Golden's position as a leader in the residential lighting industry.

DESIGN DIRECTION

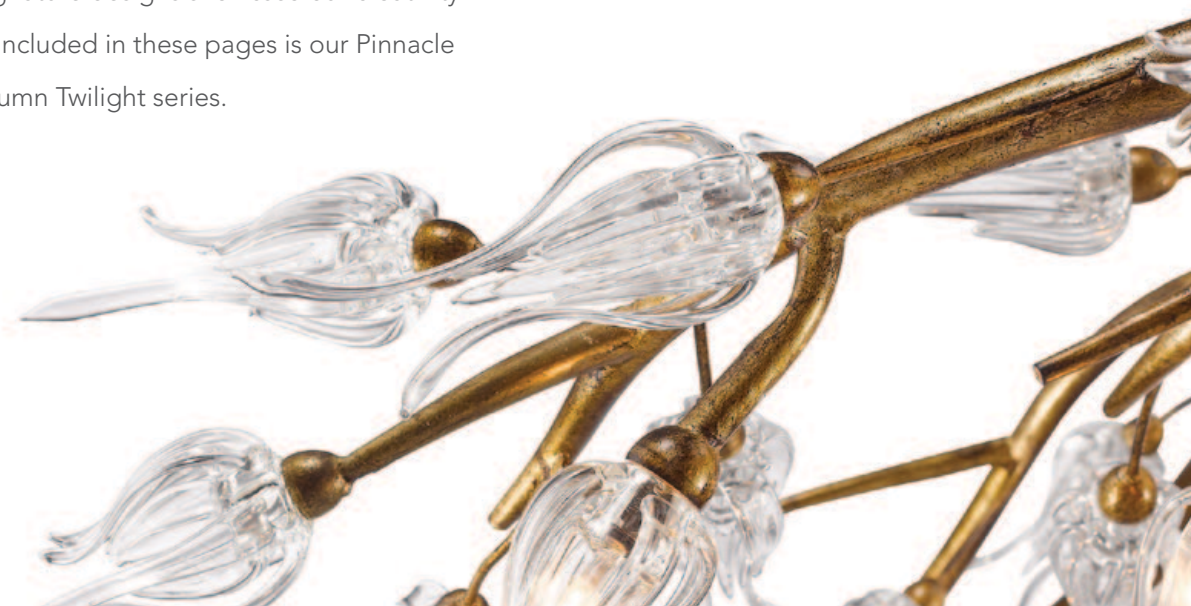

Combining customers' needs with the latest in home fashion trends allows us to continue to be a leader in quality lighting design. We are a customer-centric organization. Our mission is to deliver an exceptional experience by providing top-notch service and fashionable, quality, lighting designs through a passionate team that cares. We know that good customer service and great design both start with a solid understanding of customer needs.

In order to fully understand these needs, our team travels extensively to meet with and gain valuable feedback from customers. In addition, we travel globally seeking style inspiration and staying abreast of the latest industry trends. This customer oriented ideology allows us to continuously bring elegant, high-quality designs to the marketplace.

Signature

These collections have the unmistakable Golden Lighting mark. They uniquely represent the Golden Lighting brand. A celebration of our rich history and our ever-evolving product line, the signature designs showcase our creativity and inventiveness. Included in these pages is our Pinnacle Award-winning Autumn Twilight series.

Smithsonian

These collections proudly bear the name of the prestigious Smithsonian Institution. Varying in style, design, and inspiration, these collections were all created in collaboration with the world's largest museum and research complex. This partnership adds Golden Lighting to a short list of home décor manufacturers currently collaborating with the Institution to create products which tell the stories of its treasures.

RUSTIC

Sometimes, it just feels good to go back to your roots... back to the basics. If you find beauty in strength or comfort in the practical, these collections are what you seek. Featuring natural weathered woods, worn finishes, forged iron, and unrefined textures, these Rustic designs are earthy and have a strong, masculine quality.

These updated classics blend traditional charm with modern elements. When done well, the result is a beautiful balanced look that combines old with new. Transitional style has a casual adaptability that is characterized by muted tones, simple lines and understated elegance. Featuring multi-faceted textures and finishes, these versatile styles are anything but boring.

Transitional

A transitional, industrial-chic design, Colson is versatile, but ideal for lofts, farmhouses and contemporary interiors.

Dimensions and specifications in this catalog are approximate and based on the most current information possible at the time of publication. Golden Lighting reserves the right to make design changes and modifications without prior notice. Golden Lighting products are UL/CUL approved. Unless otherwise noted as pending, wattages stated are the maximum recommended; however, lower wattages may be used. Bulbs are not included unless otherwise noted. Larger fixtures may require reinforced outlet boxes and additional support. Receipt or possession of this catalog does not constitute an agreement to sell.

We strive to make sure the finish samples shown in this catalog match the actual finish of the product, however, finishes may vary due to multiple chemical processes and the very nature of handcraftsmanship.
