Brother Mobile Solutions, Inc.

Brother Mobile Solutions offers a wide range of mobile printing and mobile and desktop labeling solutions designed to help improve performance and efficiency on the road, on the shop floor and in the warehouse.

Through its network of authorized partners and ISVs it creates and delivers customized solutions designed specifically to meet the mobile printing and mobile and desktop labeling needs of customers in key markets. These markets include public safety, route accounting, field service, pest management, public utility field operations, insurance, manufacturing, warehousing, datacom and telecom services, and healthcare/laboratories.

Its solutions for these markets are built on its own product line, which currently includes reliable, compact, mobile thermal full-page printers; rugged small-format thermal receipt and label printers; handheld and desktop laminated label printers; and wide-format, desktop thermal paper label printers. A variety of media and accessories for these products are available through authorized Brother Mobile Solutions partners.

Custom engineering and enhanced technical and field support directly from Brother Mobile Solutions help its authorized partners and ISVs craft the ideal mobile printing and mobile and desktop labeling solutions for their customers.

Headquartered in Broomfield, CO., Brother Mobile Solutions, Inc. is a wholly owned subsidiary of Brother International Corporation, which in turn is a business unit of the Global Brother Group of companies that employs over 14,000 people worldwide in design, engineering, manufacturing and sales functions.
