LIMITED LIFETIME WARRANTY

54094 - Textured White Finish
with Swirled Marble Glass

A unique take on traditional classic, this ceiling fan from Hunter's Caribbean Breeze collection adds a tropical focal point to any living room, master bedroom, or other large room. The ceiling fan features a textured white finish and five 54-inch cream-colored wicker blades that infuse a sense of good living into any setting. In addition to its beautiful craftsmanship, the ceiling fan offers reliable operation and cost savings throughout the year. Use it to create a cooling breeze in the summer or to circulate warm air in the winter. The ceiling fan's AVT hanging system makes installation a snap, even for the most novice do-it-yourselfer, while its Installer's Choice three-position mounting system allows for hanging the fan in a standard, flush, or angled position. The ceiling fan also offers three speed settings, whisper-quiet performance and smooth-running operation thanks to its WhisperWind® motor. Also included is an optional wicker bowl light fixture, which uses two 60-watt candelabra bulbs (included).

FEATURES

- Included pull chain allows for quick and easy on/off and speed adjustments
- Fan can be installed with or without light kit
- Provides ambient lighting
- Includes 2 Candelabra Incandescent bulbs
- Includes 5 reversible blades
- Motor size: 172 x 20

59033 - New Bronze Finish
with Italian Amber Scavo Glass

Beauty, innovation, comfort, and energy savings all come together stylishly in the Four Seasons™ Heater Fan giving you the best of both worlds – enhancing your home’s décor while increasing its energy efficiency! The Westover is unique among ceiling fans in that it features a 700-watt Illumi-Heat Lighting Fixture and PTC ceramic heating element that can keep your home feeling cozy during colder months. The aerodynamic design directs heat downward, and the fan offers three-speed downdraft and updraft options. Also, the blades help circulate heat evenly throughout a room, helping to prevent cold spots and to lengthen the time between each heat cycle. Designed with homeowners in mind, this fan features Hunter’s patented EZ Hang Mounting System, which makes installation simple and safe. And the Westover installs just like a standard ceiling fan with no dedicated circuit required

FEATURES

- Included pull chain allows for quick and easy on/off and speed adjustments

MASTERPIECE SERIES

GREAT ROOM 72 INCHES	COVERED OUTDOOR/INDOOR HFC-72
 DAMP RATED	 PULL CHAIN
3 MOUNTING OPTIONS: Low • Standard • Angled Ceiling PULL CHAIN OPERATION LIMITED LIFETIME WARRANTY	

Introducing the 72" Industrial Ceiling Fan. It is designed to significantly improve air circulation in large spaces like vaulted living rooms, pole barns, and industrial buildings. The large blades do the work - it turns at lower speeds than a standard ceiling fan yet moves much more air (CFM) because of its long 72" aluminum blade span. With this fan, you get the air circulation you need to regulate room temperature and keep heating costs down without the wind and breeze created by smaller fans. As a special feature, the HFC-72 can be installed as a 3 blade fan. The fan is also damp rated for use in covered porches, patios, and sunrooms.

FEATURES

- ETL Damp-rated for enclosed porches, covered patios, greenhouses, and more.
- Included pull chain allows for quick and easy on/off and speed adjustments
- Can be installed with 3 or 6 blades
- Motor size: 212 x 35
- 11" downrod included to ensure proper distance from the ceiling and optimize air movement
- ENERGY STAR® certified motor ensures superior energy efficiency with maximum performance to help save you money
- WhisperWind® motor delivers ultra-powerful air movement with whisper-quiet performance so you get the cooling power you want without the noise you don't

MASTERPIECE SERIES

GREAT ROOM 96 INCHES	COVERED OUTDOOR/INDOOR HFC-96
 DAMP RATED	 PULL CHAIN
3 MOUNTING OPTIONS: Low • Standard • Angled Ceiling PULL CHAIN OPERATION LIMITED LIFETIME WARRANTY	

Introducing the 96" Industrial Ceiling Fan. It is designed to significantly improve air circulation in large spaces like vaulted living rooms, pole barns, and industrial buildings. The large blades do the work - it turns at lower speeds than a standard ceiling fan yet moves much more air (CFM) because of its long 96" aluminum blade span. With this fan, you get the air circulation you need to regulate room temperature and keep heating costs down without the wind and breeze created by smaller fans. As a special feature, the HFC-96 can be installed as a 3 blade fan. With that configuration, it turns at 58 RPM and moves 11,899 CFM. The fan is also damp rated for use in covered porches, patios, and sunrooms.

FEATURES

- ETL Damp-rated for enclosed porches, covered patios, greenhouses, and more.
- Included pull chain allows for quick and easy on/off and speed adjustments
- Can be installed with 3 or 6 blades
- Motor size: 212 x 35
