ARDMORE

Finish: Brushed Nickel

Glass: Clear Holophane

With a fresh take on classic lighting, the Ardmore collection is contemporary and stylish. The clear holophane glass is crosscut to refract the light evenly and slightly obscure the view of the bulb. The soft brushed nickel finish beautifully enhances the frame and socket details. Combine mini pendants and a chandelier for a perfectly polished kitchen or freshen up your powder room with a vanity light.

A spiral sensation, the Blacksmith's bold ironwork moves in soft curves along an orb-shaped silhouette. The old black finish includes accents of charcoal and dark silver for a sultry smokelike effect. The candles are fitted with cylindrical shades in frosted glass that soften the light of this stunning collection.
