

# Assembly Instructions For

# **F2746/6**

(E) 5/2012

## **IMPORTANT**

### **TURN OFF THE POWER AT THE MAIN FUSE OR CIRCUIT BREAKER BOX BEFORE STARTING INSTALLATION**

Carefully unpack and identify all parts before assembly. Bulbs not included.

1. Spread open the fixture arms so they are evenly spaced from each other.
2. Slip the top of the center pipe through the top section of the upper arms. Then install by screwing the center pipe onto the socket assembly.
3. Install top and bottom arms together and secure using the ball cap nut.
4. Install the fixture loop and cap onto the top of the fixture.
5. Install the bottom assembly onto the bottom of the fixture and secure using the finial.
6. A. Install the candle follower onto the candle tube.  
B. Install light bulb (not included). See relamping label at socket area for type and maximum allowed wattage.
7. Hang all decorative parts as shown on drawing.  
NOTE: Replace broken drop or pin by gently bending open the pin, remove the broken drop or pin, hook new the one, then close back the pin. Avoid bending the pin into a sharp angle.
8. Follow enclosed supplement installation instructions for electrical and fixture installation onto house outlet box. If you do not have an outlet box at desired location to attach the fixture then hire a qualified electrician to create one.
