

Instruction / Installation Sheet

DataComm Electronics Bracket-Mounted 2 GHz Splitters 70-0034 / 70-0036 / 70-0038

Video

- Attach a female F-connector onto the cable TV service or satellite service incoming cable.
- Screw the incoming cable with F-connector on the splitter F-connector marked “input”.
- Using F-connectors, terminate all coaxial leads that have been pulled through the enclosure opening to the video splitter.
- Screw these coaxial leads on the splitter F-connectors marked “output”.
- Align the four mounting pins with holes in the back of the panel (upper most position recommended) and snap into place.
