### For Replacing Existing Covers:

1. Unsnap existing 8" cover from center divider using screwdriver slot (screwdriver required).

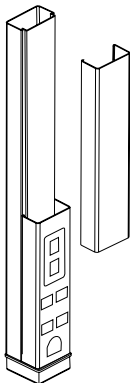

2. Snap on new cover to center divider.

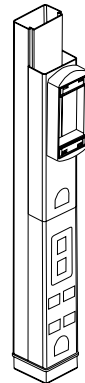

3. Snap on Activate™ bezel for 25DTC/AMTC-ACT covers. Refer to Activate instructions for installing inserts.

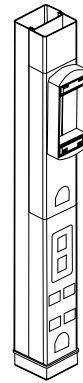

### For Adding Additional Cover:

1. Unsnap main cover from center divider (screwdriver required).

2. Cut 8" off main cover. Snap on new communications cover to center divider.

3. Snap on main cover to center divider **with factory cut side placed at new seam** (cut cover edge is in ceiling).
