### Warnings and Cautions

Turn off electricity at circuit breaker or main fuse box before installation. Consult a licensed electrician if in doubt.

These instructions are provided for your safety. It is very important you read them completely before installing the fixture. We strongly recommend that a licensed, professional electrician perform the installation.

Disconnect fixture from power source before replacing bulbs. Make sure bulbs are given sufficient time to cool before removal. Do not subject glass parts to any shock while in operation or shattering may result.

- Carefully tuck cords between Socket Assembly and Base into the tube on Socket Assembly. Thread Socket Assembly onto the Base and hand tighten until snug.
- Place Shade over the Nipple on the top of Socket Assembly. Secure by threading Finial onto the Nipple. Hand tighten until snug.
- This fixture uses standard bulb with medium base. Maximum 75 watts. Insert bulb and screw snugly into place.

Your fixture is now assembled and ready to use. Enjoy!
