

MonoRail 4" Round Direct-End Power Feed

DESCRIPTION

A direct-end power feed brings power from a remote transformer to the rail at an end of the run and mounts to a wall perpendicular to the run. The low-voltage leads from the remote transformer are connected to the canopy leads inside the junction box.

INSTALLATION

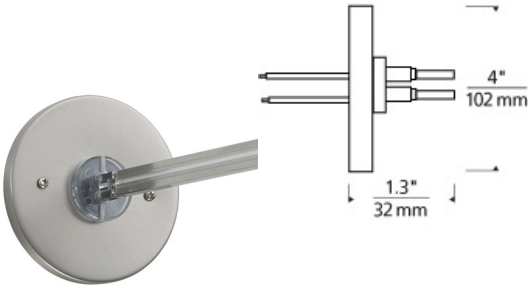

This product can mount to either a 4" square electrical box with round plaster ring or an octagon electrical box (not included).

OTHER

For use with a single-feed remote transformer (sold separately.)

WEIGHT

0.93lb / 0.42kg ±
