exceleent unit for my camper kitchen

I bought this unit for my "skoolie" camper conversion. It is the perfect size and evacuates all the leftover smells and lets the condensation out while we are cooking. If anyone knows about cooking in a camper or other confined space, you can appreciate the removal of the leftover smells and condensation that will linger for days under these conditions, especially if it is raining outside.

Good replacement

My Broan Stainless steel variable speed , vented unit failed after 14 years I needed a suitable replacement quickly at this happened a week before Thanksgiving. Amazon had this replacement unit to me in 3 days. Fit perfectly.....i do miss the variable speed function. Overall a very good value !

Great Product

We bought your product. and the reason I am giving you this rating is only because over 1yr the fan button needed replacing. So no warranty. Meaning we needed to purchase not only a new fan but the button switch. Now its working perfectly.

We appreciate your review on the 403001 economy range hood. It is very unusual for there to be issues with this hood. We are very sorry you encountered problems so early after installing. Please know if you have further questions, you can contact our Technical Support directly at 800-637-1453. We thank you for your time.

New Range Hood

This Broan range hood fit the 37 year old space beautifully. Exceptionally quiet and effective at clearing smoke.
