# AUTO-TRANSFORMER AUTOXFMR 277:115 300VA C&C

Stepdown transformers and autotransformers are used when you need to connect a lower voltage device to a higher voltage source.

#### **Product data**

| General Information                 |                      |
|-------------------------------------|----------------------|
| Circuit Type                        | Transformer          |
| Ballast Type                        | Magnetic HID         |
| Base Model                          | 71A9741              |
| Core Size                           | 7/8" E/I             |
| Suitable For Outdoor Use            | Yes                  |
|                                     |                      |
| Operating and Electrical            |                      |
| Input Voltage                       | 277:120 or 120:277 V |
| Input Frequency                     | 60 Hz                |
| Input Current (Operating) (Nom)     | 1.1 A                |
| Rated Lamp Watts                    | 300 VA load W        |
|                                     |                      |
| Wiring                              |                      |
| Wire Striplength                    | 0.5 mm               |
| Wire Length By Color                | 12"                  |
| Wire Type                           | Stranded             |
| Remote Wiring Configuration Allowed | Yes                  |
|                                     |                      |
| Mechanical and Housing              |                      |
| Housing Material                    | NA                   |

| Housing                         | NA                          |
|---------------------------------|-----------------------------|
| Housing Dimensions              | NA                          |
|                                 |                             |
| Approval and Application        |                             |
| Approbation Marks               | ULR RoHS Compliant          |
| Femperature Marking             | NA                          |
| UL Recognized                   | Yes                         |
| UL Insulation Class             | H(180°C)                    |
| UL Temperature Code             | NA                          |
|                                 |                             |
| Product Data                    |                             |
| Order product name              | AUTO-TRANSFORMER 71A9741600 |
| EAN/UPC - Product               | 781087974162                |
| Order code                      | 71A9741600                  |
| Numerator - Quantity Per Pack   | 1                           |
| Numerator - Packs per outer box | 16                          |
| Material Nr. (12NC)             | 913700550709                |
| Net Weight (Piece)              | 1.475 kg                    |
