Louver Plate Kits

Catalog Number: AVK34
US List Price (USD): \$24.51

Model Code:

- 24920

Bulletin Number:

- D85

Description

Description:

Designed to provide ventilation in enclosures where excessive internal heat or excessive moisture is a problem. Although louvers cannot keep all moisture out of an enclosure, gasketing or sealing the perimeter of the louver plate reduces problems associated with moisture intrusion. These kits may be easily installed in the field by making a cutout of the proper size and attaching the louver plate in place. Louver plates are made from 14 gauge steel with an ANSI 61 gray polyester powder finish over pretreated surfaces or 316 stainless steel. Hardware is furnished for mounting. Custom sizes, materials, finishes, etc., can be provided on special order.

Notes:

Reference the Spec Sheet in the Downloads tab for complete product specifications.
