

DESKTOP POWER CENTER WITH SURGE

WSC320-S | [Wiremold](#)

FEATURES & BENEFITS

The Desktop Power Center is a solution to provide power and USB charging at the work surface. It utilizes the existing cord drop openings in current office desks and workspace table tops. Also provided is an alternative mounting method which latches onto the side of a desk or table top.

- **Add power where needed.** Brings access to power up to the work surface with three surge protected 15 Amp power outlets and 2 USB power outlets.
- **Ideal for desk or work table.** Included edge clamp or hole mounting hardware provide everything you need to install the unit to any work surface.
- **Accommodates round hole openings from 1 3/4" to 3".** Unit accommodates a range of available standard openings to provide more installation flexibility.
- **6' power cord.** Provides increased flexibility by extending access to power sources.
- **Surge protection built-in.** No need to install an additional power management component.
- This product meets the material restrictions of RoHS.
