Snap-N-Stac Combo Spacers & Accessories

T&B Catalog Number:

SP4W30-2

UPC Number:

03448118939

Status:

Active

Description:

4 inch Two way Snap-N-Stac non-metallic combo spacer with 3 inch separation.

Features

Snap-N-Stac Combo Duct Spacers are specifically designed to replace the two-piece base and intermediate spacer system, by combining the conventional base and intermediate spacer into a single unit.

Manufactured out of highly engineered thermoplastic material, Snap-N-Stac spacers are strong, durable and able to withstand the rigors of concrete construction.

Innovative horizontal and EXCLUSIVE vertical locking system, and can be used as either a base or intermediate spacer.

Available in one-way, two-way and three-way configurations. One-way and three-way available in sizes 2 in. and 4 in.

They accept 2, 3, 4, 5 and 6 in. pipe and can be installed horizontally, vertically or turned upright for unique duct bank configurations.

Non-metallic, non-corrosive and non-conductive.

Application

Snap-N-Stac Spacers are recommended for concrete-encased applications only.

Product Overview-Spacers Available on Website

Notes

The use of duct spacers for direct burial may result in excessive point deflections unless proper design

engineering is applied, such as the proper compaction of the appropriate backfill material.

Certifications

RoHS Compliance	Yes
