

Timer Controls: Mechanical Countdown Timers

FF34H | Spring Wound Countdown Timer - Commercial

FF34H

SPRING WOUND COUNTDOWN TIMER - COMMERCIAL

The FF Series Commercial Countdown Timers are designed to replace any standard wall switch and do not require electricity to operate. These energy-efficient switches automatically limit the ON times for fans, lighting, motors, heaters, and other energy consuming loads. A commercial "brushed metal" look plate (plastic construction) meets NEC requirements.

Features & Applications

Features

- No electricity required to operate
- Replaces any standard or decorator single or multi-gang wall switch
- Automatically limits ON time for energy consuming loads
- Quick and easy installation
- Time-saving up front terminal connection with teeter-type terminals
- Brushed metal look switch plate meets NEC requirements (plate is included)
- Incandescent/fluorescent/CFL/LED compatible
- No neutral connection is required

Applications

- Bathroom Fans
- Spas
- Hot Tubs
- Storage Closets
- Garage Lights
