

## Timer Controls: Electronic Countdown Timers

### EI220 | Electronic Countdown Timer with Preset Times

## EI220

### **ELECTRONIC COUNTDOWN TIMER WITH PRESET TIMES**

This timer requires no programming; preset countdown times are activated by pressing a single button. Silent operation makes this timer ideal for applications where the noise of mechanical countdown timers is of concern.

#### Features & Applications

#### Features

- Provides silent operation in time ranges from five minutes to 12 hours

#### Applications

- Bathroom Fans
- Spas
- Hot Tubs

- Single-button time selection, with some models having a HOLD mode, for continuous ON operation
- Replaces single-pole switches in a variety of applications
- Incandescent/fluorescent/CFL/LED compatible
- For use with decorator-style wall plate (not included)
- Requires neutral connection
- Storage Closets
- Garage Lights
