Rigid/IMC Conduit Bodies, Covers & Gaskets

T&B Catalog Number:

LR27CG-TB

UPC Number:

78621091693

Status:

Active

Description:

3/4 in. Form 7 (LR) Pre-assembled Conduit Body, Cover & Gasket. Body material-Gray Iron/Zinc plating and baked-on Epoxy Powder Coat with BlueKote internal coating. Cover material & finish-Stamped steel/Zinc plating.

Features

BlueKote Teflon based internal finish provides a slick, easy-glide internal surface which significantly lowers the amount of force necessary to pull wires.

Eliminates rough internal surfaces that can cut into cable jacket, insulation and conductors during pulling and also reduces installation time and risk of installer strain.

Triple-layer protection...including two layers of epoxy coating which stops corrosion in its tracks.

Bodies are designed with a flat back, allowing more cubic inch capacity.

T&B Form 7 bodies and covers are interchangeable with Crouse-Hinds and Appleton's Form 7 bodies and covers.

Application

Conduit bodies are installed in conduit systems to connect sections, act as pull outlets when conductors are being installed and provide easy access for splices in branch conductors.

Conduit bodies make 90 degree bends in conduit runs, act as mounting outlets for wiring devices and lighting fixtures and to provide access to conductors for maintenance and future system changes.

General

Trade Size (inches)	3/4
Material	Gray Iron
Finish	Zinc Plated with Epoxy Powder Coat
Internal Finish	BlueKote
Volume (cu.in.)	6.6
Conduit Body Shape	LR

Dimension Information

Dimension A (inches)	5.25
Dimension B (inches)	1.60
Dimension C (inches)	1.65
Dimension D (inches)	1.15
Dimension E (inches)	3.80
