

1-GANG LV SCREW ON BRACKET FOR NEW CONSTRUCTION

PLV1S | [Pass & Seymour](#)

FEATURES & BENEFITS

Designed for use in single gang openings, the 1-Gang LV Screw on Bracket is ideal for low voltage installations such as keystone wall plates and audio keypads. Intended for new construction projects, this bracket installs easily and securely with the included screws. The bracket features a top opening for integrated cable management and easy connections.

- Constructed with rigid, durable plastic, the bracket installs securely with heavy, full-sized screws
- Spacious opening accommodates larger devices and makes wiring a breeze
- Features top opening for convenient cable management
