What's New at EW?

Guilford Rebranding

As of June 1st, 2018 the HZ Electric supply Guilford Branch will be rebranded as an Electrical Wholesalers (EW) branch. The branch is located at 200A Village Walk Plaza in Guilford, CT. We believe that the addition of the Guilford Branch to the EW family will help form a stronger more focused distribution for all your electrical needs in this region.

Along with these exciting changes we would like to announce that Jerry Ginsberg has recently accepted the new role as Sales Manager for this region and Clinton DeGroat current manager of our EW New Haven branch will now be taking on the additional responsibility of managing the Guilford branch. Serena Wall will continue as the Assistant Branch Manager in Guilford and Frank Sacco and Mike Morse will continue to bring great customer service at our Guilford counter.

Please feel free to stop by our newest branch.

EW Website

Price Increases

Throughout June, the following vendors will be implementing price increases:

Fantech
Jasco Batteries
Caddy/Erico
Arlington
Acuity
Crouse Hinds
Eaton Wiring
Eaton Cutler Hammer

EXPRESS WILL CALL

FASTLANE

PICK-UP AREA

Coming Soon! Be on the lookout for the new express will call service coming to select EW locations. Order your supplies online an hour in advance. When you get to the participating branch, go to the marked FASTLANE area and pick up your products. Dodge the lines and grab your supplies as quickly and efficiently as possible. This service will be available in the New Haven, New Britain, and Waterbury locations.
