### Safety Message

One of the many new additions to the 2018 edition of NFPA 70E is the term “priority,” which states, “105.4, Priority: Hazard

### In the Industry

Decora Smart to Work with Nest Products

Leviton, a leading provider of wireless smart home technology, announced today its latest integration with the Nest Learning Thermostat, Nest Cam, and Nest Protect through the works with Nest program. Through this alignment, Leviton Decora Smart with Wi-Fi Technology and Nest devices can now be utilized together to automate lights and connected loads throughout the home.

### Ecommerce Message

Our ecommerce site is now up and running!

elimination shall be the first priority in the implementation of safety-related work practices.”

Hazard elimination also happens to be the first step in the risk control hierarchy that is listed in 110.1(H)(3). By now, the concept of hazard elimination and the electrically safe work condition should be firmly drilled into the brains of everyone who works on or near electrical power systems. If not, start drilling!
