Industry News

According to the recently released "2018 International Energy Efficiency Scorecard," a report released every two years by the American Council for an Energy Efficient Economy (ACEEE), which ranks 25 nations (representing 78 percent of all energy consumed on the planet) on 36 energy-efficiency metrics, the five most energy-efficient nations are...

Why Arc Fault Protection is Not Enough

Each year, arc faults are responsible for more than 28,000 home fires, injuring or killing hundreds of people and causing more than $700 million in property damage. Yet, arc fault circuit protection is still only mandated for 70% of a home's electrical circuits...

Ecommerce Message

We have done some great retuning to of our e-commerce website and now search works a lot better. We have gone to great lengths with each product to include spec sheets, instruction manuals, and brochures. So if you want to look up a product, research it, check your account price, and see if we have it in stock, the easiest way to do that is our e-commerce website. You can place the order there or call/e-mail your sales rep. **Try it!**

Price Increases

The following vendors will have price increases starting July 1st:

- Bussman
- Edwards
- Arlington
- Cooper Lighting
- Mulberry
- Oldcastle
- 3M
- NSL

New Products
