## Price Increases

Throughout May, the following vendors will be

### Pittsfield License Renewal

Effective for the 2019 renewal cycle, the Board of State Examiners of Electricians now requires all licensees to renew online through the Division of Professional Licensure's (DPL) [e-Place Portal](#). We are inviting you to a full day event on June 21st where you can speak with representatives from the Commonwealth of Massachusetts. They will be at our Pittsfield Branch from 7am-5pm to answer questions and concerns and most importantly, help get your license renewed.

### Car Charging Stations

Have your business go green this summer by installing electric car charging stations. With an increase in environmentally conscious clients, businesses will benefit greatly from the added service. Our stock of electric car charging stations fit in well in commercial and municipal facilities including parking lots of offices or apartment buildings.

Our MA and NY markets also offer unique programs to help you save money on your electric car charging applications. The Beneficial Electrification Program provides our MA customers with all of the infrastructure wiring up to the car charger at no cost to most commercial applications. For some locations, there are additional rebates available that will also cover the cost of the charging unit.

ETi

Philips Lighting

ABB/Carlson

Maxis

Topaz

ABB/GE

Lambro

Edison Price

Generac

For New York, there is a state income tax credit for 50% of the cost of the charger up to \$5000! There are also additional incentives in some areas. We can work with customers to identify the best programs available in their area.

We will be taking part in this initiative by installing electric car charging stations at our branch locations where feasible.

For More Information, please contact our Energy Department!

### Quazite Boxes

Summer's here bringing with it soft ground, perfect for installing composite boxes. Our Central Distribution Center in Middletown, CT carries the largest stock of Quazite boxes in the area including over 30 sizes of Quazite boxes up to 36"x72" available. While your trench is open, don't forget to pick up PVC pipe. We can supply you with schedule 40 or schedule 80 pipe in either 10ft or 20 ft sections with sizes from 1/2" to 6".

## New Products

### Flex DC Exhaust Fan

AE50-110DC  
AE50-110DCL  
AE50-110DCS
