Upstream Program

HZ Electric Supply proudly offers utility incentives through our CT Save program. You can save money on some of our most popular lighting products including LED Flat Panels, High Bays, Downlights, and lamps. This incentive is acquired after your purchase and is provided by the incentive provider who will send someone out to your site after 30 days for inspection. Reach out to our Energy Solutions Team for more information on energy saving solutions and products by emailing [energysolutions@usesi.com!](mailto:energysolutions@usesi.com)

Tariff Information

Dear Valued Customers,

Over the past 8 months, many of you have heard the national news regarding the Trade disputes between the United States and China. As many of products we distribute and sell contain components that are manufactured and shipped from China, these tariffs have a major impact on costs of these products.

As you may or may not know, negotiations between the 2 countries have not resulted in any agreement to abolish the proposed tariffs. With this, the United States will impose a 10% - 25% tariff on imported Chinese goods These tariffs when into effect at 12:01 AM as of Friday, May 10, 2019. As of this writing, talks and negotiations will continue.
