

Staying Safe on the job during COVID-19.

In an effort to help our customers stay safe during this challenging time, we have come up with a list of ways we can help you maintain social distancing guidelines and utilize a smaller crew on job sites.

✉ SolutionsR22A@usesi.com

Order Ahead

Place your order ahead of time on our website, mobile apps, or by calling or emailing your sales rep or branch associate for curbside pickup or delivery.

Fixture Carts

Reduce the number of people needed to handle materials on the job site by getting unpackaged fixtures on mobile carts (with or without whips) delivered to you, allowing for highest efficiency installations.

Practice Social Distancing

Maintain at least a 6ft distance from others.

Prefab Capabilities

Reduce the number of people necessary at the job site and save time by utilizing our prefab solutions:

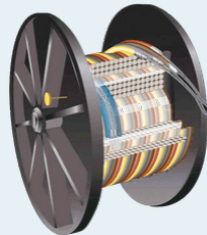

- Pipe Bending
- Pipe Threading & Cutting
- Strut Cutting & Assembly
- MC/RX Whips
- and more!

Southwire SIMpull™ Reel

Reduce the number of people needed to complete a wire pull by 60%! Only 1 person is needed to safely* move a reel that weighs up to 6,000lbs.

*On flat level floors

E-Commerce Website

- Place orders from your mobile device or computer until 7pm for delivery the next morning
- Reduce time spent searching for products using our barcode scanning feature
- Check real-time pricing and inventory
- View product specs

Jobsite Cages

We can deliver stocked cages to your job site to reduce the amount of orders and deliveries that need to be made. This also reduces the number of people needed to handle and manage material.
