310-325-5077  
22881 Lockness Avenue, Torrance, CA 90501

# TOY DRIVE

Walters Wholesale is proud to say we are collecting for Toys for Tots again this year. Last year, Toys for Tots was able to fulfill the Christmas dreams of 7.1 million children.

You can drop your toys off at any of the Walters branches. Our campaign will run from Nov. 14 thru Dec. 14, 2018.

If you have any question please contact:  
Tim Hyrny - Walters Wholesale  
714-784-1983 -

nvent  
**HOFFMAN**

### A NEW ANGLE ON PULLING WIRES

The new nVent HOFFMAN Angled Trough cuts total installation time by 80%. It eliminates the need for costly 90-degree conduit bends and offers flexibility for wire distribution, making it a time and cost saving solution for contractors.

#### Applications:

Wire distribution, junctions and terminations in a variety of indoor commercial applications. The Angled Trough is suitable for applications above, below or to the side of electrical panels in electrical rooms, above modular ceilings, and as a more flexible alternative to the traditional trough.

Keyword search: HOF HE

#### Features:

- Flexible install allows conduit runs through six sides of enclosure, including the front
- Patented \* angled design does not take up valuable real estate on the wall
- Easy mounting via holes on the back of the enclosure
- Unique design is easy to assemble and offers a removable cover
- Shipped completely assembled with no end caps to install

## PULLPro®
